

Commodity Credit Corporation, USDA

§ 1469.8

maintenance of a specified level of conservation treatment on all or part of the agricultural operation.

§ 1469.7 Benchmark condition inventory and conservation stewardship plan.

(a) The benchmark condition inventory must include:

(1) A map, aerial photograph, or overlay that delineates the entire agricultural operation, including land use and acreage.

(2) A description of the applicant's production system(s) on the agricultural operation to be enrolled;

(3) The existing conservation practices and resource concerns, problems, and opportunities on the operation.

(4) Other information needed to document existing conservation treatment and activities, such as, grazing management, nutrient management, pest management, and irrigation water management plans; and

(5) A description of the significant resource concerns and other resource concerns that the applicant is willing to address in their contract through the adoption of new conservation practices and measures.

(6) A list of enhancements that the producer may be willing to undertake as part of their contract.

(b) Conservation stewardship plan. (1) The conservation stewardship plan must include:

(i) To the extent practicable, a quantitative and qualitative description of the conservation and environmental benefits that the conservation stewardship contract will achieve;

(ii) A plan map showing the acreage to be enrolled in CSP;

(iii) A verified benchmark condition inventory as described in § 1469.7(a);

(iv) A description of the significant resource concerns and other resource concerns to be addressed in the contract through the adoption of new conservation measures;

(v) A description and implementation schedule of:

(A) Individual conservation practices and measures to be maintained during the contract, consistent with the requirements for the tier(s) of participation and the relevant resource concerns

and with the requirements of the sign-up;

(B) Individual conservation practices and measures to be installed during the contract, consistent with the requirements for the tier(s) of participation and the relevant resource concerns;

(C) Eligible enhancement activities as selected by the participant and approved by NRCS; and

(D) A schedule for transitioning to higher tier(s) of participation, if applicable;

(vi) A description of the conservation activities that are required for a participant to transition to a higher tier of participation;

(vii) Information that will enable evaluation of the effectiveness of the plan in achieving its environmental objectives; and

(viii) Other information determined appropriate by NRCS and described to the applicant.

(3) The conservation stewardship plan may be developed with assistance from NRCS or NRCS-certified Technical Service Providers.

(4) All additional conservation practices in the conservation stewardship plan for which new practice payments will be provided must be carried out in accordance with the applicable NRCS FOTG.

§ 1469.8 Conservation practices and activities.

(a) Conservation practice and activity selection. (1) The Chief will provide a list of structural and land management practices and activities eligible for each CSP payment component. If the Chief's designee provides the list, it will be approved by the Director of the Financial Assistance Division of NRCS. When determining the lists of practices and activities and their associated rates, the Chief will consider:

(i) The cost and potential conservation benefits;

(ii) The degree of treatment of significant resource concerns;

(iii) The number of resource concerns the practice or activity will address;

(iv) Locally available technology;

(v) New and emerging conservation technology;
