

Broadcasting Board of Governors

§ 503.7

the Internet, or you may request a copy of it by mail.

§ 503.6 Restrictions on some agency records.

Under the U.S. Information and Educational Exchange Act of 1948 (22 U.S.C. 1461, as amended), the BBG is prohibited from disseminating within the United States information about the U.S., its people, and its policies when such materials have been prepared by the Agency for audiences abroad. This includes films, radio scripts and tapes, videotapes, books, and similar materials produced by the Agency. However, this law does provide that upon request, such information shall be made available at BBG, for examination only, by representatives of the press, magazines, radio systems and stations, research students or scholars and available, for examination only, to Members of Congress.

§ 503.7 Fees.

(a) *Fees to be charged—categories of requests.* Paragraphs (a)(1) through (3) and (b) through (e) of this section explain each category of request and the type of fees that we will generally charge. However, for each of these categories, the fees may be limited, waived, or reduced for the reasons given in paragraph (e) of this section. “Request” means asking for records, whether or not you refer specifically to the Freedom of Information Act (FOIA). Requests from Federal agencies and court orders for documents are not included within this definition. “Review” means, when used in connection with processing records for a commercial use request, examining the records to determine what portions, if any, may be withheld, and any other processing that is necessary to prepare the records for release. It includes only the examining and processing that are done the first time we analyze whether a specific exemption applies to a particular record or portion of a record. It does not include the process of researching or resolving general legal, or policy issues regarding exemptions. “Search” means looking for records or portions of records responsive to a request. It includes reading and interpreting a request, and also and line-by-line exam-

ination to identify responsive portions of a document.

(1) *Commercial use request.* If your request is for a commercial use, BBG will charge you the costs of search, review and duplication. “Commercial use” means that the request is from or on behalf of one whom seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or of a person on whose behalf the request is made. Whether a request is for a commercial use depends on the purpose of the request and how the records will be used; the identity of the requester (individual, non-profit corporation, for-profit corporation), or the nature of the records, while in some cases may indicate the purpose or use is not necessarily determinative. When a request is made by a representative of the news media, a purpose of use which supports the requester’s news dissemination function is deemed to be a non-commercial use.

(2) *Educational and scientific institutions and news media.* If you are an educational institution or a non-commercial scientific institution, operated primarily for scholarly or scientific research, or a representative of the news media, and your request is not for a commercial use, BBG will charge you only for the duplication of documents. Also BBG will not charge you the copying costs for the first 100 pages of duplication. “Educational institution” means a preschool, elementary or secondary school, institution of undergraduate or graduate higher education, or institution of professional or vocational education. “Non-commercial scientific institution” means an institution that is not operated substantially for purposes of furthering its own or someone else’s business, trade, or profit interests, and that is operated for purposes of conducting scientific research whose results are not intended to promote any particular product or industry. “Representative of the news media” means a person actively gathering news for an entity organized and operated to publish or broadcast news to the public. “News” means information that is about current events or that would be of current interest to the
