

the neighborhood, the market value analysis, and the proposed future use of the development. In determining whether a conversion will principally benefit residents, the PHA, and the community, HUD will consider whether the conversion will conflict with any litigation settlement agreements, voluntary compliance agreements, or other remedial agreements signed by the PHA with HUD.

(ii) In making the determination of whether a conversion would principally benefit residents, the PHA, and the community, the PHA must consider such factors as the availability of landlords providing tenant-based assistance, as well as access to schools, jobs, and transportation.

(iii) To determine the benefit to residents, the PHA must hold at least one public meeting with residents of the affected site (including the duly elected Resident Council, if any, that covers the development in question). At the meeting, the PHA must:

(A) Explain the requirements of section 22 of the United States Housing Act of 1937 and these regulations, especially as they apply to residents of affected developments;

(B) Provide draft copies of the conversion assessment to the residents; and

(C) Provide the residents with a reasonable period of time to submit comments on the draft conversion assessment.

(iv) The conversion assessment submitted to HUD must contain a summary of the resident comments, and the PHA responses to any significant issues raised by the commenters.

(3) *Impact on affordable housing.* The impact on affordable housing may be demonstrated in the rental market analysis and the analysis of the impact of conversion on the neighborhood.

CONVERSION PLANS

§ 972.227 Public and resident consultation process for developing a conversion plan.

(a) A conversion plan must be developed in consultation with appropriate public officials and with significant participation by residents of the development.

(b) The requirement for consultation with public officials may be satisfied by obtaining a certification from the appropriate state or local officials that the conversion plan is consistent with that jurisdiction's Consolidated Plan. This may be the same certification as is required for the PHA Annual Plan that includes the conversion plan, so long as the certification specifically addresses the conversion plan.

(c) To satisfy the requirement for significant participation by residents of the development, in addition to the public participation requirements for the PHA Annual Plan, a PHA must:

(1) Hold at least one meeting with the residents of the affected sites (including the duly elected Resident Council, if any, that covers the development in question) at which the PHA must:

(i) Explain the requirements of section 22 of the United States Housing Act of 1937 and these regulations, especially as they apply to residents of affected developments; and

(ii) Provide draft copies of the conversion plan to them.

(2) Provide a reasonable comment period for residents; and

(3) Summarize the resident comments (as well as the PHA responses to the significant issues raised by the commenters) for HUD, and consider these comments in developing the final conversion plan.

§ 972.230 Conversion plan components.

A conversion plan must:

(a) Describe the conversion and future use or disposition of the public housing development. If the future use of the development is demolition or disposition, the PHA is not required to submit a demolition or disposition application, so long as the PHA submits, and HUD approves, a conversion plan that includes a description of the future uses of the development.

(b) Include an impact analysis of the conversion on the affected community. This may include the description that is required as part of the conversion assessment.

(c) Include a description of how the conversion plan is consistent with the findings of the conversion assessment

undertaken in accordance with § 972.218.

(d) Include a summary of the resident comments received when developing the conversion plan, and the PHA responses to the significant issues raised by the commenters (including a description of any actions taken by the PHA as a result of the comments).

(e) Confirm that any proceeds received from the conversion are subject to the limitations under section 18(a)(5) of the United States Housing Act of 1937 (42 U.S.C. 1437p(a)(5)) applicable to proceeds resulting from demolition or disposition.

(f) Summarize why the conversion assessment for the public housing project supports the three conditions necessary for conversion described in § 972.224.

(g) Include a relocation plan that incorporates all of the information identified in paragraphs (g)(1) through (g)(4) of this section. In addition, if the required conversion is subject to the URA, the relocation plan must also contain the information identified in paragraph (g)(5) of this section. The relocation plan must incorporate the following:

(1) The number of households to be relocated, by bedroom size, by the number of accessible units.

(2) The relocation resources that will be necessary, including a request for any necessary Section 8 funding and a description of actual or potential public or other assisted housing vacancies that can be used as relocation housing and budget for carrying out relocation activities.

(3) A schedule for relocation and removal of units from the public housing inventory (including the schedule for providing actual and reasonable relocation expenses, as determined by the PHA, for families displaced by the conversion).

