

§ 350.323

organizations that use and train qualified officials and employees in coordination with State safety agencies. The FMCSA will notify the States when such funds are available. The Administrator may designate up to 5 percent of the annual MCSAP funding for these projects and activities.

§ 350.323 What criteria are used in the Basic Program Funds allocation?

(a) The funds are distributed proportionally to the States using the following four, equally weighted (25 percent), factors.

(1) 1997 Road miles (all highways) as defined by the FMCSA.

(2) All vehicle miles traveled (VMT) as defined by the FMCSA.

(3) Population—annual census estimates as issued by the U.S. Census Bureau.

(4) Special fuel consumption (net after reciprocity adjustment) as defined by the FMCSA.

(b) Distribution of Basic Program Funds is subject to a maximum and minimum allocation as illustrated in the Table to this section, as follows:

TABLE TO § 350.323(b)—BASIC PROGRAM FUND ALLOCATION LIMITATIONS

Recipient	Maximum allocation	Minimum allocation
States and Puerto Rico ...	4.944% of the Basic Program Funds	\$350,000 or 0.44% of Basic Program Funds, whichever is greater.
U.S. Territories		\$350,000 (fixed amount)

§ 350.325 [Reserved]

§ 350.327 How may States qualify for Incentive Funds?

(a) A State may qualify for Incentive Funds if it can demonstrate that its CMV safety program has shown improvement in any or all of the following five categories:

(1) Reduction of large truck-involved fatal accidents.

(2) Reduction of large truck-involved fatal accident rate or maintenance of a large truck-involved fatal accident rate that is among the lowest 10 percent of such rates of MCSAP recipients.

(3) Upload of CMV accident reports in accordance with current FMCSA policy guidelines.

(4) Verification of CDLs during all roadside inspections.

(5) Upload of CMV inspection data in accordance with current FMCSA policy guidelines.

(b) Incentive Funds will be distributed based upon the five following safety and program performance factors:

(1) Five shares will be awarded to States that reduce the number of large truck-involved fatal accidents for the most recent calendar year for which data are available when compared to the 10-year average number of large truck-involved fatal accidents ending

with the preceding year. The 10-year average will be computed from the number of large truck-involved fatal crashes, as reported by the FARS, administered by the National Highway Traffic Safety Administration (NHTSA).

(2) Four shares will be awarded to States that reduce the fatal-accident rate for the most recent calendar year for which data are available when compared to each State's average fatal accident rate for the preceding 10-year period. States with the lowest 10 percent of accident rates in the most recent calendar year for which data are available will be awarded three shares if the rate for the State is the same as its average accident rate for the preceding 10-year period.

(3) Two shares will be awarded to States that upload CMV accident data within FMCSA policy guidelines.

(4) Two shares will be awarded to States that certify their MCSAP inspection agencies have departmental policies that stipulate CDLs are verified, as part of the inspection process, through Commercial Driver's License Information System (CDLIS), National Law Enforcement Tracking System (NLETS), or the State licensing authority.
