

a blueprint or similar drawing of the facility showing the location of: (A) The loading, unloading, and grain handling systems; (B) the scale systems used or to be used in weighing grain; and (C) the bins and other storage areas; (v) the identification of each scale in the facility that is to be used for weighing grain under the Act; (vi) the following information regarding automated data processing systems: (A) Overall system intent, design, and layout; (B) make, model, and technical specifications of all hardware; (C) description of software, language used, and flow charts of all programs, subprograms, routines, and subroutines; and (D) complete operating instructions; and (vii) any other information deemed necessary to carry out the provisions of the Act.

If a facility has, or plans to have, an automated data processing system which is used in conjunction with any portion of the scale system, grain handling system, or the preparing or printing of official weight certificates, the facility shall make available to the Service sufficient documentation to ensure that the system cannot be used deceptively or otherwise provide inaccurate information. The Service or approved scale testing and certification organization shall conduct an onsite review to evaluate the performance and accuracy of each scale that will be used for weighing grain under the Act, and the performance of the grain loading, unloading, and related grain handling equipment and systems.

(3) *Duties and responsibilities of weighing facilities requesting official services.*

(i) *Providing official services.* Upon request, each weighing facility shall permit official weighing services to be performed promptly.

(ii) *Supervision.* Each weighing facility shall supervise its employees and shall take action necessary to assure that employees are performing their duties according to the Act, regulations, and instructions and are not performing prohibited functions or are not involved in any action prohibited by the Act, regulations, and instructions.

(iii) *Facilities and equipment.* (A) *General.* Each weighing facility shall obtain and maintain facilities and equipment which the Service determines are

needed for weighing services performed at the facility. Each facility shall operate and shall maintain each scale system and related grain handling system used in weighing according to instructions issued by the manufacturer and by the Service. A scale log book for each approved scale used for official weighing services shall be maintained according to instructions at each weighing facility.

(B) *Malfunction of scales.* Scales or scale systems that are operating in other than a correct and approved manner shall not be used for weighing grain under the Act. Before the malfunctioning scale or scale system can be used again for weighing grain under the Act, it shall be repaired and determined to be operating properly by the Service or approved scale testing and certification organization.

(iv) *Oral directives.* FGIS oral directives issued to elevator personnel shall be confirmed in writing upon request by elevator management. Whenever practicable, the Service shall issue oral directives through elevator management officials.
