[64 FR 33637, June 23, 1999]

§ 968.215 Resident and homebuyer participation.

A PHA shall establish a Partnership Process, as defined in § 968.105, to develop, implement and monitor the CIAP. Before submission of the CIAP application, a PHA shall consult with the residents, the resident organization, or the resident management corporation (see part 964, subpart C of this chapter) (herein referred to as the resident) of the development(s) being proposed for modernization, regarding its intent to submit an application and to solicit resident comments. A PHA shall give residents a reasonable opportunity to present their views on the proposed modernization and alternatives to it and shall give full and serious consideration to resident recommendations. A PHA shall respond in writing to the residents, indicating its acceptance or rejection of resident recommendations, consistent with HUD requirements and the PHA's own determination of efficiency, economy, and need. After HUD approval of the modernization program, a PHA shall inform the residents of the approved work items and its progress during implementation. Where HUD does not approve the modernization program, a PHA shall so inform the residents.

§ 968.225 Budget revisions.

(a) A PHA shall not incur any modernization cost in excess of the total HUD-approved CIAP budget. A PHA shall submit a budget revision, in a form prescribed by HUD, if the PHA plans to deviate from the originally approved modernization program, as it was competitively funded, by deleting or substantially revising approved work items or adding new work items that are unrelated to the originally approved modernization program, or to change the method of accomplishment from contract to force account labor,

except as provided in paragraph (b)(4) of this section.

(b) In addition to the requirements of paragraph (a) of this section, a PHA shall comply with the following requirements:

(1) A PHA is not required to obtain prior HUD approval if, in order to complete the originally approved modernization program, the PHA needs to delete or revise approved work items or add new related work items consistent with the original modernization program. In such case, a PHA shall certify that the revisions are necessary to carry out the approved work and do not result in substantial changes to the competitively funded modernization program.

(2) A PHA shall not incur any modernization cost on behalf of any development that is not covered by the original CIAP application.

(3) Where there are funds leftover after completion of the originally approved modernization program, a PHA may, without prior HUD approval, use the remaining funds to carry out eligible modernization activities at developments covered by the original CIAP application.

(4) If a PHA is both an overall high performer and a modernization high performer under the Public Housing Management Assessment Program (PHMAP), the PHA is not required to obtain prior HUD approval to change the method of accomplishment from contract to force account labor.

§ 968.230 Progress reports.

For each six-month period ending March 31 and September 30, until completion of the modernization program or expenditure of all funds, a PHA shall submit to HUD a progress report, in a form prescribed by HUD. Where HUD determines that a PHA is having implementation problems, HUD may require more frequent reporting.

§ 968.235 Time extensions.

A PHA shall not obligate or expend funds after the obligation or expenditure deadline date approved by HUD in the original implementation schedule without a time extension, as follows:

(a) *Certification.* A PHA may extend an obligation or expenditure deadline
