

Temporary Duty (TDY) Travel Allowances

§ 301-73.104

(2) Award of a task order to a vendor on the eTS Master Contract constitutes eTS implementation. Agency-wide use of the eTS for all travel management processes and travel claim submission constitutes complete migration.

§ 301-73.101 How must we prepare to implement the eTravel Service?

You must prepare to implement the eTS as expeditiously as possible by—

(a) Developing a migration plan and schedule to deploy eTS across your agency as early as possible with full deployment required no later than September 30, 2006; and

(b) Submitting your eTS migration plan and schedule by March 31, 2004 to the U.S. General Services Administration, Attention: eTravel PMO.

NOTE TO § 301-73.101: Your agency should work with the Office of Management and Budget to allocate budget and personnel resources to support eTS migration and data exchange. Your agency is responsible for providing the funds required to establish interfaces between the eTS standard data output and applicable business systems (e.g., financial, human resources, *etc.*).

§ 301-73.102 May we grant a traveler an exception from the use of the eTravel Service?

Your agency head or his/her designee may grant individual case-by-case exceptions to the use of eTS when such use—

(a) Causes an unreasonable burden on mission accomplishment(s) (e.g., emergency travel (and eTS is not accessible), invitational travel, necessity of disability accommodations or special needs in accordance with part 301-13 of this chapter);

(b) Compromises a national security interest;

(c) May endanger the life of the traveler (e.g., an individual traveling under the Federal witness protection program or threatened law enforcement/investigative personnel traveling in accordance with part 301-31 of this chapter); or

(d) Is consistent with any contractual terms applicable to your agency (*i.e.*, you must insure that any exceptions do not cause a breach of contract).

§ 301-73.103 What must we do when we approve an exception to the use of the eTravel Service?

The head of your agency or his/her designee must approve an exception to the use of the eTS under § 301-73.102 in writing or through electronic means.

§ 301-73.104 May further exceptions to the required use of the eTravel Service be approved?

(a) The Administrator of General Services or his/her designee may grant an agency-wide exception (or exempt a component thereof) from the required use of eTS when requested by the head of a Department (cabinet-level agency) or head of an Independent agency when—

(1) The agency has presented a business case analysis to the General Services Administration that proves that it has an alternative TMS to the eTS that is in the best interest of the Government and the taxpayer (*i.e.*, the agency has evaluated the economic and service values offered by the eTS contractor(s) compared to those offered by the agency's current Travel Management System (TMS) and has determined that the agency's current TMS is a better value);

(2) The agency has security, secrecy, or protection of information issues that cannot be mitigated through security provided by the eTS contractors;

(3) The agency lacks the technology necessary to access eTS; or

(4) The agency has critical and unique technology or business requirements that cannot be accommodated by the eTS contractors at all or at an acceptable and reasonable price (e.g., majority of travel is group-travel).

(b) As a condition of receiving an exception, the agency must agree to conduct annual business case reviews of its TMS and must provide to the eTravel PMO data elements required by the eTravel PMO in a format prescribed by the eTravel PMO.

(c) Requests for exceptions should be sent to the Administrator, General Services Administration, 1800 F Street, NW., Washington, DC 20405 with full justification and/or analysis addressing paragraphs (a)(1), (a)(2), (a)(3), or (a)(4) of this section.
