

## § 567.11

## 12 CFR Ch. V (1–1–05 Edition)

or depositors or investors in the savings association.

(f) The Director shall treat as an unsafe and unsound practice any material failure by a savings association to comply with any plan, regulation, written agreement undertaken under this section or order or directive issued to comply with the requirements of this part.

[54 FR 49649, Nov. 30, 1989, as amended at 57 FR 33441, July 29, 1992; 60 FR 66720, Dec. 26, 1995]

### § 567.11 Reservation of authority.

(a) *Transactions for purposes of evasion.* The Director or the Regional Director for the region in which a savings association is located may disregard any transaction entered into primarily for the purpose of reducing the minimum required amount of regulatory capital or otherwise evading the requirements of this part.

(b) *Average versus period-end figures.* The Office reserves the right to require a savings association to compute its capital ratios on the basis of average, rather than period-end, assets when the Office determines appropriate to carry out the purposes of this part.

(c)(1) *Reservation of authority.* Notwithstanding the definitions of core and supplementary capital in § 567.5 of this part, OTS may find that a particular type of purchased intangible asset or capital instrument constitutes or may constitute core or supplementary capital, and may permit one or more savings associations to include all or a portion of such intangible asset or funds obtained through such capital instrument as core or supplementary capital, permanently or on a temporary basis, for the purposes of compliance with this part or for any other purposes. Similarly, the Office may find that a particular asset or core or supplementary capital component has characteristics or terms that diminish its contribution to a savings association's ability to absorb losses, and the Office may require the discounting or deduction of such asset or component from the computation of core, supplementary, or total capital.

(2) Notwithstanding § 567.6 of this part, OTS will look to the substance of a transaction and may find that the as-

signed risk weight for any asset, or credit equivalent amount or credit conversion factor for any off-balance sheet item does not appropriately reflect the risks imposed on the savings association. OTS may require the savings association to apply another risk-weight, credit equivalent amount, or credit conversion factor that OTS deems appropriate.

(3) If this part does not specifically assign a risk weight, credit equivalent amount, or credit conversion factor, OTS may assign any risk weight, credit equivalent amount, or credit conversion factor that it deems appropriate. In making this determination, OTS will consider the risks associated with the asset or off-balance sheet item as well as other relevant factors.

[54 FR 49649, Nov. 30, 1989, as amended at 57 FR 33441, July 29, 1992; 66 FR 59666, Nov. 29, 2001]

### § 567.12 Intangible assets, servicing assets, and credit-enhancing interest-only strips.

(a) *Scope.* This section prescribes the maximum amount of intangible assets, servicing assets, and credit-enhancing interest-only strips that savings associations may include in calculating tangible and core capital.

(b) *Computation of core and tangible capital.* (1) Purchased credit card relationships may be included (that is, not deducted) in computing core capital in accordance with the restrictions in this section, but must be deducted in computing tangible capital.

(2) In accordance with the restrictions in this section, mortgage servicing assets may be included in computing core and tangible capital and nonmortgage servicing assets may be included in core capital.

(3) Intangible assets, as defined in § 567.1 of this part, other than purchased credit card relationships described in paragraph (b)(1) of this section and core deposit intangibles described in paragraph (g)(3) of this section, are deducted in computing tangible and core capital.

(4) Credit-enhancing interest-only strips may be included (that is not deducted) in computing core capital subject to the restrictions of this section,

and may be included in tangible capital in the same amount.

(c) *Market valuations.* The OTS reserves the authority to require any savings association to perform an independent market valuation of assets subject to this section on a case-by-case basis or through the issuance of policy guidance. An independent market valuation, if required, shall be conducted in accordance with any policy guidance issued by the OTS. A required valuation shall include adjustments for any significant changes in original valuation assumptions, including changes in prepayment estimates or attrition rates. The valuation shall determine the current fair value of assets subject to this section. This independent market valuation may be conducted by an independent valuation expert evaluating the reasonableness of the internal calculations and assumptions used by the association in conducting its internal analysis. The association shall calculate an estimated fair value for assets subject to this section at least quarterly regardless of whether an independent valuation expert is required to perform an independent market valuation.

(d) *Value limitation.* For purposes of calculating core capital under this part (but not for financial statement purposes), purchased credit card relationships and servicing assets must be valued at the lesser of:

(1) 90 percent of their fair value determined in accordance with paragraph (c) of this section; or

(2) 100 percent of their remaining unamortized book value determined in accordance with the instructions for the Thrift Financial Report.

