§ 809a.0 Purpose.

This part prescribes the commanders' authority for enforcing order within or near Air Force installations under their jurisdiction and controlling entry

to those installations. It provides guidance for use of military personnel in controlling civil disturbances and in supporting disaster relief operations. This part applies to installations in the United States, its territories and possessions, and will be used to the maximum extent possible in the overseas commands. Instructions issued by the appropriate overseas commander, status of forces agreements, and other international agreements provide more definitive guidance for the overseas commands. Nothing in this part should be construed as authorizing or requiring security forces units to collect and maintain information concerning persons or organizations having no affiliation with the Air Force other than a list of persons barred from the installation.

Subpart A—Installation Entry Policy

§ 809a.1 Random installation entry point checks.

The installation commander determines when, where, and how to implement random checks of vehicles or pedestrians. The commander conducts random checks to protect the security of the command or to protect government property.

§ 809a.2 Military responsibility and authority.

(a) Air Force installation commanders are responsible for protecting personnel and property under their jurisdiction and for maintaining order on installations, to ensure the uninterrupted and successful accomplishment of the Air Force mission.

(b) Each commander is authorized to grant or deny access to their installations, and to exclude or remove persons whose presence is unauthorized. In excluding or removing persons from the installation, the installation commander must not act in an arbitrary or capricious manner. Their action must be reasonable in relation to their responsibility to protect and to preserve order on the installation and to safeguard persons and property thereon. As far as practicable, they should prescribe by regulation the rules and con-

ditions governing access to their installation.

§ 809a.3 Unauthorized entry.

Under Section 21 of the Internal Security Act of 1950 (50 U.S.C. 797), any directive issued by the commander of a military installation or facility, which includes the parameters for authorized entry to or exit from a military installation, is legally enforceable against all persons whether or not those persons are subject to the Uniformed Code of Military Justice (UCMJ). Military personnel who reenter an installation after having been properly ordered not to do so may be apprehended. Civilian violators may be detained and either escorted off the installation or turned over to proper civilian authorities. Civilian violators may be prosecuted under 18 U.S.C. 1382.

§ 809a.4 Use of Government facilities.

Commanders are prohibited from authorizing demonstrations for partisan political purposes. Demonstrations on any Air Force installation for other than political purposes may only occur with the prior approval of the installation commander. Demonstrations that could result in interference with, or prevention of, the orderly accomplishment of the mission of an installation or that present a clear danger to loyalty, discipline or morale of members of the Armed Forces will not be approved.

§ 809a.5 Barment procedures.

Under the authority of 50 U.S.C. 797, installation commanders may deny access to the installation through the use of a barment order. Barment orders should be in writing but may also be oral. Security forces maintain a list of personnel barred from the installation.

Subpart B—Civil Disturbance Intervention and Disaster Assistance
