

Wage and Hour Division, Labor

§ 553.232

protection and law enforcement employees under section 7(p)(1) are exceptions to the usual rules on joint employment set forth in part 791 of this title.

(g) Where an employee is directed by the public agency to perform work for a second employer, section 7(p)(1) does not apply. Thus, assignments of police officers outside of their normal work hours to perform crowd control at a parade, where the assignments are not solely at the option of the officers, would not qualify as special details subject to this exception. This would be true even if the parade organizers reimburse the public agency for providing such services.

(h) Section 7(p)(1) does not prevent a public agency from prohibiting or restricting outside employment by its employees.

OVERTIME COMPENSATION RULES

§ 553.230 Maximum hours standards for work periods of 7 to 28 days—section 7(k).

(a) For those employees engaged in fire protection activities who have a work period of at least 7 but less than 28 consecutive days, no overtime compensation is required under section 7(k) until the number of hours worked exceeds the number of hours which bears the same relationship to 212 as the number of days in the work period bears to 28.

(b) For those employees engaged in law enforcement activities (including security personnel in correctional institutions) who have a work period of at least 7 but less than 28 consecutive days, no overtime compensation is required under section 7(k) until the number of hours worked exceeds the number of hours which bears the same relationship to 171 as the number of days in the work period bears to 28.

(c) The ratio of 212 hours to 28 days for employees engaged in fire protection activities is 7.57 hours per day (rounded) and the ratio of 171 hours to 28 days for employees engaged in law enforcement activities is 6.11 hours per day (rounded). Accordingly, overtime compensation (in premium pay or compensatory time) is required for all hours worked in excess of the following

maximum hours standards (rounded to the nearest whole hour):

§ 553.231 Compensatory time off.

(a) Law enforcement and fire protection employees who are subject to the section 7(k) exemption may receive compensatory time off in lieu of overtime pay for hours worked in excess of the maximum for their work period as set forth in § 553.230. The rules for compensatory time off are set forth in §§ 553.20 through 553.28 of this part.

(b) Section 7(k) permits public agencies to balance the hours of work over an entire work period for law enforcement and fire protection employees. For example, if a firefighter's work period is 28 consecutive days, and he or she works 80 hours in each of the first two weeks, but only 52 hours in the third week, and does not work in the fourth week, no overtime compensation (in cash wages or compensatory time) would be required since the total hours worked do not exceed 212 for the work period. If the same firefighter had a work period of only 14 days, overtime compensation or compensatory time off would be due for 54 hours (160 minus 106 hours) in the first 14 day work period.

§ 553.232 Overtime pay requirements.
