Subpart G—Submission of a Teaching or Research Proposal

§ 3406.21 Intent to submit a proposal.

To assist CSREES in preparing for the review of proposals, institutions planning to submit proposals may be requested to complete Form CSREES-711, "Intent to Submit a Proposal," provided in the application package. CSREES will determine each year if Intent to Submit a Proposal forms will be requested and provide such information in the program announcement. If Intent to Submit a Proposal forms are required, one form should be completed and returned for each proposal an institution anticipates submitting. Submitting this form does not commit an institution to any course of action, nor does failure to send this form prohibit an institution from submitting a proposal.

§ 3406.22 When and where to submit a proposal.

The program announcement will provide the deadline date for submitting a proposal, the number of copies of each proposal that must be submitted, and the address to which proposals must be submitted.

Subpart H—Supplementary Information

§ 3406.23 Access to peer review information.

After final decisions have been announced, CSREES will, upon request, inform the principal investigator/project director of the reasons for its decision on a proposal. Verbatim copies of summary reviews, not including the identity of the peer reviewers, will be made available to the respective principal investigator/project directors upon specific request.

§ 3406.24 Grant awards.

(a) *General.* Within the limit of funds available for such purpose, the authorized departmental officer shall make project grants to those responsible, eligible applicants whose proposals are judged most meritorious in the announced targeted need areas under the evaluation criteria and procedures set forth in this part. The beginning of the project period shall be no later than September 30 of the Federal fiscal year in which the project is approved for support. All funds granted under this part shall be expended solely for the purpose for which the funds are granted in accordance with the approved application and budget, the regulations of this part, the terms and conditions of the award, the applicable Federal cost principles, and the Department's Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations (7 CFR part 3019).

(b) *Organizational management information.* Specific management information relating to a proposing institution shall be submitted on a one-time basis prior to the award of a project grant
