

Department of Veterans Affairs

§ 17.60

treatment occurrences for a procedure during the previous fiscal year.

(b) The payment amount for each service paid under Medicare's participating physician fee schedule is the product of three factors: a nationally uniform relative value for the service; a geographic adjustment factor for each physician fee schedule area; and a nationally uniform conversion factor for the service. The conversion factor converts the relative values into payment amounts. For each physician fee schedule service, there are three relative values: An RVU for physician work; an RVU for practice expense; and an RVU for malpractice expense. For each of these components of the fee schedule, there is a geographic practice cost index (GPCI) for each fee schedule area. The GPICs reflect the relative costs of practice expenses, malpractice insurance, and physician work in an area compared to the national average. The GPICs reflect the full variation from the national average in the costs of practice expenses and malpractice insurance, but only one-quarter of the difference in area costs for physician work. The general formula calculating the Medicare fee schedule amount for a given service in a given fee schedule area can be expressed as: $\text{Payment} = [(\text{RVU}_{\text{work}} \times \text{GPCI}_{\text{work}}) + (\text{RVU}_{\text{practice expense}} \times \text{GPCI}_{\text{practice expense}}) + (\text{RVU}_{\text{malpractice}} \times \text{GPCI}_{\text{malpractice}})] \times \text{CF}$.

(c) Payment under the 75th percentile methodology is determined for each VA medical facility by ranking all occurrences (with a minimum of eight) under the corresponding code during the previous fiscal year with charges ranked from the highest rate billed to the lowest rate billed and the charge falling at the 75th percentile as the maximum amount to be paid.

(d) Payments made in accordance with this section shall constitute payment in full. Accordingly, the provider or agent for the provider may not impose any additional charge for any services for which payment is made by VA.

(e) Notwithstanding other provisions of this section, VA, for physician services covered by this section, will pay the lesser of the amount determined under paragraphs (a) through (d) of this

section or the amount negotiated with the physician or the physician's agent.

§ 17.60 Extensions of community nursing home care beyond six months.
