

Telecommunications Terminal Equipment means the assembly of telecommunications equipment at the end of a circuit or path of a signal, including but not limited to facilities that receive or transmit over-the-air broadcast, satellite, and microwave, normally located on the premises of the end user, that interfaces with telecommunications transmission facilities, and that is used to modify, convert, encode, or otherwise prepare signals to be transmitted via such telecommunications facilities, or that is used to modify, reconvert, or carry signals received from such facilities, the purpose of which is to accomplish the goal for which the circuit or signal was established.

USDA means the United States Department of Agriculture.

§§ 1739.4–1739.9 [Reserved]

§ 1739.10 Eligible applicant.

To be eligible for a grant, the applicant must:

(a) Be legally organized as an incorporated organization, an Indian tribe or tribal organization, as defined in 25 U.S.C. 450b(b) and (c), a state or local unit of government, or other legal entity, including cooperatives or private corporations or limited liability companies organized on a for-profit or not-for-profit basis.

(b) Have the legal capacity and authority to own and operate the broadband facilities as proposed in its application, to enter into contracts and to otherwise comply with applicable federal statutes and regulations.

§ 1739.11 Eligible project.

To be eligible for a grant, the Project must:

(a) Serve a Rural Area where Broadband Transmission Service does not currently exist, to be verified by RUS prior to the award of the grant;

(b) Serve one Community recognized in the latest U.S. Census. Additional communities located in the contiguous areas outside the Community's boundaries that are not recognized (due to size) in the U.S. Census, can be included in the applicant's proposed Service Area, but must be supported by

documentation, acceptable to RUS, as to their existence;

(c) Deploy Basic Broadband Transmission Service, free of all charges for at least 2 years, to all Critical Community Facilities located within the proposed Service Area;

(d) Offer Basic Broadband Transmission Service to residential and business customers within the proposed Service Area; and

(e) Provide a Community Center with at least ten (10) Computer Access Points within the proposed Service Area, and make Broadband Transmission Service available therein, free of all charges to users for at least 2 years.

§ 1739.12 Eligible grant purposes.

Grant funds may be used to finance:

(a) The construction, acquisition, or leasing of facilities, including spectrum, to deploy Broadband Transmission Service to all participating Critical Community Facilities and all required facilities needed to offer such service to residential and business customers located within the proposed Service Area;

(b) The improvement, expansion, construction, or acquisition of a Community Center that furnishes free access to broadband Internet service, provided that the Community Center is open and accessible to area residents before, during, and after normal working hours and on Saturday or Sunday. Grant funds provided for such costs shall not exceed the greater of five percent (5%) of the grant amount requested or \$100,000;

(c) End-User Equipment needed to carry out the Project;

(d) Operating expenses incurred in providing Broadband Transmission Service to Critical Community Facilities for the first 2 years of operation and in providing training and instruction. Salary and administrative expenses will be subject to review, and may be limited by RUS for reasonableness in relation to the scope of the Project; and

(e) The purchase of land, buildings, or building construction needed to carry out the Project.
