

Selective Service System

§ 1665.4

maintained by SSS in a system of records. A legal guardian may similarly act on behalf of an individual declared to be incompetent due to physical or mental incapacity or age by a court of competent jurisdiction. *Absent a court order or consent*, a parent or legal guardian has no absolute right to have access to a record about a child. Minors are not precluded from exercising on their own behalf rights given to them by the Privacy Act.

(F) *Granting access when accompanied by another individual.* When an individual requesting access to his or her record in a system of records maintained by SSS wishes to be accompanied by another individual during the course of the examination of the record, the individual making the request shall submit to the official having operational control of the record, a signed statement authorizing that person access to the record.

(G) *Denial of access for inadequate identification documentation.* If the official having operational control over the records in a system of records maintained by SSS determines that an individual seeking access has not provided sufficient identification documentation to permit access, the official shall consult with the records manager prior to finally denying the individual access.

(H) *Review of decision to deny access.* Whenever the records manager determines, in accordance with the procedures herein, that access cannot be granted the response will also include a statement of the procedures to obtain a review of the decision to deny in accord with § 1665.5.

(vii) *Exceptions.* (A) Nothing in these regulations shall be construed to entitle an individual the right to access to any information compiled in reasonable anticipation of a civil action or proceeding. The mere fact that records in a system of records are frequently the subject of litigation does not bring those systems of records within the scope of this provision. This provision is not intended to preclude access by an individual to the records which are available to that individual under the other processes such as the Freedom of Information Act or the rules of civil procedure.

(B) Within any system of records pertaining to possible violations of the Military Selective Service Act, the identity of or any information pertaining to any individual who provides information relating to a suspected violator will not be revealed to the suspected violator. This exemption is made under the provision of 5 U.S.C. 552a(k)(2).

§ 1665.3 Access to the accounting of disclosures from records.

Rules governing the granting of access to the accounting of disclosure are the same as those for granting accesses to the records (including verification of identity) outlined in § 1665.2.

§ 1665.4 Requests to amend records.

(a) *Requirement for written requests.* Individuals desiring to amend a record that pertains to them in a system of records maintained by SSS must submit their request in writing in accord with the procedures set forth herein. Records not subject to the Privacy Act of 1974 will not be amended in accord with these provisions. However, individuals who believe that such records are inaccurate may bring this to the attention of SSS.

(b) *Procedures.* (1)(i) The requests to amend a record in a system of records shall be addressed to the records manager. Included in the request shall be the name of the system and a brief description of the record proposed for amendment. In the event the request to amend the record is the result of the individual's having gained access to the record in accordance with the provisions concerning access to records as set forth above, copies of previous correspondence between the requester and SSS will serve in lieu of a separate description of the record.

(ii) When the individual's identity has been previously verified pursuant to § 1665.2(b)(2)(vi), further verification of identity is not required as long as the communication does not suggest that a need for verification is present. If the individual's identity has not been previously verified, SSS may require identification validation as described in § 1665.2(b)(2)(vi). Individuals desiring assistance in the preparation of a request to amend a record should

contact the records manager at the address cited above.

(iii) The exact portion of the record the individual seeks to have amended should be clearly indicated. If possible, the proposed alternative language should also be set forth, or at a minimum, the facts which the individual believes are not accurate, relevant, timely, or complete should be set forth with such particularity as to permit SSS not only to understand the individual's basis for the request, but also to make an appropriate amendment to the record.

(iv) The request must also set forth the reasons why the individual believes his record is not accurate, relevant, timely, or complete. In order to avoid the retention by SSS of personal information merely to permit verification of records, the burden of persuading SSS to amend a record will be upon the individual. The individual must furnish sufficient facts to persuade the official in charge of the system of the inaccuracy, irrelevancy, timeliness or incompleteness of the record.

(v) Incomplete or inaccurate requests will not be rejected categorically. The individual will be asked to clarify the request as needed.

(2) *SSS action on the request.* To the extent possible, a decision, upon a request to amend a record will be made within 10 days, (excluding Saturdays, Sundays, and legal Federal holidays). The response reflecting the decisions upon a request for amendment will include the following:

(i) The decision of the Selective Service System whether to grant in whole, or deny any part of the request to amend the record.

(ii) The reasons for determination for any portion of the request which is denied.

(iii) The name and address of the official with whom an appeal of the denial may be lodged.

(iv) The name and address of the official designated to assist, as necessary and upon request of, the individual making the request in preparation of the appeal.

(v) A description of the review of the appeal with SSS (see § 1665.5).

(vi) A description of any other procedures which may be required of the individual in order to process the appeal.

(3) If the nature of the request for the correction of the system of records precludes a decision within 10 days, the individual making the request will be informed within 10 days of the extended date for a decision. Such a decision will be issued as soon as it is reasonably possible, normally within 30 days from the receipt of the request (excluding Saturdays, Sundays, and legal Federal holidays) unless unusual circumstances preclude completing action within that time. If the expected completion date for the decision indicated cannot be met, the individual will be advised of the delay of a revised date when the decision may be expected to be completed.

§ 1665.5 Request for review.

(a) Individuals wishing to request a review of the decision by SSS with regard to any initial request to access or amend a record in accord with the provisions of §§ 1665.2 and 1665.4, should submit the request for review in writing and, to the extent possible, include the information specified in § 1665.5(b). Individuals desiring assistance in the preparation of their request for review should contact the records manager at the address provided herein.

(b) The request for review should contain a brief description of the record involved or in lieu thereof, copies of the correspondence from SSS in which the request to access or to amend was denied and also the reasons why the requester believes that access should be granted or the disputed information amended. The request for review should make reference to the information furnished by the individual in support of his claim and the reasons as required by §§ 1665.2 and 1665.4 set forth by SSS in its decision denying access or amendment. Appeals filed without a complete statement by the requester setting forth the reasons for review will, of course, be processed. However, in order to make the appellate process as meaningful as possible, the requester's disagreement should be set forth in an understandable manner. In order to avoid the unnecessary retention of personal information, SSS reserves the
