

§ 260.75

45 CFR Ch. II (10–1–04 Edition)

(2) For the purpose of determining if the State's demonstration has a time-limit component, the waiver list for the demonstration must include provisions that directly correspond to the time-limit policies enumerated in section 408(a)(7) of the Act (i.e., address which individuals or families are subject to, or exempt from, terminations of assistance based solely on the passage of time or who qualifies for extensions to the time limit).

(b)(1) Generally, under an approved waiver, except as provided in paragraph (b)(3) of this section, a State will count, toward the Federal five-year limit, all months for which the head-of-household or spouse of the head-of-household subject to the State time limit receives assistance with Federal TANF funds, just as it would if it did not have an approved waiver.

(2) The State need not count, toward the Federal five-year limit, any months for which a head-of-household or spouse of the head-of-household receives assistance with Federal TANF funds while that individual is exempt from the State's time limit under the State's approved waiver.

(3) Where a State has continued a time limit under waivers that only terminates assistance for adults, the State need not count, toward the Federal five-year limit, any months for which an adult subject to the State time limit receives assistance with Federal TANF funds.

(4) The State may continue to provide assistance with Federal TANF funds for more than 60 months, without a numerical limit, to families provided extensions to the State time limit, under the provisions of the terms and conditions of the approved waiver.

(c) Corresponding to the inconsistencies certified by the Governor under §260.75, we will calculate the State's time-limit exceptions by:

(1) Excluding, from the determination of the number of months of Federal assistance received by a family:

(i) Any month in which the adult(s) were exempt from the State's time limit under the terms of an approved waiver or any months in which the children received assistance under a waiver that only terminated assistance to adults; and

(ii) If applicable, experimental and control group cases not otherwise exempted; and

(2) Applying the State's waiver policies with respect to the availability of extensions to the time limit.

§ 260.75 If a State is claiming a waiver inconsistency for work requirements or time limits, what must the Governor certify?

(a) The Governor of the State must certify in writing to the Secretary that:

(1) The applicable policies have been continually applied in operating the TANF program, as described in §260.72(c);

(2) The inconsistencies claimed by the State are within the scope of the approved waivers, as described in §260.72(b);

(b) The certification must identify the specific inconsistencies that the State chooses to continue with respect to work and time limits.

(1) If the waiver inconsistency claim includes work provisions, the certification must specify the standards that will apply, in lieu of the provisions in subparts B and C of part 261 of this chapter, to determine:

(i) The number of two-parent and all-parent cases that are exempt from participation, if any, for the purpose of determining the denominator of the work participation rate;

(ii) The number of nonexempt two-parent and all-parent cases that are participating in work activities for the purpose of determining the numerator of the work participation rate, including standards applicable to:

(A) Countable work activities; and
(B) Required hours of work for participation for individual participants; and

(iii) The penalty against an individual or family when an individual refuses to work.

(2) If the waiver inconsistency claim includes time-limit provisions, the certification must include the standards that will apply, in lieu of the provisions in §264.1 of this chapter, in determining:

(i) Which families are counted toward the Federal time limit; and

(ii) Whether a family is eligible for an extension of its time limit on federally funded assistance.

(3) If the State is continuing policies for evaluation purposes in accordance with §260.76:

(i) The certification must specify any special work or time-limit standards that apply to the control group and experimental group cases; and

(ii) The State may choose to exclude cases assigned to the experimental and control groups, which are not otherwise exempt, for the purpose of calculating the work participation rate or determining State compliance related to limiting assistance to families including adults who have received 60 months of Federal TANF assistance. In doing so, the State may effectively exclude all experimental group cases and/or control group cases, not otherwise exempt, but may not exclude individual cases on a selective basis.

(c) The certification may include a claim of inconsistency with respect to hours of required participation in work activities only if the State has written evidence that, when implemented, the waiver policies established specific requirements related to hours of work for nonexempt individuals.

(d)(1) The Governor's certification must be provided no later than October 1, 1999.

(2) If a State modifies its waiver policies in a way that has a substantive effect on the determination of its work sanctions, or the calculation of its work participation rates or its time-limit exceptions, it must submit an amended certification no later than the end of the fiscal quarter in which the modifications take effect.

§260.76 What special rules apply to States that are continuing evaluations of their waiver demonstrations?

If a State is continuing research that employs an experimental design in order to complete an impact evaluation of a waiver demonstration, the experimental and control groups may continue to be subject to prior AFDC law, except as modified by the waiver.
