

Bureau of Indian Affairs, Interior

§ 83.5

procedures established by these regulations.

(c) Associations, organizations, corporations or groups of any character that have been formed in recent times may not be acknowledged under these regulations. The fact that a group that meets the criteria in § 83.7 (a) through (g) has recently incorporated or otherwise formalized its existing autonomous political process will be viewed as a change in form and have no bearing on the Assistant Secretary's final decision.

(d) Splinter groups, political factions, communities or groups of any character that separate from the main body of a currently acknowledged tribe may not be acknowledged under these regulations. However, groups that can establish clearly that they have functioned throughout history until the present as an autonomous tribal entity may be acknowledged under this part, even though they have been regarded by some as part of or have been associated in some manner with an acknowledged North American Indian tribe.

(e) Further, groups which are, or the members of which are, subject to congressional legislation terminating or forbidding the Federal relationship may not be acknowledged under this part.

(f) Finally, groups that previously petitioned and were denied Federal acknowledgment under these regulations or under previous regulations in part 83 of this title, may not be acknowledged under these regulations. This includes reorganized or reconstituted petitioners previously denied, or splinter groups, spin-offs, or component groups of any type that were once part of petitioners previously denied.

(g) Indian groups whose documented petitions are under active consideration at the effective date of these revised regulations may choose to complete their petitioning process either under these regulations or under the previous acknowledgment regulations in part 83 of this title. This choice must be made by April 26, 1994. This option shall apply to any petition for which a determination is not final and effective. Such petitioners may request a suspension of consideration under § 83.10(g) of not more than 180 days in

order to provide additional information or argument.

§ 83.4 Filing a letter of intent.

(a) Any Indian group in the continental United States that believes it should be acknowledged as an Indian tribe and that it can satisfy the criteria in § 83.7 may submit a letter of intent.

(b) Letters of intent requesting acknowledgment that an Indian group exists as an Indian tribe shall be filed with the Assistant Secretary—Indian Affairs, Department of the Interior, 1849 C Street, NW., Washington, DC 20240. Attention: Branch of Acknowledgment and Research, Mail Stop 2611-MIB. A letter of intent may be filed in advance of, or at the same time as, a group's documented petition.

(c) A letter of intent must be produced, dated and signed by the governing body of an Indian group and submitted to the Assistant Secretary.

§ 83.5 Duties of the Department.

(a) The Department shall publish in the FEDERAL REGISTER, no less frequently than every three years, a list of all Indian tribes entitled to receive services from the Bureau by virtue of their status as Indian tribes. The list may be published more frequently, if the Assistant Secretary deems it necessary.

(b) The Assistant Secretary shall make available revised and expanded guidelines for the preparation of documented petitions by September 23, 1994. These guidelines will include an explanation of the criteria and other provisions of the regulations, a discussion of the types of evidence which may be used to demonstrate particular criteria or other provisions of the regulations, and general suggestions and guidelines on how and where to conduct research. The guidelines may be supplemented or updated as necessary. The Department's example of a documented petition format, while preferable, shall not preclude the use of any other format.

(c) The Department shall, upon request, provide petitioners with suggestions and advice regarding preparation of the documented petition. The Department shall not be responsible for

§ 83.6

25 CFR Ch. I (4-1-05 Edition)

the actual research on behalf of the petitioner.

(d) Any notice which by the terms of these regulations must be published in the FEDERAL REGISTER, shall also be mailed to the petitioner, the governor of the state where the group is located, and to other interested parties.

(e) After an Indian group has filed a letter of intent requesting Federal acknowledgment as an Indian tribe and until that group has actually submitted a documented petition, the Assistant Secretary may contact the group periodically and request clarification, in writing, of its intent to continue with the petitioning process.

(f) All petitioners under active consideration shall be notified, by April 16, 1994, of the opportunity under § 83.3(g) to choose whether to complete their petitioning process under the provisions of these revised regulations or the previous regulations as published, on September 5, 1978, at 43 FR 39361.

(g) All other groups that have submitted documented petitions or letters of intent shall be notified of and provided with a copy of these regulations by July 25, 1994.

§ 83.6 General provisions for the documented petition.

(a) The documented petition may be in any readable form that contains detailed, specific evidence in support of a request to the Secretary to acknowledge tribal existence.

(b) The documented petition must include a certification, signed and dated by members of the group's governing body, stating that it is the group's official documented petition.

(c) A petitioner must satisfy all of the criteria in paragraphs (a) through (g) of § 83.7 in order for tribal existence to be acknowledged. Therefore, the documented petition must include thorough explanations and supporting documentation in response to all of the criteria. The definitions in § 83.1 are an integral part of the regulations, and the criteria should be read carefully together with these definitions.

(d) A petitioner may be denied acknowledgment if the evidence available demonstrates that it does not meet one or more criteria. A petitioner may also be denied if there is insufficient evi-

dence that it meets one or more of the criteria. A criterion shall be considered met if the available evidence establishes a reasonable likelihood of the validity of the facts relating to that criterion. Conclusive proof of the facts relating to a criterion shall not be required in order for the criterion to be considered met.

(e) Evaluation of petitions shall take into account historical situations and time periods for which evidence is demonstrably limited or not available. The limitations inherent in demonstrating the historical existence of community and political influence or authority shall also be taken into account. Existence of community and political influence or authority shall be demonstrated on a substantially continuous basis, but this demonstration does not require meeting these criteria at every point in time. Fluctuations in tribal activity during various years shall not in themselves be a cause for denial of acknowledgment under these criteria.

(f) The criteria in § 83.7 (a) through (g) shall be interpreted as applying to tribes or groups that have historically combined and functioned as a single autonomous political entity.

(g) The specific forms of evidence stated in the criteria in § 83.7 (a) through (c) and § 83.7(e) are not mandatory requirements. The criteria may be met alternatively by any suitable evidence that demonstrates that the petitioner meets the requirements of the criterion statement and related definitions.

§ 83.7 Mandatory criteria for Federal acknowledgment.

The mandatory criteria are:

(a) The petitioner has been identified as an American Indian entity on a substantially continuous basis since 1900. Evidence that the group's character as an Indian entity has from time to time been denied shall not be considered to be conclusive evidence that this criterion has not been met. Evidence to be relied upon in determining a group's Indian identity may include one or a combination of the following, as well as other evidence of identification by other than the petitioner itself or its members.
