

§ 301.64-6

7 CFR Ch. III (1-1-05 Edition)

(b) A limited permit shall be issued by an inspector for the movement of a regulated article if such inspector:

(1) Determines, in consultation with the Deputy Administrator, that it is to be moved to a specified destination for specified handling, utilization, processing, or for treatment in accordance with §301.64-10 (such destination and other conditions to be specified on the limited permit), when, upon evaluation of all of the circumstances involved in each case, it is determined that such movement will not result in the spread of the Mexican fruit fly because life stages of the pest will be destroyed by such specified handling, utilization, processing, or treatment;

(2) Determines that it is to be moved in compliance with any additional conditions deemed necessary under section 414 of the Plant Protection Act (7 U.S.C. 7714) to prevent the spread of the Mexican fruit fly;⁵ and

(3) Determines that it is eligible for such movement under all other Federal domestic plant quarantines and regulations applicable to such article.

(c) Certificates and limited permits for use for movement of regulated articles may be issued by an inspector or person engaged in the business of growing, handling, or moving regulated articles provided such person is operating under a compliance agreement. Any such person may execute and issue a certificate for the interstate movement of a regulated article if such person has treated such regulated article to destroy infestation in accordance with the provisions in §301.64-10 and the inspector has made the determination that such article is otherwise eligible for a certificate in accordance with paragraph (a) of this section; or if the inspector has made the determination that such article is eligible for a certificate in accordance with paragraph (a) of this section without such treatment. Any such person may execute and issue a limited permit for interstate movement of a regulated article when the inspector has made the determination that such article is eligible for a limited permit in accordance with paragraph (b) of this section.

(d) Any certificate or limited permit which has been issued or authorized may be withdrawn by an inspector if

such inspector determines that the holder thereof has not complied with any conditions under the regulations for the use of such document. The reasons for the withdrawal shall be confirmed in writing as promptly as circumstances permit. Any person whose certificate or limited permit has been withdrawn may appeal the decision in writing to the Deputy Administrator within ten (10) days after receiving the written notification of the withdrawal. The appeal shall state all of the facts and reasons upon which the person relies to show that the certificate or limited permit was wrongfully withdrawn. The Deputy Administrator shall grant or deny the appeal, in writing, stating the reasons for such decision, as promptly as circumstances permit. If there is a conflict to any material fact, a hearing shall be held to resolve such conflict. Rules of Practice concerning such a hearing will be adopted by the Deputy Administrator.

[48 FR 54580, Dec. 6, 1983, as amended at 66 FR 21051, Apr. 27, 2001]

§301.64-6 Compliance agreement and cancellation thereof.

(a) Any person engaged in the business of growing, handling, or moving regulated articles may enter into a compliance agreement to facilitate the movement of regulated articles under this subpart.⁶ The compliance agreement shall be a written agreement between a person engaged in such a business and Plant Protection and Quarantine, wherein the person agrees to comply with the provisions of this subpart and any conditions imposed pursuant thereto.

(b) Any compliance agreement may be cancelled orally or in writing by the inspector who is supervising its enforcement whenever the inspector finds that such person has failed to comply with the provisions of this subpart or any conditions imposed pursuant

⁶Compliance Agreement forms are available without charge from the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Domestic and Emergency Operations, 4700 River Road Unit 134, Riverdale, Maryland 20737-1236, and from local offices of the Plant Protection and Quarantine. (Local offices are listed in telephone directories).

thereto. If the cancellation is oral, the decision and the reasons therefore shall be confirmed in writing, as promptly as circumstances permit. Any person whose compliance agreement has been cancelled may appeal the decision, in writing, within ten (10) days after receiving written notification of the cancellation. The appeal shall state all of the facts and reasons upon which the person relies to show that the compliance agreement was wrongfully cancelled. The Deputy Administrator shall grant or deny the appeal, in writing, stating the reasons for such decision, as promptly as circumstances permit. If there is a conflict as to any material fact, a hearing shall be held to resolve such conflict. Rules of Practice concerning such a hearing will be adopted by the Deputy Administrator.

[48 FR 54580, Dec. 6, 1983, as amended at 59 FR 67608, Dec. 30, 1994]

§ 301.64-7 Assembly and inspection of regulated articles.

(a) Any person (other than a person authorized to issue certificates or limited permits under § 301.64-5(c)), who desires to move interstate a regulated article accompanied by a certificate or limited permit shall, as far in advance as possible (should be no less than 48 hours before the desired movement), request an inspector⁷ to take any necessary action under this subpart prior to movement of the regulated article.

(b) Such article shall be assembled at such point and in such manner as the inspector designates as necessary to comply with the requirements of this subpart.

[48 FR 54580, Dec. 6, 1983, as amended at 59 FR 67608, Dec. 30, 1994]

§ 301.64-8 Attachment and disposition of certificates and limited permits.

(a) A certificate or limited permit required for the interstate movement of

⁷Inspectors are assigned to local offices of Plant Protection and Quarantine which are listed in telephone directories. Information concerning such local offices may also be obtained from the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Domestic and Emergency Operations, 4700 River Road Unit 134, Riverdale, Maryland 20737-1236.

a regulated article, at the times during such movement, shall be securely attached to the outside of the containers containing the regulated article, securely attached to the article itself if not in a container, or securely attached to the consignee's copy of the accompanying waybill or other shipping document; *Provided however*, That the requirements of this section may be met by attaching the certificate or limited permit to the consignee's copy of the waybill or other shipping documents only if the regulated article is sufficiently described on the certificate, limited permit, or shipping document to identify such article.

(b) The certificate or limited permit for the movement of a regulated article shall be furnished by the carrier to the consignee at the destination of the shipment.

§ 301.64-9 Costs and charges.

The service of the inspector shall be furnished without cost. The U.S. Department of Agriculture will not be responsible for any costs or charges incident to inspections or compliance with the provisions of the quarantine and regulations in this subpart, other than for the services of the inspector.

§ 301.64-10 Treatments.

Treatments for regulated articles must be one of the following:

(a) *Apple, grapefruit, orange, pear, plum, pomegranate, quince, and tangerine.* Cold treatment in accordance with the PPQ Treatment Manual, which is incorporated by reference at § 300.1 of this chapter. For the full identification of this standard, see § 300.1 of this chapter, "Materials incorporated by reference".

(b) *Soil within the dripline of plants that are producing or that have produced fruits listed in § 301.64-2(a).* Remove host fruits from host plants prior to treatment. Using ground equipment, drench the soil under the host plants with 5 lb a.i. diazinon per acre (0.12 lb or 2 oz avdp per 1,000 ft²) mixed with 130 gal of water per acre (3 gal per 1,000 ft²). Apply at 14- to 16-day intervals as needed. Repeat applications if infestations become established. In addition to the above, follow all label directions for diazinon.
