§ 2812.4-4 Arbitration procedure.

(a) Within 10 days after the delivery of a written request for arbitration under § 2812.4-1 or § 2812.4-3 of this subpart each of the parties to the disagreement shall appoint an arbitrator and the two arbitrators thus appointed shall select a third arbitrator. If either party fails to appoint an arbitrator as provided herein, the other party may apply to a court of record of the State of Oregon for the appointment of such an arbitrator, as provided by the laws of such State. If within ten days of the appointment of the second of them, the original two arbitrators are unable to agree upon a third arbitrator who will accept the appointment, either party may petition such a court of record of the State of Oregon for the appointment of a third arbitrator. Should any vacancy occur by reason of the resignation, death or inability of one or more of the arbitrators to serve, the vacancy shall be filled according to the procedures applicable to the appointment of the arbitrator whose death, disability, or other inability to serve, created the vacancy.

(b) By mutual agreement, the parties may submit to a single arbitration proceeding controversies arising under both §§ 2812.4-1 and 2812.4-3.

(c) The arbitrators shall hear and determine the controversy and make, file, and serve their award in accordance with the substantive standards prescribed in §§ 2812.4-1 and 2812.4-3, for the type of controversy involved and in accordance with the procedures established by the laws of the State of Oregon pertaining to arbitration proceedings. A copy of the award shall also be served at the same time upon the authorized officer or the State Director, either personally or by registered mail.

(d) Costs of the arbitration proceedings shall be assessed by the arbitrators against either or both of the

§ 2812.5 Payment to the United States, bond.

§ 2812.5-1 Payment required for O. and C. timber.

An applicant will be required to pay to the Bureau of Land Management, in advance of the issuance of the permit, the full stumpage value as determined by the authorized officer of the estimated volume of all timber to be cut, removed, or destroyed, on O. and C. lands in the construction or operation of the road.

§ 2812.5-2 Payment to the United States for road use.

(a) A permittee shall pay a basic fee of \$5 per year per mile or fraction thereof for the use of any existing road or of any road constructed by the permittee upon the right-of-way. If the term of the permit is for 5 years or less, the entire basic fee must be paid in advance of the issuance of the permit. If the term of the permit is longer than 5 years, the basic fee for each 5-year period or for the remainder of the last period, if less than 5 years, must be paid in advance at 5-year intervals: *Provided, however,* That in those cases where the permittee has executed under §§ 2812.3-1 to 2812.3-5 an agreement respecting the use of roads, rights-of-way or lands, no such basic fee shall be paid: *Provided further,* This paragraph shall not apply where payment for road use is required under § 2812.3-1(b).

(b) Where the permittee receives a right to use a road constructed or acquired by the United States, which road is under the administrative jurisdiction of the Bureau of Land Management, the permittee will be required to pay to the United States a fee to be determined by the authorized officer who may also fix the rate at which payments shall be made by the permittee

during his use of the road. The authorized officer shall base his determination upon the amortization of the replacement costs for a road of the type involved, together with a reasonable interest allowance on such costs plus costs of maintenance if furnished by the United States and any extraordinary costs peculiar to the construction or acquisition of the particular road. In the case of federally acquired or constructed access roads, an allowance representing a reasonable allocation for recreational or other authorized uses shall be deducted from the replacement costs of the road before the amortization item is computed. A similar allowance and deduction shall be made in cases involving roads constructed as a part of a timber sale contract when, and if, subsequent to completion of such contract any such road becomes subject to recreational or other authorized uses. In arriving at the amortization item, the authorized officer shall take into account the probable period of time, past and present, during which such road may be in existence, and the volume of timber which has been moved, and the volume of timber currently merchantable which probably will be moved from all sources over such road: *Provided, however,* That this subdivision shall not apply where the permittee transports forest products purchased from the United States through the Bureau of Land Management, or where payment for such road use to another permittee is required under this subpart 2812: *Provided further,* That where the United States is entitled to charge a fee for the use of a road, the authorized officer may waive such fee if the permittee grants to the United States and its licensees the right to use, without charge, permittee's roads of approximately equal value as determined under the methods provided in this subdivision and § 2812.4-1(b), as may be applicable.

(c) If an application is filed to use a road built on O. and C. lands by the applicant or his predecessor in interest under a permit which has expired, the authorized officer may issue a new permit which provides that as to such road the applicant's road use payments shall be determined in accordance with

43 CFR Ch. II (10-1-04 Edition)

paragraph (b) of this section except that he shall be required to pay a road use fee which is adequate to amortize only his proportionate share of any capital improvements which have been or may be placed on the road by the United States or its licensees together with a reasonable interest allowance thereon plus cost of maintenance if furnished by the United States: *Provided, however,* That if the application is for use of a road which has been built by a predecessor in interest the permit shall provide that the applicant may use the road only for the purpose of reaching the lands of the predecessor in interest that were served by the road. As a condition for the granting of such a permit, the applicant must comply with §§ 2812.3-1 to 2812.3-5 to the extent that rights-of-way and road use rights are needed to manage lands of the United States or to remove timber therefrom.

§ 2812.5-3 Bonds in connection with existing roads.

An applicant for permit or a permittee desiring to use an existing road owned or controlled by the United States, shall prior to such use post a bond on a form prescribed by the Director. The amount of the bond shall be determined by the authorized officer but in no event less than five hundred dollars (\$500) per mile or fraction thereof. The bond shall be executed by an approved corporate surety, or the permittee may deposit an equivalent amount in cash or negotiable securities of the United States and the bond shall be conditioned upon compliance with subpart 2812 and the terms and conditions of the permit.

§ 2812.6 Approval and terms of permit.

§ 2812.6-1 Approval.

(a) Upon the applicant's compliance with the appropriate provisions of this paragraph and if it is determined that the approval of the application will be in the public interest, the authorized officer may, in his discretion, issue an appropriate permit, upon a form prescribed by the Director.

(b) The authorized officer may waive the requirements of §§ 2812.1-2 (c) and (e) and 2812.5-3 in the case of a natural person who applies for a right-of-way
