

§ 101-26.303

forms management program may be obtained by contacting GSA (KMPS), Washington, DC 20405. (See part 201-45, subpart 201-45.5 of this chapter.)

(a) For purposes of economy, existing stocks are depleted prior to issuance of revisions unless the promulgating agency determines previous editions unusable and obsolete.

(b) Forms or form assemblies which deviate from the standard and optional forms listed in the GSA Supply Catalog have restricted use and are not stocked. Agencies requiring such forms shall prepare and transmit a Standard Form 1, Printing and Binding Requisition, or Standard Form 1-C, Printing and Binding Requisition for Specialty Items, to the General Services Administration, Federal Supply Service (FCNI), Washington, DC 20406, for review and submission to GPO. Prior approval of GSA (KMPS) is required whenever the content or construction of a form is altered or modified. Requests for such exceptions may be obtained by submission of a SF 152, Requests for Clearance of a Standard or Optional Form or Exception, to GSA (KMPS), with appropriate justification.

(c) Certain standard forms are serially numbered and are to be accounted for to prevent possible fraudulent use. The General Accounting Office (GAO) requires accurate accountability records to be maintained for such items by applicable agencies. GSA forwards a receipt verification card with each shipment of accountable forms. The receiving agency is responsible for verifying receipt of the serially numbered forms in the shipment by returning the card to the address preprinted on the card. See §101-41.308 of this chapter for information governing agency control and disposition of unused U.S. Government Bills of Lading (GBL's).

(d) Standard and optional forms which are excess to the needs of an agency shall be reported to GSA in the same manner as other excess personal property pursuant to part 101-43 of this chapter. Obsolete forms shall be disposed of under the provisions of part 101-45 of this chapter.

§ 101-26.303 Out-of-stock items.

Generally, it is more advantageous to agencies if GSA backorders requisitions for out-of-stock items rather than cancels requisitions. Unless notified by agencies not to backorder a requisition, through FEDSTRIP advice codes 2C or 2J, a back order will be established. The agency will be notified of the estimated date that shipment will be made. Upon receipt of the status transaction, the agency shall determine if the estimated shipping date will meet its needs and, as appropriate: (a) Accept the back order, (b) request a suitable substitute item, or (c) request cancellation in accordance with §101-26.309.

§ 101-26.304 Substitution policy.

In supplying items requisitioned from GSA stock, GSA may substitute items with similar characteristics. Substitute items may be issued from new stock or from returned stock that is in serviceable condition (condition code A) as described in §101-27.503-1. A notice of intent to substitute will be provided to the ordering activity only if the characteristics of the substitute item differ substantially from the characteristics of the item requisitioned. Ordering activities may prevent substitution by entering advice code 2B (do not substitute) or 2J (do not substitute or backorder) in cc 65-66 of requisitions.