(4) Provide for issuance of a written notice to families residing in the development in accordance with the following requirements:

(i) *Timing of notice.* If the voluntary conversion is not subject to the URA, the notice shall be provided to families at least 90 days before displacement. If the voluntary conversion is subject to the URA the written notice shall be

provided to families no later than the date the conversion plan is submitted to HUD. For purposes of a voluntary conversion subject to the URA, this written notice shall constitute the General Information Notice (GIN) required by the URA.

(ii) *Contents of notice.* The written notice shall include all of the following:

(A) The development will no longer be used as public housing and that the family may be displaced as a result of the conversion;

(B) The family will be offered comparable housing, which may include tenant-based or project-based assistance, or occupancy in a unit operated or assisted by the PHA (if tenant-based assistance is used, the comparable housing requirement is fulfilled only upon relocation of the family into such housing);

(C) Any necessary counseling with respect to the relocation will be provided, including any appropriate mobility counseling (the PHA may finance the mobility counseling using Operating Fund, Capital Fund, or Section 8 administrative fee funding);

(D) The family will be relocated to other decent, safe, sanitary, and affordable housing that is, to the maximum extent possible, housing of their choice;

(E) If the development is used as housing after conversion, the PHA must ensure that each resident may choose to remain in the housing, using tenant-based assistance towards rent;

(F) Where Section 8 voucher assistance is being used for relocation, the family will be provided with the vouchers at least 90 days before displacement;

(5) *Additional information required for conversions subject to the URA.* If the voluntary conversion is subject to the URA, the written notice described in paragraph (g)(4) must also provide that:

(i) The family will not be required to move without at least 90-days advance written notice of the earliest date by which the family may be required to move, and that the family will not be required to move permanently until the family is offered comparable housing as provided in paragraph (g)(4)(ii)(B) of this section;

§972.233

(ii) Any person who is an alien not lawfully present in the United States is ineligible for relocation payments or assistance under the URA, unless such ineligibility would result in exceptional and extremely unusual hardship to a qualifying spouse, parent, or child, as provided in the URA regulations at 49 CFR 24.208.

(iii) The family has a right to appeal the PHA's determination as to the family's application for relocation assistance for which the family may be eligible under this subpart and URA.

(iv) Families residing in the development will be provided with the URA Notice of Relocation Eligibility or Notice of Non-displacement (as applicable) as of the date HUD approves the conversion plan (for purposes of this subpart, the date of HUD's approval of the conversion plan shall be the "date of initiation of negotiations" as that term is used in URA and the implementing regulations at 49 CFR part 24).

(v) Any family that moves into the development after submission of the conversion plan to HUD will also be eligible for relocation assistance, unless the PHA issues a written move-in notice to the family prior to leasing and occupancy of the unit advising the family of the development's possible conversion, the impact of the conversion on the family, and that the family will not be eligible for relocation assistance.

§972.233 Timing of submission of conversion plans to HUD.

A PHA that wishes to convert a public housing project to tenant-based assistance must submit a conversion plan to HUD. A PHA must prepare a conversion plan, in accordance with §972.230, and submit it to HUD, as part of the next PHA Annual Plan within one year after submitting the full conversion assessment, or as a significant amendment to that Annual Plan. The PHA may also submit the conversion plan in the same Annual Plan as the conversion assessment.

§972.236 HUD process for approving a conversion plan.

Although a PHA will submit its conversion plan to HUD as part of the PHA Annual Plan, the conversion plan will

24 CFR Ch. IX (4-1-05 Edition)

be treated separately for purposes of HUD approval. A PHA needs a separate written approval from HUD in order to proceed with conversion. HUD anticipates that its review of a conversion plan will ordinarily occur within 90 days following submission of a complete plan by the PHA. A longer process may be required where HUD's initial review of the plan raises questions that require further discussion with the PHA. In any event, HUD will provide all PHAs with a preliminary response within 90 days following submission of a conversion plan. A lack of a HUD response within this time frame will constitute automatic HUD approval of the conversion plan.

§972.239 HUD actions with respect to a conversion plan.

(a) When a PHA submits a conversion plan to HUD, HUD will review it to determine whether:

(1) The conversion plan is complete and includes all of the information required under §972.230; and

(2) The conversion plan is consistent with the conversion assessment the PHA submitted.

(b) HUD will disapprove a conversion plan only if HUD determines that:

(1) The conversion plan is plainly inconsistent with the conversion assessment;

(2) There is reliable information and data available to the Secretary that contradicts the conversion assessment; or

(3) The conversion plan is incomplete or otherwise fails to meet the requirements under §972.230.
