

the Owner for assisted units as provided in the PRAC. The payment is the difference between the total tenant payment and the HUD-approved per unit operating expenses except for expenses related to items not eligible under design and cost provisions. An additional payment is made to a household occupying an assisted unit when the utility allowance is greater than the total tenant payment. A project rental assistance payment, known as a "vacancy payment," may be made to the Owner when an assisted unit is vacant, in accordance with the terms of the PRAC.

Rehabilitation means the improvement of the condition of a property from deteriorated or substandard to good condition. Rehabilitation may vary in degree from the gutting and extensive reconstruction to the cure of substantial accumulation of deferred maintenance. Cosmetic improvements alone do not qualify as rehabilitation under this definition. Rehabilitation may also include renovation, alteration, or remodeling for the conversion or adaptation of structurally sound property to the design and condition required for use under this part, or the repair or replacement of major building systems or components in danger of failure. Improvement of an existing structure must require 15 percent or more of the estimated development cost to rehabilitate the project to a useful life of 55 years.

Replacement reserve account means a project account into which funds are deposited, which may be used only with the approval of the Secretary for repairs, replacement, capital improvements to the project, and retrofitting to reduce the number of units as provided by 24 CFR 891.405(d).

Section 202 means section 202 of the Housing Act of 1959 (12 U.S.C. 1701q), as amended, or the Supportive Housing for the Elderly Program authorized by that section.

Section 811 means section 811 of the National Affordable Housing Act (42 U.S.C. 8013), as amended, or the Supportive Housing for Persons with Disabilities Program authorized by that section.

Start-up expenses mean necessary costs (to plan a Section 202 or Section

811 project, as applicable) incurred by the Sponsor or Owner prior to initial closing.

Tenant payment to Owner equals total tenant payment less utility allowance, if any.

Total tenant payment means the monthly amount defined in, and determined in accordance with part 5, subpart F of subtitle A of this title.

Utility allowance is defined in part 5, subpart F of this subtitle A of this title and is determined or approved by HUD.

Very low-income families shall have the same meaning provided in section 3(b)(2) of the United States Housing Act of 1937 (42 U.S.C. 1437a).

§ 891.110 Allocation of authority.

In accordance with 24 CFR part 791, the Assistant Secretary will separately allocate the amounts available for capital advances for the development of housing for elderly households and for disabled households, less amounts set aside by Congress for specific types of projects, and for amendments of fund reservations made in prior years, for technical assistance, and for other contracted services.

§ 891.115 Notice of funding availability.

Following an allocation of authority under § 891.110, HUD shall publish a separate Notice of Funding Availability (NOFA) for the Section 202 Program of Supportive Housing for the Elderly and for the Section 811 Program of Supportive Housing for Persons with Disabilities in the FEDERAL REGISTER. The NOFAs will contain specific information on how and when to apply for the available capital advance authority, the contents of the application, and the selection process.

§ 891.120 Project design and cost standards.

In addition to the special project standards described in §§ 891.210 and 891.310, as applicable, the following standards apply:

§ 891.125

(a) *Property standards.* Projects under this part must comply with HUD Minimum Property Standards, unless otherwise indicated in this part.

(b) *Accessibility requirements.* Projects under this part must comply with the Uniform Federal Accessibility Standards (See 24 CFR 40.7 for availability), section 504 of the Rehabilitation Act of 1973 and HUD's implementing regulations (24 CFR part 8), and for new construction multifamily housing projects, the design and construction requirements of the Fair Housing Act and HUD's implementing regulations at 24 CFR part 100. For the Section 811 Program of Supportive Housing for Persons with Disabilities, see additional accessibility requirements in § 891.310(b).

(c) *Restrictions on amenities.* Projects must be modest in design. Amenities not eligible for HUD funding include individual unit balconies and decks, atriums, bowling alleys, swimming pools, saunas, jacuzzis, and dishwashers, trash compactors, and washers and dryers in individual units in supportive housing for the elderly or in independent living facilities for persons with disabilities. Sponsors may include certain excess amenities but they must pay for them from sources other than the section 202 or 811 capital advance. They must also pay for the continuing operating costs associated with any excess amenities from sources other than the Section 202 or 811 project rental assistance contract.

(d) *Smoke detectors.* After October 30, 1992, each dwelling unit must include at least one battery-operated or hard-wired smoke detector, in proper working condition, on each level of the unit.

(e) Projects under this part may have on their sites commercial facilities for the benefit of residents of the project and of the community in which the project is located, so long as the commercial facilities are not subsidized with funding under the supportive housing programs for the elderly or persons with disabilities. Such commercial facilities are considered public accommodations under Title III of the Americans with Disabilities Act and

24 CFR Ch. VIII (4-1-05 Edition)

must be accessible under the requirements of that Act.

§ 891.125 Site and neighborhood standards.

All sites must meet the following site and neighborhood requirements:

(a) The site must be adequate in size, exposure, and contour to accommodate the number and type of units proposed, and adequate utilities (water, sewer, gas, and electricity) and streets must be available to service the site.

(b) The site and neighborhood must be suitable from the standpoint of facilitating and furthering full compliance with the applicable provisions of Title VI of the Civil Rights Act of 1964, the Fair Housing Act, Executive Order 11063 (27 FR 11527, 3 CFR, 1958-1963 Comp., p. 652); as amended by Executive Order 12259, (46 FR 1253, 3 CFR, 1980 Comp., p. 307)); section 504 of the Rehabilitation Act of 1973, and implementing HUD regulations.

(c) New construction sites must meet the following site and neighborhood requirements:

(1) The site must not be located in an area of minority concentration (or minority elderly concentration under the Section 202 Program) except as permitted under paragraph (c)(2) of this section, and must not be located in a racially mixed area if the project will cause a significant increase in the proportion of minority to nonminority residents (or minority elderly to nonminority elderly residents, under the Section 202 Program) in the area.

(2) A project may be located in an area of minority concentration (or minority elderly concentration, under the Section 202 Program) only if:

(i) Sufficient, comparable opportunities exist for housing for minority elderly households or minority disabled households, as applicable (or minority families, for projects funded under §§ 891.655 through 891.790), in the income range to be served by the proposed project, outside areas of minority concentration (see paragraph (c)(3) of this section for further guidance on this criterion); or

(ii) The project is necessary to meet overriding housing needs that cannot
