premises to overnight guests; (2) the existence of structures, such as a garage, barn or boathouse accessory to the dwelling; (3) display of a sign which may be indirectly but not directly illuminated and not to exceed two square feet in area, referring to the occupancy, sale, or rental of the premises; (4) traditional agricultural uses of cleared land, but not including such objectionable uses as a piggery or the raising of livestock, poultry or fur-bearing animals for commercial purposes; and (5) the opening of shellfish, the storage and use of fishing equipment, and other traditional fishing activities. No commercial or industrial ventures (other than of the types described above), may be established within the Seashore District.

### § 27.4 Variances and exceptions.

(a) Zoning bylaws may provide for variances and exceptions.

(b) Bylaws adopted pursuant to these standards shall contain provisions which constitute notice to applicants for variances and exceptions that, under section 5(d) of the Act of August 7, 1961, the Secretary of the Interior is authorized to withdraw the suspension of his authority to acquire, by condemnation, "improved property" that is made the subject of a variance or exception which, in his opinion, fails to conform or is in any manner opposed to or inconsistent with preservation and development of the seashore as contemplated in the said Act. The Secretary may be consulted at any time by zoning authorities or by the owner of "improved property" regarding the effect of a proposed variance or exception upon the status of the affected property with regard to the suspension of the Secretary's authority to condemn. The Secretary, within 60 days of the receipt of a request for such determination, or as soon thereafter as is reasonably possible, shall advise the owner or zoning authorities whether or not the intended use will subject the property to acquisition by condemnation.

(c) The Secretary shall be promptly notified of the granting of any variance or exception.

#### Subpart A—General Provisions

##### § 28.1 Purpose.

(a) The enabling legislation for Fire Island National Seashore (the Seashore) mandated the Secretary of the Interior (the Secretary) to issue regulations which provide standards for local zoning in order to protect and conserve Fire Island. The regulations in this part set forth Federal standards to which local ordinances for Fire Island must conform to enable certain private property within the Seashore to be exempt from Federal condemnation. The standards also apply to use and development of public property. From time to time these standards may be reviewed and revised. These standards are intended:

(1) To promote the protection and development of the land within the Seashore, for the purposes of the Fire Island National Seashore Act (the Act),

by means of size, location, or use limitations or restrictions on commercial, residential, or other structures with the objective of controlling population density and protecting the island's natural resources;

(2) To limit development and use of land to single-family homes, to prohibit development and use of multiple family homes, and to prohibit the conversion of structures to multiple family homes;

(3) To prohibit commercial or industrial uses initiated after September 11, 1964 or the expansion of existing commercial or industrial uses on any property within the Seashore which is inconsistent with the Federal standards and approved local ordinances or the purposes of the Act, is likely to cause a significant harm to the resources of the Seashore or will not provide a service to Fire Island;

(4) To recognize that the zoning authorities have the primary responsibility for zoning enforcement within the Seashore;

(5) To provide that private property within the Community Development District may be retained by its owner as long as it is maintained in accordance with approved local ordinances and the Federal standards;

(6) To provide that, within the Seashore District, private "improved property" may be retained by its owner as long as it is maintained in accordance with approved local ordinances, and the Federal standards;

(7) To provide that, in the Dune District, private undeveloped property, if otherwise subject to condemnation, may be retained by its owner as long as it is maintained in its natural state; and

(8) To provide a mechanism for the Superintendent to inform landowners and the zoning authority if a use or development will be inconsistent with the Federal standards or the purposes of the Act and may subject the property to condemnation, subject to available funds.

(b) The Secretary may utilize any other statutory authority available to the Secretary for the conservation and development of natural resources to the extent the Secretary finds that

such authority will further the purpose of the Act.

### § 28.2 Definitions.

(a) *Accessory structure* means any development which is located on the same lot as the principal building or use and is customarily incidental and subordinate to the principal building or use. Accessory structure may include a storage shed, dock, deck, patio, swimming pool, or tennis court but does not include a garbage or bicycle rack and the single primary access walk. Accessory structure includes a guest house without cooking facilities used for overnight habitation.

(b) *Act* means the Fire Island National Seashore Act of September 11, 1964, (16 U.S.C. 459e), as amended.

(c) *Building* means an enclosed structure having a roof supported by columns, walls, or cantilevers. (If a structure is separated by a party wall without openings, it is considered two separate "buildings.")

(d) *Developed property* means any property which has been altered from its natural state by the construction or erection of materials located in, upon, or attached to something located in or upon the ground. Such alterations may include a building, deck, swimming pool, storage shed, patio, dock, tennis court, septic system or leaching field, walkway, groin, fence or sign (except dune protection fences and signs), road, retaining wall, grading, artificial fill, or other structure or material excluding live vegetation.

(e) *Development* means any activity, action, alteration, structure or use which changes undeveloped property into developed property.

(f) *Exception to a zoning ordinance* means any development or change in use of developed property which is not authorized by the zoning ordinance or the variance procedures of the zoning authority or, if authorized by the zoning authority, fails to conform to the ordinance approved by the Secretary or to the Federal standards.

(g) *Guest house* means an accessory structure on the same lot as the principal building that does not contain cooking facilities and is used for the temporary accommodation of guests of
