

30.513). OWCP also provides assistance to claimants and potential claimants by providing information regarding eligibility and other program requirements, including information on completing claim forms and the types and availability of medical testing and diagnostic services related to covered illnesses. In addition, OWCP provides an administrative review process for claimants who disagree with its recommended and final adverse decisions (see §§ 30.300 through 30.320).

(b) However, HHS has exclusive control of a portion of the claims process involving certain cancer claims, and is therefore responsible for providing reconstructed doses for these claims (see § 30.115). HHS has also promulgated regulations at 42 CFR part 81 establishing the guidelines that OWCP must follow to assess the likelihood that an individual with cancer sustained the cancer in the performance of duty (see § 30.210). DOE and DOJ are responsible for, among other tasks, notifying potential claimants and submitting evidence that OWCP deems necessary for its adjudication of claims under the EEOICPA (see §§ 30.105, 30.106, and 30.111).

### § 30.3 What do these regulations contain?

This part 30 sets forth the regulations governing administration of all claims that are filed with OWCP, except to the extent specified in certain provisions. Its provisions are intended to assist persons seeking benefits under the EEOICPA, as well as personnel in the various federal agencies and DOL who process claims filed under the EEOICPA or who perform administrative functions with respect to the EEOICPA. The various subparts of this part contain the following:

(a) Subpart A: the general statutory and administrative framework for processing claims under the EEOICPA. It contains a statement of purpose and scope, together with definitions of terms, information regarding the disclosure of OWCP records, and a description of rights and penalties under the EEOICPA, including convictions for fraud.

(b) Subpart B: the rules for filing claims for benefits under the

EEOICPA. It also addresses general standards regarding necessary evidence and the burden of proof, descriptions of basic forms and special procedures for certain cancer claims.

(c) Subpart C: the eligibility criteria for conditions covered by the EEOICPA.

(d) Subpart D: the rules governing the adjudication process leading from recommended to final decisions made on claims filed under the EEOICPA. It also describes the hearing and reopening processes.

(e) Subpart E: the rules governing medical care, second opinion and referee medical examinations directed by OWCP, and medical reports and records in general. It also addresses the kinds of treatment that may be authorized and how medical bills are paid.

(f) Subpart F: the rules relating to the payment of monetary compensation. It includes the provisions for identifying and processing overpayments of compensation.

(g) Subpart G: the rules concerning legal representation of claimants before OWCP, subrogation of the United States, and the effect of tort suits against beryllium vendors and atomic weapons employers.

(h) Subpart H: information for medical providers. It includes rules for medical reports, medical bills, and the OWCP medical fee schedule, as well as the provisions for exclusion of medical providers.