(e) *Core capital limitations—(1) Servicing assets and purchased credit card relationships.* (i) The maximum aggregate amount of servicing assets and purchased credit card relationships that may be included in core capital is limited to the lesser of:

(A) 100 percent of the amount of core capital; or

(B) The amount of servicing assets and purchased credit card relationships determined in accordance with paragraph (d) of this section.

(ii) In addition to the aggregate limitation in paragraph (e)(1)(i) of this sec-

tion, a sublimit applies to purchased credit card relationships and non mortgage-related servicing assets. The maximum allowable amount of these two types of assets combined is limited to the lesser of:

(A) 25 percent the amount of core capital; and

(B) The amount of purchased credit card relationships and non mortgage-related servicing assets determined in accordance with paragraph (d) of this section.

(2) *Credit-enhancing interest-only strips.* The maximum aggregate amount of credit-enhancing interest-only strips that may be included in core capital is limited to 25 percent of the amount of core capital. Purchased and retained credit-enhancing interest-only strips, on a non-tax adjusted basis, are included in the total amount that is used for purposes of determining whether a savings association exceeds the core capital limit.

(3) *Computation.* (i) For purposes of computing the limits and sublimit in this paragraph (e), core capital is computed before the deduction of disallowed servicing assets, disallowed credit card relationships, and disallowed credit-enhancing interest-only strips.

(ii) A savings association may elect to deduct disallowed servicing assets and credit-enhancing interest-only strips on a basis that is net of any associated deferred tax liability.

(f) *Tangible capital limitation.* The maximum amount of mortgage servicing assets that may be included in tangible capital shall be the same amount includable in core capital in accordance with the limitations set by paragraph (e) of this section. All non-mortgage servicing assets are deducted in computing tangible capital.

(g) *Grandfathering.* (1) Notwithstanding the core capital and tangible capital limitations set forth in paragraphs (e) and (f) of this section, any otherwise disallowed purchased mortgage servicing rights that were acquired on or before February 9, 1990, and any otherwise disallowed purchased mortgage servicing rights for which a contract to purchase the servicing rights had been executed on or

before February 9, 1990, may be grandfathered and recognized for regulatory capital purposes under this part to the extent permitted by the OTS. Grandfathered purchased mortgage servicing rights must be treated in accordance with generally accepted accounting principles and the requirements of paragraphs (c) and (d) of this section. Grandfathered purchased mortgage servicing rights will count toward the core capital and tangible capital limitations described in paragraphs (e) and (f) of this section.

(2)(i) On a case-by-case basis, the OTS may extend grandfathered treatment prospectively to all or part of the purchased mortgage servicing rights acquired by an association to replace its grandfathered purchased mortgage servicing rights if OTS determines that:

(A) The association is reducing, at an acceptable rate, its level of purchased mortgage servicing rights to the levels permitted by this section; and

(B) The granting of such grandfathered treatment is consistent with the safe and sound operation of the association.

(ii) The OTS may terminate or limit such grandfathered treatment at any time if it determines that either of the conditions in paragraph (g)(2)(i) of this section is not being satisfied.

(3) Core deposit intangibles resulting from transactions consummated or under firm contract on the effective date of this rule may be grandfathered and recognized for capital purposes under this part, to the extent permitted by OTS, provided that such core deposit intangibles are valued in accordance with generally accepted accounting principles, supported by credible assumptions, and have their amortization adjusted at least annually to reflect decay rates (past and projected) in the acquired customer base.

(h) *Exemption for certain subsidiaries.*—  
(1) *Exemption standard.* An association holding purchased mortgage servicing rights in separately capitalized, non-includable subsidiaries may submit an application for approval by the OTS for an exemption from the deductions and limitations set forth in this section. The deductions and limitations will apply to such purchased mortgage serv-

icing rights, however, if the OTS determines that:

(i) The thrift and subsidiary are not conducting activities on an arm's length basis; or

(ii) The exemption is not consistent with the association's safe and sound operation.

(2) *Applicable requirements.* If the OTS determines to grant or to permit the continuation of an exemption under paragraph (h)(1) of this section, the association receiving the exemption must ensure the following:

(i) The association's investments in, and extensions of credit to, the subsidiary are deducted from capital when calculating capital under this part;

(ii) Extensions of credit and other transactions with the subsidiary are conducted in compliance with the rules for covered transactions with affiliates set forth in sections 23A and 23B of the Federal Reserve Act, as applied to thrifts; and

(iii) Any contracts entered into by the subsidiary include a written disclosure indicating that the subsidiary is not a bank or savings association; the subsidiary is an organization separate and apart from any bank or savings association; and the obligations of the subsidiary are not backed or guaranteed by any bank or savings association and are not insured by the FDIC.
