

§ 205.84

act or transaction that is the subject of the request and to the DOE action sought. Such facts shall include the names and addresses of all affected persons (if reasonably ascertainable) and a full discussion of the pertinent provisions and relevant facts contained in the documents submitted with the request. Copies of all relevant contracts, agreements, leases, instruments, and other documents shall be submitted with the request. When the request pertains to only one step of a larger integrated transaction, the facts, circumstances, and other relevant information pertaining to the entire transaction must be submitted.

(b) The request for interpretation shall include a discussion of all relevant authorities, including, but not limited to, DOE rulings, regulations, interpretations and decisions on appeals and exceptions relied upon to support the particular interpretation sought therein.

§ 205.84 DOE evaluation.

(a) *Processing.* (1) The DOE may initiate an investigation of any statement in a request and utilize in its evaluation any relevant facts obtained by such investigation. The DOE may accept submissions from third persons relevant to any request for interpretation provided that the person making the request is afforded an opportunity to respond to all third person submissions. In evaluating a request for interpretation, the DOE may consider any other source of information. The DOE on its own initiative may convene a conference, if, in its discretion, it considers that such conference will advance its evaluation of the request.

(2) The DOE shall issue its interpretation on the basis of the information provided in the request, unless that information is supplemented by other information brought to the attention of the General Counsel or a Regional Counsel during the proceeding. The interpretation shall, therefore, depend for its authority on the accuracy of the factual statement and may be relied upon only to the extent that the facts of the actual situation correspond to those upon which the interpretation was based.

10 CFR Ch. II (1-1-05 Edition)

(3) If the DOE determines that there is insufficient information upon which to base a decision and if upon request additional information is not submitted by the person requesting the interpretation, the DOE may refuse to issue an interpretation.

(b) *Criteria.* (1) The DOE shall base an interpretation on the FEA and EPAA and the regulations and published rulings of the DOE as applied to the specific factual situation.

(2) The DOE shall take into consideration previously issued interpretations dealing with the same or a related issue.

§ 205.85 Decision and effect.

(a) An interpretation may be issued after consideration of the request for interpretation and other relevant information received or obtained during the proceeding.

(b) The interpretation shall contain a statement of the information upon which it is based and a legal analysis of and conclusions regarding the application of rulings, regulations and other precedent to the situation presented in the request.

(c) Only those persons to whom an interpretation is specifically addressed and other persons upon whom the DOE serves the interpretation and who are directly involved in the same transaction or act may rely upon it. No person entitled to rely upon an interpretation shall be subject to civil or criminal penalties stated in subpart P of this part for any act taken in reliance upon the interpretation, notwithstanding that the interpretation shall thereafter be declared by judicial or other competent authority to be invalid.

(d) An interpretation may be rescinded or modified at any time. Rescission or modification may be effected by notifying persons entitled to rely on the interpretation that it is rescinded or modified. This notification shall include a statement of the reasons for the rescission or modification and, in the case of a modification, a restatement of the interpretation as modified.

(e) An interpretation is modified by a subsequent amendment to the regulations or ruling to the extent that it is
