

§ 2800.0-7

43 CFR Ch. II (10-1-04 Edition)

communication use with the highest assigned schedule rent in the facility, in accordance with terms of the right-of-way grant.

(bb) Tenant means an occupant who rents space in a facility and operates communication equipment in the facility to resell the communication service to others for a profit. For purposes of calculating rent, the term "tenant" does not include private mobile radio or those uses included in the category of Other Communication Uses.

(cc) Customer means a person who is paying the facility owner or tenant for communication services, and is not reselling communication services to others. Persons or entities benefiting from private or internal communication uses located in a CMRS facility are considered customers for purposes of calculating rent.

§ 2800.0-7 Scope.

This part sets forth regulations governing:

(a) Issuing, amending or renewing right-of-way grants for necessary transportation or other systems or facilities which are in the public interest and which require rights-of-way over, upon, under or through public lands, including but not limited to:

(1) Reservoirs, canals, ditches, flumes, laterals, pipes, pipelines, tunnels and other facilities and systems for the impoundment, storage, transportation or distribution of water;

(2) Pipelines and other systems for the transportation or distribution of liquids and gases, other than water and other than oil, natural gas, synthetic liquid or gaseous fuels, or any refined product produced therefrom, and for storage and terminal facilities in connection therewith;

(3) Pipelines, slurry and emulsion systems, and conveyor belts for transportation and distribution of solid materials, and facilities for the storage of such materials in connection therewith;

(4) Systems for generation, transmission and distribution of electric energy, except that the applicant shall

also comply with all applicable requirements of the Federal Energy Regulatory Commission under the Federal Power Act of 1935 (16 U.S.C. 791);

(5) Systems for transmission or reception of radio, television, telephone, telegraph and other electronic signals, and other means of communication;

(6) Roads, trails, highways, railroads, canals, tunnels, tramways, airways, livestock driveways or other means of transportation except where such facilities are constructed and maintained in connection with commercial recreation facilities on lands in the National Forest System;

(7) Such other necessary transportation or other systems or facilities which are in the public interest and which require rights-of-way over, upon, under or through such lands; or

(8) Rights-of-way to any Federal department or agency for pipeline purposes for the transportation of oil, natural gas, synthetic liquid or gaseous fuels, or any product produced therefrom.

(b) Temporary use of additional public lands for such purposes as the Secretary determines to be reasonably necessary for construction, operation, maintenance or termination of rights-of-way, or for access to the project or a portion of the project.

(c) However, the regulations contained in this part do not cover right-of-way grants for: Federal Aid Highways, roads constructed or used pursuant to cost share or reciprocal road use agreements, wilderness areas, and oil, gas and petroleum products pipelines except as provided for in § 2800.0-7(a)(8) of this title.

§ 2800.0-9 Information collection.

(a) The information collection requirements contained in part 2800 of Group 2800 have been approved by the Office of Management and Budget under 44 U.S.C. 3507 and assigned clearance numbers 1004-0102 and 1004-0107. The information is being collected to permit the authorized officer to determine if use of the public lands should be granted for rights-of-way grants or temporary use permits. The information will be used to make this determination. A response is required to obtain a benefit.

(b) Public reporting burden for this information is estimated to average 41.8 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Information Collection Clearance Officer (873), Bureau of Land Management, Washington, DC 20240, and the Office of Management and Budget, Paperwork Reduction Project, 1004-0102 or 1004-0107, Washington, DC 20503.

Subpart 2801—Terms and Conditions of Rights-of-Way Grants and Temporary Use Permits

§ 2801.1 Nature of interest.

§ 2801.1-1 Nature of right-of-way interest.

(a) All rights in public lands subject to a right-of-way grant or temporary use permit not expressly granted are retained and may be exercised by the United States. These rights include, but are not limited to:

(1) A continuing right of access onto the public lands covered by the right-of-way grant or temporary use permit, and upon reasonable notice to the holder, access and entry to any facility constructed on the right-of-way or permit area:

(2) The right to require common use of the right-of-way, and the right to authorize use of the right-of-way for compatible uses (including the subsurface and air space).

(b) A right-of-way grant or temporary use permit may be used only for the purposes authorized. The holder may allow others to use the land as his/her agent in exercising the rights granted.

(c) All right-of-way grants and temporary use permits shall be issued subject to valid existing rights.

(d) A right-of-way grant or temporary use permit shall not give or authorize the holder to take from the public lands any mineral or vegetative

material, including timber, without securing authorization under the Materials Act (30 U.S.C. 601 *et seq.*), and paying in advance the fair market value of the material cut, removed, used, or destroyed. However, common varieties of stone and soil necessarily removed in the construction of a project may be used elsewhere along the same right-of-way or permit area in the construction of the project without additional authorization and payment. The holder shall be allowed in the performance of normal maintenance to do minor trimming, pruning and clearing of vegetative material within the right-of-way or permit area and around facilities constructed thereon without additional authorization and payments. At his discretion and when it is in the public interest, the authorized officer may in lieu of requiring an advance payment for any mineral or vegetative materials, including timber, cut or excavated, require the holder to stockpile or stack the material as designated locations for later disposal by the United States.

(e) A holder of a right-of-way grant or temporary use permit may assign a grant or permit to another, provided the holder obtains the written approval of the authorized officer.

(f) The holder of a right-of-way grant may authorize other parties to use a facility constructed, except for roads, on the right-of-way with the prior written consent of the authorized officer and charge for such use. In any such arrangement, the holder shall continue to be responsible for compliance with all conditions of the grant. This paragraph does not limit in any way the authority of the authorized officer to issue additional right-of-way grants or temporary use permits for compatible uses on or adjacent to the right-of-way, nor does it authorize the holder to impose charges for the use of lands made subject to such additional right-of-way grants or temporary use permits. However, the holder of a right-of-way grant for communication purposes may authorize other parties to use a facility, without prior written consent of the authorized officer, if so provided by terms and conditions of the grant.

(g) Each right-of-way grant or temporary use permit shall describe the
