

§ 54.611

47 CFR Ch. I (10–1–04 Edition)

rural base rates for telecommunications service for the health care provider's portion of the shared telecommunications services, as well as the applicable urban base rates for the telecommunications service.

(b) Absent documentation justifying the amount of universal service support requested for health care providers participating in a consortium, the Administrator shall not allow telecommunications carriers to offset, or receive reimbursement for, the amount eligible for universal service support.

(c) The universal service support mechanisms shall provide support for intrastate telecommunications services, as set forth in § 54.101(a), provided to rural health care providers as well as interstate telecommunications services.

(d) *Satellite services.* (1) Rural public and non-profit health care providers may receive support for rural satellite services, even when another functionally similar terrestrial-based service is available in that rural area. Discounts for satellite services shall be capped at the amount the rural health care provider would have received if they purchased a functionally similar terrestrial-based alternative.

(2) Rural health care providers seeking discounts for satellite services shall provide to the Administrator with the Form 466 documentation of the urban and rural rates for the terrestrial-based alternatives.

(3) Where a rural health care provider seeks a more expensive satellite-based service when a less expensive terrestrial-based alternative is available, the rural health care provider shall be responsible for the additional cost.

[68 FR 74502, Dec. 24, 2003]

EFFECTIVE DATE NOTE: At 68 FR 74502, Dec. 24, 2003, as corrected at 69 FR 3021, Jan. 22, 2004, § 54.609 was revised, effective Jan. 23, 2004. Paragraph (d)(2) contains information collection and recordkeeping requirements and will not become effective until approval has been given by the Office of Management and Budget.

§ 54.611 Distributing support.

(a) A telecommunications carrier providing services eligible for support under this subpart to eligible health care providers shall treat the amount

eligible for support under this subpart as an offset against the carrier's universal service support obligation for the year in which the costs for providing eligible services were incurred.

(b) If the total amount of support owed to a carrier, as set forth in paragraph (a) of this section, exceeds its universal service obligation, calculated on an annual basis, the carrier may receive a direct reimbursement in the amount of the difference.

(c) Any reimbursement due a carrier shall be made after the offset is credited against that carrier's universal service obligation.

(d) Any reimbursement due a carrier shall be submitted to that carrier no later than the end of the first quarter of the calendar year following the year in which the costs were incurred and the offset against the carrier's universal service obligation was applied.

§ 54.613 Limitations on supported services for rural health care providers.

(a) Upon submitting a bona fide request to a telecommunications carrier, each eligible rural health care provider is entitled to receive the most cost-effective, commercially-available telecommunications service at a rate no higher than the highest urban rate, as defined in § 54.605, at a distance not to exceed the distance between the eligible health care provider's site and the farthest point on the jurisdictional boundary of the city in that state with the largest population.

(b) This section shall not affect a rural health care provider's ability to obtain supported services under § 54.621.

[64 FR 66787, NOV. 30, 1999, as amended at 68 FR 74503, Dec. 24, 2003]

§ 54.615 Obtaining services.

(a) *Selecting a provider.* In selecting a telecommunications carrier, a health care provider shall consider all bids submitted and select the most cost-effective alternative.

(b) *Receiving supported rate.* Except with regard to services provided under § 54.621, upon receiving a bona fide request for an eligible service from an eligible health care provider, as set forth in paragraph (c) of this section, a telecommunications carrier shall provide

Federal Communications Commission

§ 54.621

the service at a rate no higher than the urban rate, as defined in § 54.605, subject to the limitations set forth in this Subpart.

(c) *Bona fide request.* In order to receive services eligible for universal service support under this subpart, an eligible health care provider must submit a request for services to the telecommunications carrier, Signed by an authorized officer of the health care provider, and shall include that person's certification under oath that:

(1) The requester is a public or non-profit entity that falls within one of the seven categories set forth in the definition of health care provider, listed in § 54.601(a);

(2) The requester is physically located in a rural area, unless the health care provider is requesting services provided under § 54.621;

(3) If the health care provider is requesting services provided under § 54.621, that the requester cannot obtain toll-free access to an Internet service provider;

(4) The requested service or services will be used solely for purposes reasonably related to the provision of health care services or instruction that the health care provider is legally authorized to provide under the law in the state in which such health care services or instruction are provided;

(5) The requested service or services will not be sold, resold or transferred in consideration of money or any other thing of value;

(6) If the service or services are being purchased as part of an aggregated purchase with other entities or individuals, the full details of any such arrangement, including the identities of all co-purchasers and the portion of the service or services being purchased by the health care provider; and

(7) The requester is selecting the most cost-effective method of providing the requested service or services, where the most cost-effective method of providing a service is defined as the method that costs the least after consideration of the features, quality of transmission, reliability, and other factors that the health care provider deems relevant to choosing a method of providing the required health care services.

(d) *Annual renewal.* The certification set forth in paragraph (c) of this section shall be renewed annually.

§ 54.617 Resale.

(a) *Prohibition on resale.* Services purchased pursuant to universal service support mechanisms under this subpart shall not be sold, resold, or transferred in consideration for money or any other thing of value.

(b) *Permissible fees.* The prohibition on resale set forth in paragraph (a) of this section shall not prohibit a health care provider from charging normal fees for health care services, including instruction related to such services rendered via telecommunications services purchased under this subpart.

§ 54.619 Audits and recordkeeping.

(a) *Health care providers. Recordkeeping.* Health care providers shall maintain for their purchases of services supported under this subpart documentation for five years from the end of the funding year sufficient to establish compliance with all rules in this subpart. Documentation must include, among other things, records of allocations for consortia and entities that engage in eligible and ineligible activities, if applicable.

(b) *Production of records.* Health care providers shall produce such records at the request of any auditor appointed by the Administrator or any other state or federal agency with jurisdiction.

(c) *Random audits.* Health care providers shall be subject to random compliance audits to ensure that requesters are complying with the certification requirements set forth in § 54.615(c) and are otherwise eligible to receive universal service support and that rates charged comply with the statute and regulations.

[68 FR 74503, Dec. 24, 2003, as amended at 69 FR 12087, Mar. 15, 2004]

§ 54.621 Access to advanced telecommunications and information services.

(a) Twenty-five percent of the monthly cost of eligible Internet access shall be eligible for universal support. Health care providers shall certify that the Internet access selected is the most cost-effective method for their health
