

§ 60-2.18

demonstrate that it has made good faith efforts to remove identified barriers, expand employment opportunities, and produce measurable results.

(d) *Internal audit and reporting system.* The contractor must develop and implement an auditing system that periodically measures the effectiveness of its total affirmative action program. The actions listed below are key to a successful affirmative action program:

(1) Monitor records of all personnel activity, including referrals, placements, transfers, promotions, terminations, and compensation, at all levels to ensure the nondiscriminatory policy is carried out;

(2) Require internal reporting on a scheduled basis as to the degree to which equal employment opportunity and organizational objectives are attained;

(3) Review report results with all levels of management; and

(4) Advise top management of program effectiveness and submit recommendations to improve unsatisfactory performance.

§ 60-2.18 Equal Opportunity Survey.

(a) *Survey requirement.* Each year, OFCCP will designate a substantial portion of all nonconstruction contractor establishments to prepare and file an Equal Opportunity Survey. OFCCP will notify those establishments required to prepare and file the Equal Opportunity Survey. The Survey will provide OFCCP compliance data early in the compliance evaluation process, thus allowing the agency to more effectively identify contractor establishments for further evaluation. The Survey will also provide contractors with a useful tool for self-evaluation.

(b) *Survey format.* The Equal Opportunity Survey must be prepared in accordance with the format specified by the Deputy Assistant Secretary. The Equal Opportunity Survey will include information that will allow for an accurate assessment of contractor personnel activities, pay practices, and affirmative action performance. At a minimum, this will include such data elements as applicants, hires, promotions, terminations, compensation, and tenure by race and gender. As use

41 CFR Ch. 60 (7-1-04 Edition)

of the EO Survey develops and evolves, the Department may at some time determine that one or more of the data elements currently included in the EO Survey should be altered or deleted. In the event consideration is given to changing a data element requirement, the following circumstances must exist:

(1) The Secretary must clearly demonstrate through statistical analyses of EO Survey submissions that the data element in question is no longer of value; and

(2) The Secretary must follow Notice and Comment procedures.

(c) *How, when, and where to file.* Contractors are encouraged to submit the Equal Opportunity Survey via the Internet. The Equal Opportunity Survey may also be submitted via facsimile to the telephone number indicated in the Survey instructions. Paper versions of the Equal Opportunity Survey must be mailed to the address indicated in the Survey instructions. The filing deadline will be specified by the Deputy Assistant Secretary.

(d) *Confidentiality.* OFCCP will treat information contained in the Equal Opportunity Survey as confidential to the maximum extent the information is exempt from public disclosure under the Freedom of Information Act, 5 U.S.C. 552. It is the practice of OFCCP not to release data where the contractor is still in business, and the contractor indicates, and through the Department of Labor review process it is determined, that the data are confidential and sensitive and that the release of data would subject the contractor to commercial harm.

Subpart C—Miscellaneous

§ 60-2.30 Corporate management compliance evaluations.

(a) Purpose. Corporate Management Compliance Evaluations are designed to ascertain whether individuals are encountering artificial barriers to advancement into mid-level and senior corporate management, *i.e.*, glass ceiling. During Corporate Management Compliance Evaluations, special attention is given to those components of

the employment process that affect advancement into mid-and senior-level positions.

(b) If, during the course of a Corporate Management Compliance Evaluation, it comes to the attention of OFCCP that problems exist at establishments outside the corporate headquarters, OFCCP may expand the compliance evaluation beyond the headquarters establishment. At its discretion, OFCCP may direct its attention to and request relevant data for any and all areas within the corporation to ensure compliance with Executive Order 11246.

§ 60-2.31 Program summary.

The affirmative action program must be summarized and updated annually. The program summary must be prepared in a format which will be prescribed by the Deputy Assistant Secretary and published in the FEDERAL REGISTER as a notice before becoming effective. Contractors and subcontractors must submit the program summary to OFCCP each year on the anniversary date of the affirmative action program.

§ 60-2.32 Affirmative action records.

The contractor must make available to the Office of Federal Contract Compliance Programs, upon request, records maintained pursuant to §60-1.12 of this chapter and written or otherwise documented portions of AAPs maintained pursuant to §60-2.10 for such purposes as may be appropriate to the fulfillment of the agency's responsibilities under Executive Order 11246.

§ 60-2.33 Preemption.

To the extent that any state or local laws, regulations or ordinances, including those that grant special benefits to persons on account of sex, are in conflict with Executive Order 11246, as amended, or with the requirements of this part, they will be regarded as preempted under the Executive Order.

§ 60-2.34 Supersedure.

All orders, instructions, regulations, and memorandums of the Secretary of Labor, other officials of the Department of Labor and contracting agencies are hereby superseded to the ex-

tent that they are inconsistent with this Part 60-2.

§ 60-2.35 Compliance status.

No contractor's compliance status will be judged alone by whether it reaches its goals. The composition of the contractor's workforce (*i.e.*, the employment of minorities or women at a percentage rate below, or above, the goal level) does not, by itself, serve as a basis to impose any of the sanctions authorized by Executive Order 11246 and the regulations in this chapter. Each contractor's compliance with its affirmative action obligations will be determined by reviewing the nature and extent of the contractor's good faith affirmative action activities as required under §60-2.17, and the appropriateness of those activities to identified equal employment opportunity problems. Each contractor's compliance with its nondiscrimination obligations will be determined by analysis of statistical data and other non-statistical information which would indicate whether employees and applicants are being treated without regard to their race, color, religion, sex, or national origin.
