

National Park Service, Interior

§51.17

§51.16 How will the Director evaluate proposals and select the best one?

(a) The Director will apply the selection factors set forth in §51.17 by assessing each timely proposal under each of the selection factors on the basis of a narrative explanation, discussing any subfactors when applicable. For each selection factor, the Director will assign a score that reflects the determined merits of the proposal under the applicable selection factor and in comparison to the other proposals received, if any. The first four principal selection factors will be scored from zero to five. The fifth selection factor will be scored from zero to four (with a score of one for agreeing to the minimum franchise fee contained in the prospectus). The secondary factor set forth in §51.17(b)(1) will be scored from zero to three. Any additional secondary selection factors set forth in the prospectus will be scored as specified in the prospectus provided that the aggregate possible point score for all additional secondary selection factors may not exceed a total of three.

(b) The Director will then assign a cumulative point score to each proposal based on the assigned score for each selection factor.

(c) The responsive proposal with the highest cumulative point score will be selected by the Director as the best proposal. If two or more responsive proposals receive the same highest point score, the Director will select as the best proposal (from among the responsive proposals with the same highest point score), the responsive proposal that the Director determines on the basis of a narrative explanation will, on an overall basis, best achieve the purposes of this part. Consideration of revenue to the United States in this determination and in scoring proposals under principal selection factor five will be subordinate to the objectives of protecting, conserving, and preserving the resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates.

§51.17 What are the selection factors?

(a) The five principal selection factors are:

(1) The responsiveness of the proposal to the objectives, as described in the prospectus, of protecting, conserving, and preserving resources of the park area;

(2) The responsiveness of the proposal to the objectives, as described in the prospectus, of providing necessary and appropriate visitor services at reasonable rates;

(3) The experience and related background of the offeror, including the past performance and expertise of the offeror in providing the same or similar visitor services as those to be provided under the concession contract;

(4) The financial capability of the offeror to carry out its proposal; and

(5) The amount of the proposed minimum franchise fee, if any, and/or other forms of financial consideration to the Director. However, consideration of revenue to the United States will be subordinate to the objectives of protecting, conserving, and preserving resources of the park area and of providing necessary and appropriate visitor services to the public at reasonable rates.

(b) The secondary selection factors are:

(1) The quality of the offeror's proposal to conduct its operations in a manner that furthers the protection, conservation and preservation of park area and other resources through environmental management programs and activities, including, without limitation, energy conservation, waste reduction, and recycling. A prospectus may exclude this secondary factor if the prospectus solicits proposals for a concession contract that is anticipated to have annual gross receipts of less than \$100,000 and the activities that will be conducted under the contract are determined by the Director as likely to have only limited impacts on the resources of the park area; and

(2) Any other selection factors the Director may adopt in furtherance of the purposes of this part, including where appropriate and otherwise permitted by law, the extent to which a proposal calls for the employment of Indians (including Native Alaskans) and/or involvement of businesses owned by Indians, Indian tribes, Native Alaskans, or minority or women-owned

§ 51.18

businesses in operations under the proposed concession contract.

(c) A prospectus may include subfactors under each of the principal and secondary factors to describe specific elements of the selection factor.

§ 51.18 When must the Director reject a proposal?

The Director must reject any proposal received, regardless of the franchise fee offered, if the Director makes any of the following determinations: the offeror is not a qualified person as defined in this part; The offeror is not likely to provide satisfactory service; the proposal is not a responsive proposal as defined in this part; or, the proposal is not responsive to the objectives of protecting and preserving the resources of the park area and of providing necessary and appropriate services to the public at reasonable rates.

§ 51.19 Must the Director award the concession contract that is set forth in the prospectus?

Except for incorporating into the concession contract appropriate elements of the best proposal, the Director must not award a concession contract which materially amends or does not incorporate the terms and conditions of the concession contract as set forth in the prospectus.

§ 51.20 Does this part limit the authority of the Director?

Nothing in this part may be construed as limiting the authority of the Director at any time to determine whether to solicit or award a concession contract, to cancel a solicitation, or to terminate a concession contract in accordance with its terms.

§ 51.21 When must the selected offeror execute the concession contract?

The selected offeror must execute the concession contract promptly after selection of the best proposal and within the time established by the Director. If the selected offeror fails to execute the concession contract in this period, the Director may select another responsive proposal or may cancel the selection and resolicit the concession contract.

36 CFR Ch. I (7-1-04 Edition)

§ 51.22 When may the Director award the concession contract?

Before awarding a concession contract with anticipated annual gross receipts in excess of \$5,000,000 or of more than 10 years in duration, or, pursuant to § 51.24(b), the Director must submit the concession contract to the Committee on Resources of the House of Representatives and the Committee on Energy and Natural Resources of the Senate. The Director must not award any such concession contract until 60 days after the submission. Award of these contracts may not be made without the Director's written approval. The Director may not delegate this approval except to a Deputy Director or an Associate Director. The Director may award a concession contract that is not subject to these or other special award requirements at any time after selection of the best proposal and execution of the concession contract by the offeror.

Subpart D—Non-Competitive Award of Concession Contracts

§ 51.23 May the Director extend an existing concession contract without a public solicitation?

Notwithstanding the public solicitation requirements of this part, the Director may award non-competitively an extension or extensions of an existing concession contract to the current concessioner for additional terms not to exceed three years in the aggregate, *e.g.*, the Director may award one extension with a three year term, two consecutive extensions, one with a two year term and one with a one year term, or three consecutive extensions with a term of one year each. The Director may award such extensions only if the Director determines that the extension is necessary to avoid interruption of visitor services. Before determining to award such a contract extension, the Director must take all reasonable and appropriate steps to consider alternatives to avoid an interruption of visitor services. Further, the Director must publish notice in the FEDERAL REGISTER of the proposed extension at least 30 days in advance of the award of the extension (except in emergency situations).
