

have become, the subject of frequent or subsequent requests) must create a GILS record for each FOIA-processed (a)(2)(D) record and post it to DefenseLINK. The OPR prepares the GILS record. You can complete and submit a GILS record on-line using a web browser. Instructions for completing the GILS record, and an on-line form are at <http://www.defenselink.mil/locator/index.html>. Follow the steps listed on the web page. The GILS site on DefenseLINK will serve as the central index of Air Force FOIA-processed (a)(2)(D) records.

(d) In addition, installations will post a list, or index, of locally produced FOIA-processed (a)(2)(D) records on their web page at their FOIA site. Each listing will point or link to the particular record. In addition, MAJCOMs may choose to post their own index of MAJCOM specific FOIA-processed (a)(2)(D) records to their appropriate web site. Installation web pages will include the following phrase (or similar words) on their FOIA site if they do not have any frequently requested FOIA records: "There are no frequently requested FOIA records to post at this time." Include the following statement, or a similar one, on the installation web page with the records: "Some records are released to the public under the FOIA, and may therefore reflect deletion of some information in accordance with the FOIA's nine statutory exemptions. A consolidated list of such records is on DefenseLINK." Link the word "DefenseLINK" to www.defenselink.mil/locator/fpr_index.html. Qualifying releasable records with exempt information redacted must show on the record the amount of information withheld and the exemption reason (for example, (b)(6)). Activities with such records should provide the public an index and explanation of the FOIA exemptions. All installation FOIA pages will include a link to the Air Force page.

(e) FOIA web pages should be clearly accessed from the main installation page, either by a direct link to "FOIA" or "Freedom of Information Act" from the main page, or found under a logical heading such as "Library" or "Sites."

§ 806.13 5 U.S.C. 552(a)(2) materials.

The GILS records on DefenseLINK will serve as the index for 5 U.S.C. 552(a)(2)(D) materials.

§ 806.14 Other materials.

HQ AFCIC/ITC makes the appropriate FOIA-processed (a)(1) materials available for the Air Force.

§ 806.15 FOIA exemptions.

(a) *Exemption number 1.* When a requester seeks records that are classified, or should be classified, only an initial classification authority, or a declassification authority, can make final determinations with respect to classification issues. The fact that a record is marked with a security classification is not enough to support withholding the document; make sure it is "properly and currently classified." Review the record paragraph by paragraph for releasable information. Review declassified and unclassified parts before release to see if they are exempt by other exemptions. Before releasing a reviewed and declassified document, draw a single black line through all the classification markings so they are still legible and stamp the document unclassified. If the requested records are "properly and currently classified," and the Air Force withholds from release under FOIA exemption (b)(1), and the requester appeals the withholding, include a written statement from an initial classification authority or declassification authority certifying the data was properly classified originally and that it remains properly classified per Executive Order. Examples of initial classification and declassification authority statements are included in §806.27. Guidance on document declassification reviews is in AFI 31-401, Managing the Information Security Program, and DoD 5200.1-R, Information Security Program, January 1997.

(b) *Exemption number 3.* HQ AFCIC/ITC will provide the current FOIA-processed (b)(3) statutes list to the MAJCOMs.

(c) *Exemption number 4.* The Air Force, in compliance with Executive Order 12600, will advise submitters of contractor-submitted records when a FOIA requester seeks the release of such records, regardless of any initial

determination of whether FOIA exemption (b)(4) applies. (See §806.20(a) and §806.31). Due to a change to Title 48 CFR, Federal Acquisition Regulations System, submitter notification is not required prior to release of unit prices contained in contracts awarded based upon solicitations issued after January 1, 1998. For solicitations issued before January 1, 1998, conduct a normal submitter notice. Unit prices contained in proposals provided prior to contract award are protected from release, as are all portions of unsuccessful proposals (before and after contract award) (10 U.S.C. 2305(g), Prohibition on Release of Contractor Proposals).

(d) *Exemption number 5.* (1) Attorney-client records could include, e.g., when a commander expresses concerns in confidence to his or her judge advocate and asks for a legal opinion. The legal opinion and everything the commander tells the judge advocate in confidence qualify under this privilege. Unlike deliberative process privilege, both facts and opinions qualify under the attorney work product or attorney-client privilege. Attorney work product records are records an attorney prepares, or supervises the preparation of, in contemplating or preparing for administrative proceedings or litigation.

(2) Based on court decisions in FOIA litigation, which led to the release of results of personnel surveys, FOIA managers and IDAs should get advice from an Air Force attorney before withholding survey results under FOIA exemption (b)(5).

(e) *Exemption number 6.* (1) AFI 37-132, Air Force Privacy Act Program (will convert to AFI 33-332) provides guidance on collecting and safeguarding social security numbers (SSN). It states: "SSNs are personal and unique to each individual. Protect them as FOUO. Do not disclose them to anyone without an official need to know." Before releasing an Air Force record to a FOIA requester, delete SSNs that belong to anyone other than the requester. In any subsequent FOIA release to a different requester of those same records, make sure SSNs are deleted. When feasible, notify Air Force employees when someone submits a FOIA request for information about them. The notification letter should include a brief de-

scription of the records requested. Also include a statement that only releasable records will be provided and we will protect personal information as required by the FOIA and Privacy laws.

