

§ 2530.203-1

employee's employment commencement date occurred). For administrative convenience, in conjunction with the equivalency based on hours worked permitted under § 2530.200b-3(d)(1), and with the method of crediting hours of service to computation periods set forth in § 2530.200b-2(c)(4), the plan uses the alternative initial eligibility computation period permitted under this paragraph. The plan provides that an employee's initial eligibility computation period shall be the period beginning on the first day of the first monthly payroll period for which the employee is entitled to credit for the performance of duties and ending on the last day of the monthly payroll period which includes the anniversary of the last day of the initial monthly payroll period. This condition ensures that the initial eligibility computation period will include the 12-consecutive-month period beginning on the employee's employment commencement date and ending on the day before the anniversary of the employee's employment commencement date. If, however, an employee completes the plans requirement of one year of service for eligibility to participate (i.e., completion of 870 hours worked in an eligibility computation period) in the initial eligibility computation period, the plan provides that the employee is deemed to have satisfied the plan's service requirements for eligibility to participate as of the day before the anniversary of the first day of the initial eligibility computation period. This provision ensures that no employee who has in fact completed 1000 hours of service in the 12-consecutive-month period beginning on the employee's employment commencement date will be admitted to participation later than the date specified under section 202(a)(4) of the Act and section 410(a)(4) of the Code. For example, in the case of an employee who begins employment in January 1977, the employee's initial eligibility computation period begins on January 1, 1977 and ends on January 31, 1978. If the employee completes 879 hours worked in the initial eligibility computation period, the employee is treated as having met the plan's service requirements for eligibility to participate as of December 31, 1977. If the

29 CFR Ch. XXV (7-1-04 Edition)

plan provides for semi-annual entry dates of January 1 and July 1, and the employee has met any eligibility requirements of the plan other than the minimum service requirement as of December 31, 1977, the plan must provide that the employee commences participation as of January 1, 1978.

§ 2530.203-1 Vesting; general.

(a) Section 203 of the Act and section 411(a) of the Code contain minimum vesting standards relating to certain employee pension benefit plans. In general, a pension plan subject to section 203 of the Act or section 411(a) of the Code must meet certain requirements relating to an employee's nonforfeitable ("vested") right to his or her normal retirement benefit. One of these requirements specifies that an employee's accrued benefit derived from employer contributions must be vested in accordance with certain schedules. The schedules (or alternative minimum vesting standards) are generally based on the employee's number of years of service with the employer or employers maintaining the plan. Section 2530.203-2 sets forth rules relating to the computation periods used to determine whether an employee has completed a year of service for vesting purposes ("vesting computation periods").

(b) For rules relating to service with the employer or employers maintaining the plan, see § 2530.210.

§ 2530.203-2 Vesting computation period.

(a) *Designation of vesting computation periods.* Except as provided in paragraph (b) of this section, a plan may designate any 12-consecutive-month period as the vesting computation period. The period so designated must apply equally to all participants. This requirement may be satisfied even though the actual 12-consecutive-month periods are not the same for all employees (e.g., if the designated vesting computation period is the 12-consecutive-month period beginning on an employee's employment commencement date and anniversaries of that date). The plan is prohibited, however, from using any period that would result in artificial postponement of vesting credit, such as a period measured

by anniversaries of the date four months following the employment commencement date.

(b) *Plans with 3-year 100 percent vesting.* For rules regarding when a participant has a nonforfeitable right to his accrued benefit, see section 202(a)(1)(B)(i) of the Act and section 410(a)(1)(B)(i) of the Code and regulations issued thereunder.

(c) *Amendments to change the vesting computation period.* (1) A plan may be amended to change the vesting computation period to a different 12-consecutive-month period provided that as a result of such change no employee's vested percentage of the accrued benefit derived from employer contributions is less on any date after such change than such vested percentage would be in the absence of such change. A plan amendment changing the vesting computation period shall be deemed to comply with the requirements of this subparagraph if the first vesting computation period established under such amendment begins before the last day of the preceding vesting computation period and an employee who is credited with 1,000 hours of service in both the vesting computation period under the plan before the amendment and the first vesting computation period under the plan as amended is credited with 2 years of service for those vesting computation periods. For example, a plan which has been using a calendar year vesting computation period is amended to provide for a July 1–June 30 vesting computation period starting in 1977. Employees who complete more than 1,000 hours of service in both of the 12-month periods extending from January 1, 1977 to December 31, 1977 and from July 1, 1977 to June 30, 1978 are advanced two years on the plan's vesting schedule. The plan is deemed to meet the requirements of this subparagraph.

(2) For additional requirements pertaining to changes in the vesting schedule, see section 203(c)(1) of the Act and section 411(a)(10) of the Code and the regulations issued thereunder.

(d) *Service preceding a break in service.* For purposes of applying section 203(b)(3)(D) of the Act and section 411(a)(6)(D) of the Code, (relating to counting years of service before a

break in service for vesting purposes), the computation periods used by the plan in computing years of service before such break must be the vesting computation periods. (For application of the break in service rules, see section 203(b)(3)(D) and section 411(a)(6)(D) of the Code and regulations issued thereunder.)

§ 2530.203-3 Suspension of pension benefits upon employment.

(a) *General.* Section 203(a)(3)(B) of the Act provides that the right to the employer-derived portion of an accrued pension benefit shall not be treated as forfeitable solely because an employee pension benefit plan provides that the payment of benefits is suspended during certain periods of reemployment which occur subsequent to the commencement of payment of such benefits. This section sets forth the circumstances and conditions under which such benefit payments may be suspended. A plan may provide for the suspension of pension benefits which commence prior to the attainment of normal retirement age, or for the suspension of that portion of pension benefits which exceeds the normal retirement benefit, or both, for any reemployment and without regard to the provisions of section 203(a)(3)(B) and this regulation to the extent (but only to the extent) that suspension of such benefits does not affect a retiree's entitlement to normal retirement benefits payable after attainment of normal retirement age, or the actuarial equivalent thereof.

(b) *Suspension rules—(1) General rule.* A plan may provide for the permanent withholding of an amount which does not exceed the suspendible amount of an employee's accrued benefit for each calendar month, or for each four or five week payroll period ending in a calendar month, during which an employee is employed in "section 203(a)(3)(B) service" as described in § 2530.203-3(c).

(2) *Resumption of payments.* If benefit payments have been suspended pursuant to paragraph (b)(1) of this section, payments shall resume no later than the first day of the third calendar month after the calendar month in
