

**§ 600.29 Fixed obligation awards.**

(a) *General.* This section contains provisions applicable to the award of financial assistance instruments on a fixed amount basis. Under a fixed obligation award, funds are issued in support of a project without a requirement for Federal monitoring of actual costs subsequently incurred.

(b) *Provisions applicable to fixed obligation awards.* Financial assistance awards may be made on a fixed obligation basis subject to the following requirements:

(1) Each fixed obligation award may neither exceed \$100,000 nor exceed one year in length.

(2) Programs which require mandatory cost sharing are not eligible.

(3) Proposed costs must be analyzed in detail to ensure consistency with applicable cost principles.

(4) Budget categories are not stipulated in making an award. However, budgets are submitted by an applicant and reviewed for purposes of establishing the amount to be awarded.

(5) Payments must be made in the same manner as other financial assistance awards, except that when determined appropriate by the cognizant program official and contracting officer a lump sum payment may be made.

(6) Recipients must certify in writing to the contracting officer at the end of the project that the activity was completed or the level of effort was expended, however should the activity or effort not be carried out, the recipient would be expected to make appropriate reimbursements.

(7) Periodic reports may be established for each award so long as they are not more frequently than quarterly.

(8) Changes in principal investigator or project leader, scope of effort, or institution, must receive the prior approval of the Department.

**§ 600.30 Cost sharing.**

In addition to the requirements of § 600.123 or § 600.224, the following requirements apply to research, development, and demonstration projects:

(a) When DOE awards financial assistance for research, development, and demonstration projects where the primary purpose of the project is the ulti-

mate commercialization and utilization of technology by the private sector and when there are reasonable expectations that the recipient will receive significant present or future economic benefits beyond the instant award as a result of the performance of the project, cost sharing shall be required. Unless the cost sharing is required by statute, a waiver of the requirement on a single-case or class basis may be approved by the cognizant Program Assistant Secretary or designee.

(b) Except as provided in section 3002 of the Energy Policy Act of 1992, 42 U.S.C. 13542, or program rule, DOE will decide, on a case-by-case basis, the amount of cost sharing required for a particular project.

(c) Factors in addition to those specified in § 600.123 or § 600.224, which may be considered when negotiating cost sharing for research, development, and demonstration projects include the potential benefits to a recipient resulting from the project and the length of time before a project is likely to be commercially successful.

### **Subpart B—Uniform Administrative Requirements for Grants and Cooperative Agreements With Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations**

SOURCE: 59 FR 53266, Oct. 21, 1994, unless otherwise noted.

#### **GENERAL**

**§ 600.100 Purpose.**

This subpart implements OMB Circular A-110 and establishes uniform administrative requirements for grants and agreements awarded to institutions of higher education, hospitals, and other non-profit organizations. It also establishes rules governing sub-awards to institutions of higher education, hospitals, and non-profit organizations (including grants and cooperative agreements administered by State, local and Indian Tribal governments).
