flood control, and other Civil Works activities, including related public park and recreation facilities under his jurisdiction, as he may deem to be of value to the general public.

(2) This Public Law authorizes the Chief of Engineers to provide for the sale of any of the material prepared under authority of the act—and of publications, charts, or other material prepared under his direction pursuant to other legislative authorization or appropriation, and to charge therefor a sum of not less than the cost of reproduction.

(3) District Engineers are authorized to publish the material covered in paragraph 8a above, and to sell such material. Except for material specifically prepared for free distribution to the general public, the charges for such other published information will be not less than the cost of its reproduction.

(4) Condition survey maps or charts, sold or otherwise distributed to the public, showing depths will specifically state the date or dates that the surveys were made. They shall also have the following notation printed or stamped thereon:

“The information depicted on this map represents the results of surveys made on the dates indicated and can only be considered as indicating the general conditions existing at that time.”

§ 209.335 Publication.

(a) Section 4 of the Administrative Procedure Act requires publication of general notice of proposed rule making in the FEDERAL REGISTER (unless all persons subject thereto are named and either personally served or otherwise have actual notice thereof in accordance with law), except to the extent that there is involved: (1) Any military, naval, or foreign affairs function of the United States or (2) any matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts. Except where notice of hearing is required by statute, this requirement does not apply to interpretative rules, general statements of policy, rules of agency organization, procedure, or practice, or in any situation in which the agency

for good cause finds (and incorporates the finding and a brief statement of the reasons therefor in the rules issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.

(b) General notice of proposed rule making published in accordance with the above will include: (1) A statement of the time, place, and nature of public rule making proceedings; (2) reference to the authority under which the rule is proposed; and (3) either the terms or substance of the proposed rule or a description of the subjects and issues involved.

§ 209.340 Laboratory investigations and materials testing.

(a) *Purpose.* The purpose of this section is to define and establish policies and procedures applicable to the performance of investigations and tests at Corps of Engineers laboratory installations for other governmental agencies and private organizations.

(b) *Applicability.* This regulation applies to Corps of Engineers Divisions and Districts operating soils, concrete, water quality and hydraulic laboratories, and to the Inter-Agency Sedimentation Project.

(c) *References.* (1) AR 37-20.

(2) AR 37-27.

(3) ER 1-1-6.

(4) ER 10-1-3, Appendix XIII.

(5) ER 1110-1-8100.

(6) ER 1140-2-303.

(d) *Policy.* Subject to the authority limitations contained in paragraph (f) of this section, laboratory investigations and materials testing may be performed for other agencies of the Federal Government, State and local units of government, foreign governments and private firms under the following conditions:

(1) The work will be performed on a cost reimbursable basis.

(2) Work may be performed for State and local units of government, foreign governments or private firms only when it is firmly established that private commercial laboratory facilities capable of performing such work are not available, or because of location or for other reasons it is clearly impractical to utilize such private commercial laboratory services.
