

National Park Service, Interior

§ 27.3

means of acreage, frontage and setback requirements and other provisions which may be required to be included in zoning bylaws consistent with the laws of Massachusetts. Zoning bylaws or amendments of zoning bylaws applicable to the area within Cape Cod National Seashore, in order that they may be approved, shall conform to the standards herein set forth relating to preservation and development of the seashore in accordance with the purposes of the said Act. The Secretary shall be given notice of any amendments to approved zoning bylaws that affect the Seashore District. Nothing in these standards or in the zoning bylaws adopted pursuant thereto for the area within Cape Cod National Seashore shall preclude the Secretary of the Interior from fulfilling the responsibilities vested in him by the Act of August 7, 1961, or by the Act of August 25, 1916 (39 Stat. 535), as amended and supplemented.

(c) Wherever the term "improved property" is used in this part it shall mean a detached, one-family dwelling, the land on which it is situated, and accessory structures, and as further defined in section 4(d) of the Act of August 7, 1961 (75 Stat. 284).

§ 27.2 Commercial and industrial activities.

No commercial or industrial districts may be established within the Cape Cod National Seashore.

§ 27.3 Seashore District.

(a) *Description.* The Seashore District shall include all those portions of the towns of Provincetown, Truro, Wellfleet, Eastham, Orleans and Chatham lying within the exterior boundaries of the Cape Cod National Seashore.

(b) Zoning bylaws for the Seashore District shall be consistent with the objectives and purposes of the Act of August 7, 1961, so that—to the extent possible under Massachusetts law—the scenic, scientific and cultural values of the area will be protected, undeveloped areas will be preserved in a natural condition, and the distinctive Cape Cod character of existing residential structures will be maintained.

(c)(1) No moving, alteration, or enlargement of existing one-family residential dwellings or structures accessory thereto situated within this District shall be permitted if such would afford less than a 50-foot setback from all streets measured at a right angle with the street line, and a 25-foot distance from the abutters' property lines (or less than such lesser setback or distance requirements already in existence for such dwellings or accessory structures).

(2) If through natural phenomena or causes a lot or lots are so diminished in size that an owner would be unable to comply with the setback or sideline requirements herein prescribed, such owner or the zoning authorities may, as provided in § 27.4(b), request the Secretary of the Interior to determine whether a proposed move, reconstruction, alteration or enlargement of an existing residential dwelling or accessory structure would subject the property to acquisition by condemnation.

(d) Zoning bylaws adopted pursuant to this regulation shall contain provisions designed to preserve the seashore character of the area by appropriate restrictions or prohibitions upon the burning of cover, cutting of timber, filling of land, removal of soil, loam, sand or gravel and dumping, storage, or piling of refuse and other unsightly objects or other uses which would detract from the natural or traditional seashore scene.

(e) Zoning bylaws for the Seashore District may permit residential uses of "improved property" and other uses of such dwellings and their accessory structures: *Provided*, Such other uses are traditional to these seashore communities, are customarily incidental to the principal residential use and do not alter the essential character of the dwelling and premises as a private residence. Subject to those conditions such uses may include, but are not limited to: (1) Partial use of dwellings by residents for a professional office (as for the practice of theology, law or medicine), as an artists' studio, for appropriate small scale home occupations as the making and selling of traditional Cape Cod products produced on the premises, and for the rental of rooms and serving of meals by residents of the

premises to overnight guests; (2) the existence of structures, such as a garage, barn or boathouse accessory to the dwelling; (3) display of a sign which may be indirectly but not directly illuminated and not to exceed two square feet in area, referring to the occupancy, sale, or rental of the premises; (4) traditional agricultural uses of cleared land, but not including such objectionable uses as a piggery or the raising of livestock, poultry or fur-bearing animals for commercial purposes; and (5) the opening of shellfish, the storage and use of fishing equipment, and other traditional fishing activities. No commercial or industrial ventures (other than of the types described above), may be established within the Seashore District.

§ 27.4 Variances and exceptions.

(a) Zoning bylaws may provide for variances and exceptions.

(b) Bylaws adopted pursuant to these standards shall contain provisions which constitute notice to applicants for variances and exceptions that, under section 5(d) of the Act of August 7, 1961, the Secretary of the Interior is authorized to withdraw the suspension of his authority to acquire, by condemnation, "improved property" that is made the subject of a variance or exception which, in his opinion, fails to conform or is in any manner opposed to or inconsistent with preservation and development of the seashore as contemplated in the said Act. The Secretary may be consulted at any time by zoning authorities or by the owner of "improved property" regarding the effect of a proposed variance or exception upon the status of the affected property with regard to the suspension of the Secretary's authority to condemn. The Secretary, within 60 days of the receipt of a request for such determination, or as soon thereafter as is reasonably possible, shall advise the owner or zoning authorities whether or not the intended use will subject the property to acquisition by condemnation.

(c) The Secretary shall be promptly notified of the granting of any variance or exception.

Subpart A—General Provisions

§ 28.1 Purpose.

(a) The enabling legislation for Fire Island National Seashore (the Seashore) mandated the Secretary of the Interior (the Secretary) to issue regulations which provide standards for local zoning in order to protect and conserve Fire Island. The regulations in this part set forth Federal standards to which local ordinances for Fire Island must conform to enable certain private property within the Seashore to be exempt from Federal condemnation. The standards also apply to use and development of public property. From time to time these standards may be reviewed and revised. These standards are intended:

(1) To promote the protection and development of the land within the Seashore, for the purposes of the Fire Island National Seashore Act (the Act),
