

§ 96.350

renewal of a Safety Management Certificate cannot be started unless the company which owns the vessel holds a valid Document of Compliance certificate.

(g) Only the Coast Guard may revoke a Safety Management Certificate from a U.S. vessel. The Safety Management Certificate will be revoked if—

(1) The vessel's responsible person has not completed an intermediate safety management audit required by paragraph (e)(2) of this section; or

(2) Major non-conformities are found in the vessel's safety management system during a safety management audit or other related survey or inspection being completed by the Coast Guard or the recognized organization chosen by the vessel's responsible person.

[CGD 95-073, 62 FR 67506, Dec. 24, 1997, as amended by USCG-1999-5832, 64 FR 34712, June 29, 1999]

§ 96.350 Interim Document of Compliance certificate: what is it and when can it be used?

(a) An Interim Document of Compliance certificate may be issued to help set up a company's safety management system when—

(1) A company is newly set up or in transition from an existing company into a new company; or

(2) A new type of vessel is added to an existing safety management system and Document of Compliance certificate for a company.

(b) A responsible person for a company operating a U.S. vessel(s) that meets the requirements of paragraph (a) of this section, may send a request to a recognized organization authorized to act on behalf of the U.S. to receive an Interim Document of Compliance certificate that is valid for a period up to 12 months. To be issued the Interim Document of Compliance certificate the vessel's company must—

(1) Demonstrate to an auditor that the company has a safety management system that meets § 96.230 of this part; and

(2) Provide a plan for full implementation of a safety management system within the period that the Interim Document of Compliance certificate is valid.

33 CFR Ch. I (7-1-05 Edition)

§ 96.360 Interim Safety Management Certificate: what is it and when can it be used?

(a) A responsible person may apply for an Interim Safety Management Certificate when—

(1) A responsible person takes delivery of a new U.S. vessel; or

(2) Takes responsibility for the management of a U.S. vessel which is new to the responsible person or their company.

(b) An Interim Safety Management Certificate is valid for 6 months. It may be issued to a U.S. vessel which meets the conditions of paragraph (a) of this section, when—

(1) The company's valid Document of Compliance certificate or Interim Document of Compliance certificate applies to that vessel type;

(2) The company's safety management system for the vessel includes the key elements of a safety management system, set out in § 96.220, applicable to this new type of vessel;

(3) The company's safety management system has been assessed during the safety management audit to issue the Document of Compliance certificate or demonstrated for the issuance of the Interim Document of Compliance certificate;

(4) The Master and senior officers of the vessel are familiar with the safety management system and the planned set up arrangements;

(5) Written documented instructions have been extracted from the safety management system and given to the vessel prior to sailing;

(6) The company plans an internal audit of the vessel within three months; and

(7) The relevant information from the safety management system is written in English, and in any other language understood by the vessel's personnel.

§ 96.370 What are the requirements for vessels of countries not party to Chapter IX of SOLAS?

(a) Each foreign vessel which carries more than 12 passengers, or is a tanker, bulk freight vessel, freight vessel, or self-propelled mobile offshore drilling unit of 500 gross tons or more, operated in U.S. waters, under the authority of a
