

## Farm Service Agency, USDA

## § 784.5

*United States* means the 50 States of the United States of America, the District of Columbia, and the Commonwealth of Puerto Rico.

### § 784.4 Time and method of application.

(a) A request for benefits under this part must be submitted on the Ewe Lamb Replacement and Retention Program Application. The application form may be obtained in person, by mail, by telephone, or by facsimile from any county FSA office. In addition, applicants may download a copy of the form at <http://www.usda.gov/dafp/psd/>.

(b) The form may be obtained from and must be submitted to the FSA county office serving the county where the sheep and lamb operation is located. The completed form must be received by the FSA county office by the date established by FSA. Applications not received by that date will be disapproved and returned as not having been timely filed and the sheep and lamb operation filing the application will not be eligible for benefits under this program.

(c) The sheep and lamb operation requesting benefits under this part must certify to the accuracy of the information provided in their application for benefits. All information provided is subject to verification and spot checks by FSA. Refusal to allow FSA or any other agency of the Department of Agriculture to verify any information provided will result in a determination of ineligibility. Data furnished by the applicant will be used to determine eligibility for program benefits. Providing a false certification will lead to ineligibility for payments and may be subject to additional civil and criminal sanctions.

(d) The sheep and lamb operation requesting benefits under this part must maintain accurate records that document that they meet all eligibility requirements specified herein, as may be requested by FSA. Acceptable forms of supporting documentation include, but are not limited to: Sales receipts, farm management records, veterinarian certifications, scrapie program forms and identification numbers, as well as, other types of documents that prove

the eligibility of the qualifying ewe lambs and the sheep and lamb operation. The supporting documentation provided must, at a minimum, include: date of lamb purchase or date of birth, date of lamb death (if applicable), lamb identification and control information, number of ewe lambs purchased or retained, and scrapie program identification numbers.

### § 784.5 Payment eligibility.

(a) Payments can be made, as agreed to by FSA and subject to the availability of funds, for eligible ewe lambs considered by FSA, as determined by FSA only, to have been acquired or held during the base period by eligible sheep and lamb operations for breeding purposes. Payments may be made for eligible ewe lambs held continuously by the operation, through the end of the compliance period, from the time of the first possession of the ewe lamb in the base period. The payment rate cannot exceed the rate provided for in § 784.6 and may be prorated pursuant to § 784.7. For purposes of this section, the "base period" is the period from August 1, 2003, through July 31, 2004. A purchase in the base period without possession in the base period will not be considered an acquisition in the base period for purposes of this section unless otherwise allowed by FSA.

(b) For the ewe lamb to be eligible, a sheep and lamb operation must certify that the ewe lamb:

(1) During at least part of the base period was a ewe lamb which was both, at the same time, not older than 18 months of age and had not produced an offspring; and

(2) At the time of certification, does not possess any of the following characteristics:

- (i) Parrot mouth; or
- (ii) Foot rot.

(c) The sheep and lamb operation must certify and agree to:

(1) Maintain the qualifying ewe lambs in the herd for at least one complete, normal offspring lambing cycle, the end of which shall constitute the end of the compliance period for the purposes of paragraph (a) of this section, and actually maintain the lambs for that period in accord with that certification. The "offspring" lambing
