*Bioenergy* means ethanol and biodiesel produced from eligible commodities.

*Conversion factor* means:

(1) For ethanol production, a factor that converts the number of ethanol gallons back to commodity units as determined in the manner announced by CCC;

(2) For biodiesel production, the factor that will treat 1.4 gallons of biodiesel produced as having involved the

consumption of one bushel of soybeans in any case when the feedstock was an eligible commodity that has a corresponding oil or grease market price; if there is none, then the factor shall be as determined and announced by CCC.

*Eligible commodity* means barley; corn; grain sorghum; oats; rice; wheat; soybeans; cotton seed; sunflower seed; canola; crambe; rapeseed; safflower; sesame seed; flaxseed; mustard seed; cellulosic crops, such as switchgrass and hybrid poplars; fats, oils, and greases (including recycled fats, oils and greases) derived from an agricultural product; and any animal byproduct (in addition to oils, fats and greases) that may be used to produce bioenergy, as CCC determines, that is produced in the United States and its territories.

*Eligible producer* means a bioenergy producer who meets all requirements for program payments.

*Ethanol* means anhydrous ethyl alcohol manufactured in the United States and its territories and sold either:

## § 1424.6

*Sign-up period* means the time period announced by CCC during which CCC will accept program agreements.

*USDA* means the United States Department of Agriculture.

### § 1424.4 General eligibility rules.

(a) An applicant must be determined eligible by KCCO and be assigned an agreement number.

(b) To be eligible for program payments, a producer must maintain records indicating for all relevant FY's and FY quarters:

(1) The use of eligible commodities in bioenergy production;

(2) The quantity of bioenergy produced from an eligible commodity by location;

(3) The quantity of eligible commodity used by location to produce the bioenergy referred to in paragraph (b)(2) of this section; and

(4) All other records, needed, or required by the agreement to establish program eligibility and compliance.

(c) A producer must allow verification by CCC of all information provided. Refusal to allow CCC or any other agency of USDA to verify any information provided will result in a producer being determined not eligible.

(d) For producers not purchasing raw commodity inputs, the production must equal or exceed that amount of production that would be calculated using the raw commodity inputs and the conversion factor set out in §1424.3. A producer that purchases soy oil from a soybean crushing plant for further refinement into biodiesel must be able to prove to CCC's satisfaction both soy oil purchases and biodiesel production for the applicable quarter. Any special conversion factors needed will be the province of CCC and CCC alone and CCC's decision will be final.

(e) A producer must meet all other conditions set out in these regulations, in the agreement, or in other program documents.

### § 1424.5 Agreement process.

(a) To participate, an eligible producer must submit a signed agreement during the FY sign-up period. Agreements may be for single or multiple FY's. However, multiple FY agreements require producers to submit an-

nual production estimate reports during each applicable FY sign-up period. Such reports must comply with the terms of the agreement and this part. In all cases, the accounting for compliance will be made on a per FY basis.

(b) Sign-up each FY will be held for 30 calendar days beginning for:

(1) FY 2003 on the date of publication of this rule;

(2) FY 2004 and beyond on August 1 of the FY before the applicable FY.

(c) After agreements are submitted:

(1) If determined eligible by KCCO, an agreement number will be assigned, and a notification will be mailed to the producer;

(2) If additional information is needed for KCCO to determine eligibility, the producer will be contacted as soon as practicable and requested to provide additional supporting documentation;

(3) If determined ineligible by KCCO, producers will be notified in writing that their agreement was rejected and the reason for the determination.

### § 1424.6 Payment application process.

(a) To apply for payments under this program during an FY, an eligible producer must:

(1) Submit an application or eligibility report for each quarter. Submit the last quarterly application or report of the FY within 30 calendar days of the end of the FY for which payment is requested. If the actual deadline is a non-workday, the deadline will be the next business day;

(2) Certify with respect to the accuracy and truthfulness of the information provided;

(3) Furnish CCC such certification, and access to such records, as CCC considers necessary to verify compliance with program provisions; and

(4) Provide documentation as requested by CCC of both the producer's net purchases of eligible commodities and net production of bioenergy compared to such production at all locations during the relevant periods. CCC may adjust the formulaic payments otherwise payable to the producer if there is a difference between the amount actually used and certified and the amount of increased commodity use calculated under the formula.
