

(2) On helicopter landing decks.

§ 149.695 What are the requirements for stairways?

Stairways must have at least two courses of rails. The top course must serve as a handrail and be at least 34 inches above the tread.

§ 149.696 What are the requirements for a helicopter landing deck safety net?

A helicopter landing deck safety net must comply with 46 CFR 108.235.

NOISE LIMITS

§ 149.697 What are the requirements for a noise level survey?

(a) A survey to determine the maximum noise level during normal operations must be conducted in each accommodation space, working space, or other space routinely used by personnel. The recognized methodology used to conduct the survey must be specified in the survey results. Survey results must be kept on the deepwater port or, for an unmanned deepwater port, in the owner's principal office.

(b) The noise level must be measured over 12 hours to derive a time-weighted-average (TWA) using a sound level meter and an A-weighted filter or equivalent device.

(c) If the noise level throughout a space is determined to exceed 85 db(A), then signs must be posted with the legend: "NOISE HAZARD—HEARING PROTECTORS REQUIRED." Signs must be posted at eye level—at each entrance to the space.

(d) If the noise level is determined to exceed 85 db(A) only in a portion of a space, the sign described in paragraph (c) of this section must be posted within that portion in a location visible from each direction of access.

(e) Working spaces and other areas routinely used by personnel, other than accommodation spaces, must be designed to limit the noise level in those areas so that personnel wearing hearing protectors may hear warning and emergency alarms. If this is not practicable and warning and emergency alarms cannot be heard, visual alarms in addition to the audible alarms must be installed.

PORTABLE LIGHTS

§ 149.700 What kind of portable lights may be used on a deepwater port?

Each portable light and its supply cord on a deepwater port must be designed for the environment where it is used.

PART 150—DEEPWATER PORTS: OPERATIONS

Subpart A—General

Sec.

- 150.1 What does this part do?
- 150.5 Definitions.
- 150.10 What are the general requirements for operations manuals?
- 150.15 What must the operations manual include?
- 150.20 How many copies of the operations manual must be given to the Coast Guard?
- 150.25 Amending the operations manual.
- 150.30 Proposing an amendment to the operations manual.
- 150.35 How may an adjacent coastal State request an amendment to the operations manual?
- 150.40 Deviating from the operations manual.
- 150.45 Emergency deviation from this subchapter or the operations manual.
- 150.50 What are the requirements for a facility spill response plan?

Subpart B—Inspections

- 150.101 What are the requirements for inspecting deepwater ports?
- 150.105 What are the requirements for annual self-inspection?
- 150.110 What are the notification requirements upon receipt of classification society certifications?

Subpart C—Personnel

- 150.200 Who must ensure that port personnel are qualified?
- 150.205 What are the language requirements for port personnel?
- 150.210 What are the restrictions on serving in more than one position?
- 150.250 What training and instruction are required?

Subpart D—Vessel Navigation

- 150.300 What does this subpart do?
- 150.305 How does this subpart apply to unmanned deepwater ports?
- 150.310 When is radar surveillance required?
- 150.320 What advisories are given to tankers?
