

**Environmental Protection Agency**

**§ 63.5787**

Citation	Requirement	Applies to subpart VVVV	Explanation
§ 63.10(d)(5) .....	Startup, Shutdown, and Malfunction Reports.	Yes .....	Applies only to sources with add-on controls.
§ 63.10(e)(1) .....	Additional CMS Reports—General ..	Yes .....	Applies only to sources with add-on controls.
§ 63.10(e)(2) .....	Reporting Results of CMS Performance Evaluations.	Yes .....	Applies only to sources with add-on controls.
§ 63.10(e)(3) .....	Excess Emissions/CMS Performance Reports.	Yes .....	Applies only to sources with add-on controls.
§ 63.10(e)(4) .....	COMS Data Reports .....	No .....	Subpart VVVV does not specify opacity or visible emission standards.
§ 63.10(f) .....	Recordkeeping/Reporting Waiver ....	Yes.	Facilities subject to subpart VVVV do not use flares as control devices.
§ 63.11 .....	Control Device Requirements—Applicability.	No .....	
§ 63.12 .....	State Authority and Delegations .....	Yes .....	
§ 63.13 .....	Addresses .....	Yes.	
§ 63.14 .....	Incorporation by Reference .....	Yes.	
§ 63.15 .....	Availability of Information/Confidentiality.	Yes.	

**Subpart WWW—National Emissions Standards for Hazardous Air Pollutants: Reinforced Plastic Composites Production**

SOURCE: 68 FR 19402, Apr. 21, 2003, unless otherwise noted.

**WHAT THIS SUBPART COVERS**

**§ 63.5780 What is the purpose of this subpart?**

This subpart establishes national emissions standards for hazardous air pollutants (NESHAP) for reinforced plastic composites production. This subpart also establishes requirements to demonstrate initial and continuous compliance with the hazardous air pollutants (HAP) emissions standards.

**§ 63.5785 Am I subject to this subpart?**

(a) You are subject to this subpart if you own or operate a reinforced plastic composites production facility that is located at a major source of HAP emissions. Reinforced plastic composites production is limited to operations in which reinforced and/or nonreinforced plastic composites or plastic molding compounds are manufactured using thermoset resins and/or gel coats that contain styrene to produce plastic composites. The resins and gel coats may also contain materials designed to enhance the chemical, physical, and/or thermal properties of the product. Re-

inforced plastic composites production also includes cleaning, mixing, HAP-containing materials storage, and repair operations associated with the production of plastic composites.

(b) You are not subject to this subpart if your facility only repairs reinforced plastic composites. Repair includes the non-routine manufacture of individual components or parts intended to repair a larger item as defined in § 63.5935

(c) You are not subject to this subpart if your facility is a research and development facility as defined in section 112(c)(7) of the Clean Air Act (CAA).

(d) You are not subject to this subpart if your reinforced plastic composites operations use less than 1.2 tons per year (tpy) of thermoset resins and gel coats that contain styrene combined.

**§ 63.5787 What if I also manufacture fiberglass boats or boat parts?**

(a) If your source meets the applicability criteria in § 63.5785, and is not subject to the Boat Manufacturing NESHAP (40 CFR part 63, subpart VVVV), you are subject to this subpart regardless of the final use of the parts you manufacture.

(b) If your source is subject to 40 CFR part 63, subpart VVVV, and all the reinforced plastic composites you manufacture are used in manufacturing your
