

vote as an individual and, in addition, shall have an equal share of the vote of the district represented by such member; and such district vote shall be computed by the Control Committee as soon as practical after the beginning of each fiscal period on either—

(1) The basis of one vote for each 25,000 boxes (except 2,500 boxes for Forelle and Seckel varieties) of the average quantity of such variety produced in the particular district and shipped therefrom during the immediately preceding three fiscal periods; or

(2) Such other basis as the Control Committee may recommend and the Secretary may approve.

The votes so allotted to a member of the committees may be cast by such member on each recommendation relative to the variety of pears on which such votes were computed.

§ 927.53 Notification.

(a) The Control Committee shall give prompt notice to growers and handlers of each recommendation to the Secretary pursuant to the provisions of § 927.50.

(b) The Secretary shall immediately notify the Control Committee of the issuance of each regulation and of each modification, suspension, or termination of a regulation and the Control Committee shall give prompt notice thereof to growers and handlers.

§ 927.54 Exemption certificates.

(a) As soon as practicable after the beginning of each fiscal period the Control Committee shall adopt and announce the procedural rules by which exemption certificates may be issued to growers. The Control Committee shall determine the percentage which the grades and sizes of each variety of pears permitted to be shipped from each district under the regulation bears to the total quantity of each variety of pears which could be shipped from that district in the absence of regulation. An exemption certificate may thereafter be granted to any grower who furnishes proof that he will be prevented, because of the regulation in effect, from shipping a percentage of a

particular variety of his pears equal to the percentage of pears of that particular variety permitted to be shipped from his district as determined by the Control Committee. Such exemption certificate shall permit the growers to ship that quantity of the particular variety of pears of the regulated grades and sizes of such variety as will enable him to ship as large a percentage of such variety of his pears as the average percentage of that particular variety of pears that is permitted to be shipped by all growers in his district.

(b) In the event the Control Committee shall determine and report to the Secretary that, by reason of general crop failure or other extraordinary conditions within a particular district, it is not feasible and would not be equitable to issue exemption certificates to growers within that district on the basis of the average percentage of the pears grown in the district which may be shipped in compliance with the requirements of § 927.51, the Secretary may prescribe such other basis for the issuance of such certificates to growers within that district as he may find to be feasible, equitable, and proper.

(c) The Secretary shall have power to modify, change, alter, or amend any procedural rules and any exemption granted under this section.

INSPECTION

§ 927.60 Inspection and certification.

(a) Except as hereinafter provided no handler shall ship any pears not theretofore inspected, and a certificate issued with respect thereto, by a duly authorized representative of the Federal-State Inspection Service: *Provided*, That such inspection and certification of shipments of pears may be performed by such other inspection service as the Control Committee, with the approval of the Secretary, may designate. Promptly after shipment of any pears, the handler shall submit, or cause to be submitted, to the Control Committee a copy of the inspection certificate issued on such shipment.

(b) Any handler may ship pears, on any one conveyance and in such quantity as the committee, with the approval of the Secretary, may prescribe,
