§ 1061.1 Scope and purpose.

(a) This part applies to the submission and consideration of applications by State and local governments for exemption from preemption by statutes, standards, and regulations of the Consumer Product Safety Commission.

(b) This part implements section 26 of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2075), section 18 of the Federal Hazardous Substances Act (FHSA) (15 U.S.C. 1261n), section 16 of the Flammable Fabrics Act (FFA) (15 U.S.C. 1203), and section 7 of the Poison Prevention Packaging Act (PPPA) (15 U.S.C. 1476), all as amended.

§ 1061.2 Definitions.

For the purposes of this part:

(a) *Commission* means the Consumer Product Safety Commission.

(b) *Commission's statutory preemption provisions* and *statutory preemption provisions* means section 26 of the CPSA (15 U.S.C. 2075), section 18 of the FHSA (15 U.S.C. 1261n), section 16 of the FFA (15 U.S.C. 1203) and section 7 of the PPPA (15 U.S.C. 1476).

(c) *Commission statute, standard, or regulation* means a statute, standard, regulation, or requirement that is designated as having a preemptive effect by the Commission's statutory preemption provisions.

(d) *State* means a State, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, Wake Island, Midway Island, Kingman Reef, Johnston Island, the Canal Zone, American Samoa, or the Trust Territory of the Pacific Islands.

(e) *Local government* means any political subdivision of a State having the authority to establish or continue in effect any standard, regulation, or requirement that has the force of law and is applicable to a consumer product.

(f) *State or local requirement* means any statute, standard, regulation, ordinance, or other requirement that applies to a product regulated by the Commission, that is issued by a State or local government, and that is intended to have the force of law when in effect.

§ 1061.3 Statutory considerations.

(a) The Commission's statutory preemption provisions provide, generally, that whenever consumer products are subject to certain Commission statutes, standards, or regulations, a State or local requirement applicable to the same product is preempted, i.e., superseded and made unenforceable, if both are designed to protect against the same risk of injury or illness, unless the State or local requirement is identical to the Commission's statutory requirement, standard, or regulation. A State or local requirement is not preempted if the product it is applicable to is for the State or local government's own use and the requirement provides a higher degree of protection than the Commission's statutory requirement, standard, or regulation.

(b) The Commission's statutory preemption provisions provide, generally, that if a State or local government

wants to enforce its own requirement that is preempted, the State or local government must seek an exemption from the Commission before any such enforcement. The Commission may, by regulation, exempt a State or local requirement from preemption if it finds that the State or local requirement affords a significantly higher degree of protection than the Commission's statute, standard, or regulation, and that it does not unduly burden interstate commerce. Such findings must be included in any exemption regulation.

§ 1061.4 Threshold requirements for applications for exemption.

(a) The Commission will consider an application for preemption on its merits, only if the application demonstrates all of the following:

(1) The State or local requirement has been enacted or issued in final form by an authorized official or instrumentality of the State or local government. For purposes of this section, a State or local requirement may be considered to have been enacted or issued in final form even though it is preempted by a Commission standard or regulation.

(2) The applicant is an official or instrumentality of a State or local government having authority to act for, or on behalf of, that government in applying for an exemption from preemption for the safety requirement referred to in the application.

(3) The State or local requirement is preempted under a Commission statutory preemption provision by a Commission statute, standard, or regulation. A State or local requirement is preempted if the following tests are met:

(i) There is a Commission statute, standard, or regulation in effect that is applicable to the product covered by the State or local requirement.

(ii) The Commission statute, standard, or regulation is designated as having a preemptive effect under a statutory preemption provision.

(iii) The State or local requirement is designed to protect against the same risk of injury or illness as that addressed by the Commission statute, standard, or regulation.

(iv) The State or local requirement is not identical to the Commission statute, standard, or regulation.

(b) State and local governments may contact the Commission's Office of the General Counsel to obtain informal advice on whether a State or local requirement meets the threshold requirements of paragraph (a) of this section.

§ 1061.5 Form of applications for exemption.

An application for exemption shall:

(a) Be written in the English language.

(b) Clearly indicate that it is an application for an exemption from preemption by a Commission statute, standard, or regulation.

(c) Identify the State or local requirement that is the subject of the application and give the date it was enacted or issued in final form.

(d) Identify the specific Commission statute, standard, or regulation that is believed to preempt the State or local requirement.

(e) Contain the name and address of the person, branch, department, agency, or other instrumentality of the State or local government that should be notified of the Commission's actions concerning the application.

(f) Document the applicant's authority to act for, or on behalf of, the State or local government in applying for an exemption from preemption for the particular safety requirement in question.

(g) Be signed by an individual having authority to apply for the exemption from federal preemption on behalf of the applicant.

(h) Be submitted, in five copies, to the Secretary, Consumer Product Safety Commission, Washington, DC 20207.

§ 1061.6 Contents of applications for exemption.

Applications for exemption shall include the information specified in §§ 1061.7 through 1061.10. More generally, a State or local government seeking an exemption should provide the Commission with the most complete information possible in support of the findings the Commission is required to make in issuing an exemption
