

Federal Communications Commission

§ 74.931

required to protect from interference facilities proposed on or after the day the major change application is filed. Except as provided by paragraph (d) of this section, any petition to deny a major change application shall be filed no later than the sixtieth (60th) day after the date of public notice announcing the filing of such application. Except as provided in paragraph (d) of this section a major change application that meets the requirements of part 74 shall be granted on the sixty-first (61st) day after the Commission shall have given public notice of the acceptance for filing of it, unless prior to such date either a party in interest files a timely petition to deny or files for other relief pursuant to § 74.912, or the Commission notifies the applicant that its application will not be granted at such time. Where an application is granted pursuant to the provisions of this paragraph, the licensee shall maintain a copy of the application at the facility until such time as the Commission issues a license for that facility's operations.

§ 74.912 Petitions to deny.

(a) Petitions to deny against the long-form applications filed by winning bidders in ITFS auctions must be filed in accordance with § 73.5006 of this chapter. Petitions to deny against applications for transfers of control of ITFS licensees, or for assignments of ITFS station licenses, must be filed not later than 30 days after issuance of a public notice of the acceptance for filing of the transfer or assignment application. In the case of applications for renewal of license, petitions to deny may be filed after the issuance of a public notice of acceptance for filing of the applications and up until the first day of the last full calendar month of the expiring license term. Any party in interest may file a petition to deny any notification regarding a low power ITFS signal booster station, within the 60 day period provided for in § 74.985(e).

(b) The applicant or notifier may file an opposition to any petition to deny, and the petitioner a reply to such opposition in which allegations of fact or denials thereof shall be supported by affidavit of a person or persons with

personal knowledge thereof. Except with regard to petitions to deny against the long-form applications of ITFS auction winners, the times for filing such oppositions and replies shall be those provided in § 1.45 of this chapter.

§ 74.931 Purpose and permissible service.

(a)(1) Instructional television fixed stations are intended primarily to provide a formal educational and cultural development in aural and visual form, to students enrolled in accredited public and private schools, colleges and universities. Authorized instructional television fixed station channels must be used to transmit formal educational programming offered for credit to enrolled students of accredited schools, with limited exceptions as set forth in paragraph (e)(9) of this section and Secs. 74.990 through 74.992.

(2) All applicants that do not list accredited schools as receive sites must name the school(s) and the degree(s) or diploma(s) for which the formal programming will be offered and describe the administration of the course(s). They must submit documentation, written or signed by the authorities responsible for the schools' curricula, verifying each of these points.

(b) Such stations may also be used for the additional purpose of transmitting other visual and aural educational, instructional and cultural material to selected receiving locations, including in-service training and instruction in special skills and safety programs, extension of professional training, informing persons and groups engaged in professional and technical activities of current developments in their particular fields, and other similar endeavors.

(c) A licensee solely utilizing analog transmissions may use excess capacity on each channel to transmit material other than the ITFS subject matter specified in paragraphs (a) and (b) of this section, subject to the following conditions:

(1) Before leasing excess capacity on any one channel, the licensee must provide at least 20 hours per week of ITFS
