§91.115 Citizen participation plan; States.

(a) *Applicability and adoption of the citizen participation plan.* (1) The State is required to adopt a citizen participation plan that sets forth the State's policies and procedures for citizen participation. (Where a State, before March 6, 1995, adopted a citizen participation plan that complies with section 104(a)(3) of the Housing and Community Development Act of 1974 (42 U.S.C. 5304(A)(3)) but will need to amend the citizen participation plan to comply with provisions of this section, the citizen participation plan shall be amended by the first day of the State's program year that begins on or after 180 days following March 6, 1995.)

(2) *Encouragement of citizen participation.* The citizen participation plan must provide for and encourage citizens to participate in the development of the consolidated plan, any substantial amendments to the consolidated plan, and the performance report. These requirements are designed especially to encourage participation by low- and moderate-income persons, particularly those living in slum and blighted areas and in areas where CDBG funds are proposed to be used and by residents of predominantly low- and moderate-income neighborhoods, as defined by the State. A State also is expected to take whatever actions are appropriate to encourage the participation of all its citizens, including minorities and non-English speaking persons, as well as persons with disabilities.

(3) *Citizen and local government comment on the citizen participation plan and amendments.* The State must provide citizens and units of general local government a reasonable opportunity to comment on the original citizen participation plan and on substantial amendments to the citizen participation plan, and must make the citizen participation plan public. The citizen participation plan must be in a format accessible to persons with disabilities, upon request.
