

§21.216

38 CFR Ch. I (7-1-04 Edition)

§21.216 Special equipment.

(a) *General.* Special equipment should be authorized as necessary to enable a veteran to mitigate or overcome the effects of disability in pursuing a rehabilitation program. The major types of special equipment which may be authorized include:

(1) *Equipment for educational or vocational purposes.* This category includes items which are ordinarily used by nondisabled persons pursuing evaluation or training, modified to allow for use by disabled persons. e.g., calculators with speech capability for blinded persons.

(2) *Sensory aids and prostheses.* This category includes items which are specifically designed to mitigate or overcome the effects of disability. They range from eyeglasses and hearing aids to closed-circuit TV systems which amplify reading material for veterans with severe visual impairments.

(3) *Modifications to improve access.* This category includes adaptations of environment not generally associated with education and training, such as adaptive equipment for automobiles or supplies necessary to modify a veteran's home to make either training or self-employment possible.

(Authority: 38 U.S.C. 3104(a))

(b) *Coordination with other VA elements in securing special equipment.* In any case in which the veteran needs special equipment and is eligible for such equipment under other VA programs, such as medical care and treatment at VA medical centers, the items will be secured under that program. The veteran must be found ineligible for needed special equipment under other programs and benefits administered by VA before the item may be authorized under Chapter 31.

(Authority: 38 U.S.C. 3115)

§21.218 Methods of furnishing supplies.

(a) *Supplies furnished by the school or facility.* VA will make arrangements for the school or other facility furnishing a veteran training, rehabilitation assistance, or employment under Chapter 31 to provide supplies to the extent practicable. This method is the one

most likely to assure that supplies are available and can be secured expeditiously. A facility may be considered to be furnishing supplies when the facility itself is the supplier, or the facility has designated a supplier. Prior authorization of supplies by the case manager is required, except for standard sets of books, tools, or supplies which the facility requires all trainees or employees to have.

(b) *Issuance of supplies not furnished by the facility.* VA will issue authorized supplies directly to the veteran, if the supplies are not furnished by the facility providing training, rehabilitation services, or employment.

(Authority: 38 U.S.C. 3104(a))

No other clothing will be supplied.

(b) *Furnishing magazines and periodicals.* Appropriate past issues of magazines, periodicals, or reprints may be furnished in the same manner as text material, when relevant to the course or training.

(c) *Furnishing items which may be personally used.* Musical instruments, cameras, or other items which could be used personally by the veteran may only be furnished if required by the facility to meet requirements for degree or course completion.

§21.220 Replacement of supplies.

(a) *Lost, stolen, misplaced or damaged supplies.* VA will replace articles which are necessary to further pursuit of the veteran's program and which are lost, stolen, misplaced, or damaged beyond repair through no fault of the veteran;
