

religious organizations through indirect assistance as a result of a genuine and independent private choice of a beneficiary, provided the religious organizations otherwise satisfy the requirements of this Part. A religious organization may receive such funds as the result of a beneficiary's genuine and independent choice if, for example, a beneficiary redeems a voucher, coupon, or certificate, allowing the beneficiary to direct where funds are to be paid, or a similar funding mechanism provided to that beneficiary and designed to give that beneficiary a choice among providers.

§ 61.65 Inspections.

VA may inspect the facility and any records of an entity applying for or receiving assistance under this part at such times as are deemed necessary to determine compliance with the provisions of this part. The authority to inspect carries with it no authority over the management or control of any entity applying for or receiving assistance under this part.

§ 61.66 Financial management.

(a) All recipients shall comply with applicable requirements of the Single Audit Act Amendments of 1996, as implemented by OMB Circular A-133.

(b) All entities receiving assistance under this part must use a financial management system that follows generally accepted accounting principals and provides accounting records, including cost accounting records that are supported by documentation. Such cost accounting must be reflected in the entity's fiscal cycle financial statements to the extent that the actual costs can be determined for the program for which assistance is provided. All entities receiving per diem under this part must monitor the accuracy of the costs used to determine payment amounts per veteran. Entities receiving assistance must meet the applicable requirements of the appropriate OMB Circular for Cost-Principles (A-122 or A-87).

§ 61.67 Recovery provisions.

(a) If after 3 years from the date of award of a capital grant, the grant recipient has withdrawn from the VA Homeless Providers Grant and Per Diem Program (Program); does not establish the project for which the grant was made; or has established the project for which the grant was made but has not had final inspection, VA would be entitled to recover from the grant recipient all of the grant amounts provided for the project.

(b) Where the grant recipient is not subject to recovery under paragraph (a) of this section, VA will seek recovery of the grant amount on a prorated basis where the grant recipient ceases to provide services for which the grant was made or withdraws from the Program prior to the expiration of the applicable period of operation, which period shall begin on the date of final inspection for which the grant was made. The amount to be recaptured equals the total amount of the grant, multiplied by the fraction resulting from using the number of years the recipient was not operational as the numerator, and using the number of years of operation required under the following chart as the denominator.

Grant amount (dollars in thousands)	Years of operation
0-250	7
251-500	8
501-750	9
751-1,000	10
1,001-1,250	11
1,251-1,500	12
1,501-1,750	13
1,751-2,000	14
2,001-2,250	15
2,251-2,500	16
2,501-2,750	17
2,751-3,000	18
Over 3,000	20

Example A: Grantee A is awarded a grant and does not bring the project to operational status within 3 years from the time of award. Grantee A may be subject to full recapture of the grant award.

Example B: Grantee B is awarded a grant in the amount of \$300,000 and brings the project to operational status within 3 years from the time of award. Grantee B then provides services to homeless veterans for a period of 6 years from the date the program was operationalized, but now decides to close the program. As the original award was \$300,000 and as a condition of receiving the grant funds Grantee B agreed to provide services

38 CFR Ch. I (7–1–04 Edition)

for 8 years. Therefore, Grantee B would be subject to the prorated recapture of the grant award for the 2-year period not served or in this case 1/4 of the original grant would be subject to recapture.

Example C: Grantee C is awarded a grant in the amount of \$400,000, becomes operational within 1 year of the date of the grant award and ceases operation 1 year later, 2 years after the date of the grant award. After the expiration of the 3-year period beginning on the date of the grant award, Grantee C would be subject to prorated recapture for the 7 years it did not provide service of the required 8 years of operation. The amount subject to recapture would thus be $7/8 \times \$400,000$ or \$350,000.

(c) VA will seek to recover from the recipient of per diem, a special needs grant, or a technical assistance grant any funds that are not used in accordance with the requirements of this part.

(d) Before VA would take action to recover funds, VA will issue to the recipient a notice of intent to recover funds. The recipient will then have 30 days to submit documentation demonstrating why funds should not be recovered. After review of any such documentation, VA will issue a decision regarding whether action will be taken to recover funds.

§ 61.80 General operation requirements for supportive housing and service centers.

(a) Supportive housing and service centers for which assistance is provided under this part must:

(1) Comply with the Life Safety Code of the National Fire Protection Association and all applicable State and local housing codes, licensing requirements, fire and safety requirements, and any other requirements in the jurisdiction in which the project is located regarding the condition of the structure and the operation of the supportive housing or service centers.

(2) Notwithstanding the provisions of paragraph(a)(1) of this section, recipients of grants prior to December 21, 2001, are required to comply with the Life Safety Code of the National Fire Protection Association by December 21, 2006. Such recipients are not excused from meeting the other require-

ments of paragraph (a)(1) of this section, including State and local fire and safety requirements.

(b) Except for such variations as are proposed by the recipient that would not affect compliance with paragraph (a) of this section and are approved by VA, supportive housing must meet the following requirements:

(1) The structures must be structurally sound so as not to pose any threat to the health and safety of the occupants and so as to protect the residents from the elements;

(2) Entry and exit locations to the structure must be capable of being utilized without unauthorized use of other private properties, and must provide alternate means of egress in case of fire;

(3) Buildings constructed or altered with Federal assistance must also be accessible to the disabled, as required by section 502 of the Americans with Disabilities Act, referred to as the Architectural Barriers Act;

(4) Each resident must be afforded appropriate space and security for themselves and their belongings, including an acceptable place to sleep that is in compliance with all applicable local, state, and federal requirements;

(5) Every room or space must be provided with natural or mechanical ventilation and the structures must be free of pollutants in the air at levels that threaten the health of residents;

(6) The water supply must be free from contamination;

(7) Residents must have access to sufficient sanitary facilities that are in proper operating condition, that may be used in privacy, and that are adequate for personal cleanliness and the disposal of human waste;

(8) The housing must have adequate heating and/ or cooling facilities in proper operating condition;

(9) The housing must have adequate natural or artificial illumination to permit normal indoor activities and to support the health and safety of residents and sufficient electrical sources must be provided to permit use of essential electrical appliances while assuring safety from fire;

(10) All food preparation areas must contain suitable space and equipment
