

part must be used in addition to, and not in lieu of, the base amount.

(e) Requests for approval of expending incentives on activities not currently eligible for funding under the IV-D program, but which would benefit the IV-D program, must be submitted in accordance with instructions issued by the Commissioner of the Office of Child Support Enforcement.

§ 305.36 Incentive phase-in.

The incentive system under this part will be phased-in over a three-year period during which both the old system and the new system will be used to determine the amount a State will receive. For fiscal year 2000, a State will receive two-thirds of what it would have received under the incentive formula set forth in §304.12 of this chapter, and one-third of what it would receive under the formula set forth under this part. In fiscal year 2001, a State will receive one-third of what it would have received under the incentive formula set forth under §304.12 of this chapter and two-thirds of what it would receive under the formula under

this part. In fiscal year 2002, the formula set forth under this part will be fully implemented and would be used to determine all incentive amounts.

§ 305.40 Penalty performance measures and levels.

(a) There are three performance measures for which States must achieve certain levels of performance in order to avoid being penalized for poor performance. These measures are the paternity establishment, support order establishment, and current collections measures set forth in §305.2 of this part. The levels the State must meet are:

(1) *The paternity establishment percentage* which is required under section 452(g) of the Act for penalty purposes. States have the option of using either the IV-D paternity establishment percentage or the statewide paternity establishment percentage defined in §305.2 of this part. Table 4 shows the level of performance at which a State will be subject to a penalty under the paternity establishment measure.

TABLE 4—STATUTORY PENALTY PERFORMANCE STANDARDS FOR PATERNITY ESTABLISHMENT
(Use this table to determine the level of performance for the paternity establishment measure that will incur a penalty.)

PEP	Increase required over previous year's PEP	Penalty FOR FIRST FAILURE if increase not met
90% or more	None	No Penalty.
75% to 89%	2%	1-2% TANF Funds.
50% to 74%	3%	1-2% TANF Funds.
45% to 49%	4%	1-2% TANF Funds.
40% to 44%	5%	1-2% TANF Funds.
39% or less	6%	1-2% TANF Funds.

(2) The support order establishment performance measure is set forth in §305.2 of this part. For purposes of the penalty with respect to this measure, there is a threshold of 40 percent, below which a State will be penalized unless an increase of 5 percent over the previous year is achieved—which will qualify it for an incentive. Perform-

ance in the 40 percent to 49 percent range with no significant increase will not be penalized but neither will it qualify for an incentive payment. Table 5 shows at which level of performance a State will incur a penalty under the child support order establishment measure.

TABLE 5—PERFORMANCE STANDARDS FOR ORDER ESTABLISHMENT
(Use this table to determine the level of performance for the order establishment measure that will incur a penalty.)

Performance level	Increase over previous year	Incentive/Penalty
50% or more	no increase over previous year required	Incentive.
40% to 49%	w/5% increase over previous year	Incentive.
	w/out 5% increase	No Incentive/No Penalty.
Less than 40%	w/5% increase over previous year	Incentive.
