

§ 1000.144

§ 1000.144 Are Mutual Help homes developed under the 1937 Act subject to the useful life provisions of section 205(a)(2)?

No.

§ 1000.146 Are homebuyers required to remain low-income throughout the term of their participation in a housing program funded under NAHASDA?

No. The low-income eligibility requirement applies only at the time of purchase. However, families purchasing housing under a lease purchase agreement who are not low-income at the time of purchase are eligible under § 1000.110.

§ 1000.150 How may Indian tribes and TDHEs receive criminal conviction information on adult applicants or tenants?

(a) As required by section 208 of NAHASDA, the National Crime Information Center, police departments, and other law enforcement agencies shall provide criminal conviction information to Indian tribes and TDHEs upon request. Information regarding juveniles shall only be released to the extent such release is authorized by the law of the applicable state, Indian tribe or locality.

(b) For purposes of this section, the term “tenants” includes homebuyers who are purchasing a home pursuant to a lease purchase agreement.

§ 1000.152 How is the recipient to use criminal conviction information?

The recipient shall use the criminal conviction information described in § 1000.150 only for applicant screening, lease enforcement and eviction actions. The information may be disclosed only to any person who has a job related need for the information and who is an authorized officer, employee, or representative of the recipient or the owner of housing assisted under NAHASDA.

§ 1000.154 How is the recipient to keep criminal conviction information confidential?

(a) The recipient will keep all the criminal conviction record information it receives from the official law enforcement agencies listed in § 1000.150

24 CFR Ch. IX (4-1-05 Edition)

in files separate from all other housing records.

(b) These criminal conviction records will be kept under lock and key and be under the custody and control of the recipient’s housing executive director/lead official and/or his designee for such records.

(c) These criminal conviction records may only be accessed with the written permission of the Indian tribe’s or TDHE’s housing executive director/lead official and/or his designee and are only to be used for the purposes stated in section 208 of NAHASDA and these regulations.

§ 1000.156 Is affordable housing developed, acquired, or assisted under the IHBG program subject to limitations on cost or design standards?

Yes. Affordable housing must be of moderate design. For these purposes, moderate design is defined as housing that is of a size and with amenities consistent with unassisted housing offered for sale in the Indian tribe’s general geographic area to buyers who are at or below the area median income. The local determination of moderate design applies to all housing assisted under an affordable housing activity, including development activities (e.g., acquisition, new construction, reconstruction, moderate or substantial rehabilitation of affordable housing and homebuyer assistance) and model activities. Acquisition includes assistance to a family to buy housing. Units with the same number of bedrooms must be comparable with respect to size, cost and amenities.

[66 FR 49790, Sept. 28, 2001]

§ 1000.158 How will a NAHASDA grant recipient know that the housing assisted under the IHBG program meets the requirements of § 1000.156?

(a) A recipient must use one of the methods specified in paragraph (b) or (c) of this section to determine if an assisted housing project meets the moderate design requirements of § 1000.156. For purposes of this requirement, a project is one or more housing units, of comparable size, cost, amenities and design, developed with assistance provided by the Act.

(b) The recipient may adopt written standards for its affordable housing programs that reflect the requirement specified in §1000.156. The standards must describe the type of housing, explain the basis for the standards, and use similar housing in the Indian tribe's general geographic area. For each affordable housing project, the recipient must maintain documentation substantiating compliance with the adopted housing standards. The standards and documentation substantiating compliance for each activity must be available for review by the general public and, upon request, by HUD. Prior to awarding a contract for the construction of housing or beginning construction using its own workforce, the recipient must complete a comparison of the cost of developing or acquiring/rehabilitating the affordable housing with the limits provided by the TDC discussed in paragraph (c) of this section and may not, without prior HUD approval, exceed by more than 10 percent the TDC maximum cost for the project. In developing standards under this paragraph, the recipient must establish, maintain, and follow policies that determine a local definition of moderate design which considers:

- (1) Gross area;
- (2) Total cost to provide the housing;
- (3) Environmental concerns and mitigations;
- (4) Climate;
- (5) Comparable housing in geographical area;
- (6) Local codes, ordinances and standards;
- (7) Cultural relevance in design;
- (8) Design and construction features that are reasonable, and necessary to provide decent, safe, sanitary and affordable housing; and
- (9) Design and construction features that are accessible to persons with a variety of disabilities.

(c) If the recipient has not adopted housing standards specified in paragraph (b) of this section, Total Development Cost (TDC) limits published periodically by HUD establish the maximum amount of funds (from all sources) that the recipient may use to develop or acquire/rehabilitate affordable housing. The recipient must complete a comparison of the cost of devel-

oping or acquiring/rehabilitating the affordable housing with the limits provided by the TDC and may not, without prior HUD approval, exceed the TDC maximum cost for the project.

[66 FR 49790, Sept. 28, 2001]

§ 1000.160 Are non-dwelling structures developed, acquired or assisted under the IHBG program subject to limitations on cost or design standards?

Yes. Non-dwelling structures must be of a design, size and with features or amenities that are reasonable and necessary to accomplish the purpose intended by the structures. The purpose of a non-dwelling structure must be to support an affordable housing activity, as defined by the Act.

[66 FR 49790, Sept. 28, 2001]

§ 1000.162 How will a recipient know that non-dwelling structures assisted under the IHBG program meet the requirements of 1000.160?

(a) The recipient must use one of the methods described in paragraph (b) or (c) of this section to determine if a non-dwelling structure meets the limitation requirements of §1000.160. If the recipient develops, acquires, or rehabilitates a non-dwelling structure with funds from NAHASDA and other sources, then the cost limit standard established under these regulations applies to the entire structure. If funds are used from two different sources, the standards of the funding source with the more restrictive rules apply.

(b)(1) The recipient may adopt written standards for non-dwelling structures. The standards must describe the type of structures and must clearly describe the criteria to be used to guide the cost, size, design, features, amenities, performance or other factors. The standards for such structures must be able to support the reasonableness and necessity for these factors and to clearly identify the affordable housing activity that is being provided.

(2) When the recipient applies a standard to particular structures, it must document the following: (i) Identification of targeted population to benefit from the structures;

(ii) Identification of need or problem to be solved;
