§ 767.2

Marine Corps Aviation fuel, oil, services, and supplies are not sold to civil aircraft in competition with private enterprise. Such sales will be made only where there is no commercial source and only in the amount necessary for the aircraft to continue on its course to the nearest airport operated by private enterprise.

(b) *Contract aircraft.* The sale of aviation fuel, oil, supplies, etc. to aircraft under U.S. Government contract or charter is permitted at, and limited to, points where passengers or cargo are loaded into or discharged from the aircraft under terms of the contract or charter. Sales are not authorized at naval aviation facilities where commercial supplies and service are available.

Subpart A—Regulations and Obligations

§ 767.1 Purpose.

(a) The purpose of this part is to establish the requirement and procedural guidelines for permits to conduct research on and/or recover Department of the Navy (DON) ship and aircraft wrecks.

(b) The U.S. Naval Historical Center's (NHC) Office of Underwater Archeology is the DON command responsible for managing DON ship and aircraft wrecks under the guidelines of the Federal Archeological Program. In order for the NHC's management policy to be consistent with the Federal Archeology Program, and the goals of the NHPA, DON has implemented a permitting process applicable to DON property consistent with and applying the Archeological Resources Protection Act of 1979 as amended (ARPA), 16 U.S.C. 470aa-mm, permitting criteria. Department of the Navy policies regarding its ship and aircraft wrecks are consistent with ARPA permitting requirements. Department of the Navy application of ARPA permitting criteria promotes consistency among federal agencies and meets DON's responsibilities under the NHPA while allowing qualified non-federal and private individuals and entities access to DON historic ship and aircraft wrecks.

(c) To assist NHC in managing, protecting, and preserving DON ship and aircraft wrecks.