(2) Personal information may not be posted at publicly accessible DoD web sites unless to do so is clearly authorized by law and implementing regulation and policy. Personal information should not be posted at nonpublicly accessible web sites unless it is mission essential and appropriate safeguards have been established. See also AFIs 33-129 and 35-205.

(3) Withhold names and duty addresses of personnel serving overseas or in sensitive or routinely deployable units. Routinely deployable units normally leave their permanent home stations on a periodic or rotating basis for peacetime operations or for scheduled training exercises conducted outside the United States or United States territories. Units based in the United States for a long time, such as those in extensive training or maintenance activities, do not qualify during that period. Units designated for deployment on contingency plans not yet executed and units that seldom leave the United States or United States territories (e.g., annually or semiannually) are not routinely deployable units. However, units alerted for deployment outside the United States or United States territories during actual execution of a contingency plan or in support of a crisis operation qualify. The way the Air Force deploys units makes it difficult to determine when a unit that has part of its personnel deployed becomes eligible for denial. The Air Force may consider a unit deployed on a routine basis or deployed fully overseas when 30 percent of its personnel have been either alerted or actually deployed. In this context, alerted means that a unit has received an official written warning of an impending operational mission outside the United States or United States territories. Sensitive units are those involved in special activities or classified missions, including, for example, intelligence-gathering units that collect, handle, dispose of, or store classified information and materials, as well as units that train or advise foreign personnel.

(i) Each MAJCOM and FOA will establish a system and assign OPRs to identify United States-based units in their command qualifying for the "sensitive or routinely deployable unit" designation, under this exemption. Appropriate OPRs could include directors of operations, plans and programs, and personnel.

(ii) MAJCOM FOIA managers will ensure the list of sensitive and routinely deployable units is reviewed in January and July, and will follow that review with a memo to the Air Force Personnel Center (HQ AFPC/MSIMD), 550 C Street West, Suite 48, Randolph AFB, TX 78150-4750, either validating the current list or providing a revised listing based on the current status of deployed units at that time. This listing is in American Standard Code for Information Interchange (ASCII) format on a 3½" (double-sided, high-density) diskette, which contains the unit's eight-position personnel accounting symbol (PAS) code, with one PAS code per line (record) (8-byte record). The MAJCOM FOIA manager will send an electronic copy of the list of nonreleasable units to HQ AFPC/MSIMD which is included in the personnel data system. The MAJCOM and HQ AFPC FOIA offices will use it to determine releasable lists of names and duty addresses. This reporting requirement is exempt from licensing with a reports control symbol (RCS) in accordance with AFI 37-124, The Information Collections and Reports Management Program; Controlling Internal, Public, and Interagency Air Force Information Collections (will convert to AFI 33-324).

(f) *Exemption number 7.* Guidance provided in §806.15(e)(1) also applies to SSNs in records compiled for law enforcement purposes. Do not disclose SSNs to anyone without an official need to know.

§806.16 For official use only.

(a) Markings. Record owners may also add the following sentence to the statement above: "(Further distribution is prohibited without the approval of (owner's organization, office symbol, phone).)"

(b) Dissemination and transmission.
(1) When deciding whether to send

FOUO records over facsimile equipment, balance the sensitivity of the records against the risk of disclosure. When faxing, use cover sheets to indicate FOUO attachments (*i.e.*, AF Form 3227, Privacy Act Cover Sheet, for Privacy Act information). Consider the location of sending and receiving machines and ensure authorized personnel are available to receive FOUO information as soon as it is transmitted.

(2) For Privacy Act records, refer to AFI 33-332 for specific disclosure rules. For releases to GAO and Congress, refer to AFI 90-401, Air Force Relations With Congress and AFI 65-401, Relations With the General Accounting Office. See §806.9(b) for availability.

(c) Termination, disposal and unauthorized disclosures. You may recycle FOUO material. Safeguard the FOUO documents or information to prevent unauthorized disclosure until recycling. Recycling contracts must include specific responsibilities and requirements on protecting and destroying FOUO and Privacy Act materials.

§806.17 Release and processing procedures.

(a) Individuals seeking Air Force information should address requests to an address listed in §806.26. MAJCOM FOIA office phone numbers and mailing addresses are available on the Air Force FOIA Web Page at <http://www.foia.af.mil>.

(1) A list of Air Force FOIA processing steps, from receipt of the request through the final disposition of an administrative appeal is at §806.29, which also includes guidance on preparing and processing an Air Force FOIA appeal package.

(2) Air Force host tenant relationships. The Air Force host base FOIA manager may log, process, and report FOIA requests for Air Force tenant units. In such cases, the host base FOIA office refers all recommended denials and "no records" appeals to the Air Force tenant MAJCOM FOIA manager. This does not apply to the Air National Guard (ANG), Air Force Reserves, or to disclosure authorities for specialized records.

(b) Use FOIA procedures in this part to process any congressional request citing FOIA, or covering a constituent
