§ 101-28.200 Scope of subpart.

This subpart prescribes policies and procedures to be followed in the cross-servicing of storage and warehousing services between executive agencies of the Government. [29 FR 15998, Dec. 1, 1964]

§ 101-28.201 Applicability.

(a) The policies and procedures established by this subpart 101-28.2 are primarily applicable to storage activities within the United States. Executive agencies shall make every effort to utilize available Government storage services of other executive agencies to avoid new construction of storage facilities, acquisition of temporary space, and unnecessary transportation of supplies, material, and equipment to distant storage points. Whenever feasible, the policies and procedures shall be used to cross-service storage and warehousing requirements in overseas storage activities. Available storage services of executive agencies shall be made available for cross-servicing the requirements of other Federal agencies when requested. Other Federal agencies are encouraged to participate in cross-servicing arrangements.

(b) The provisions of this subpart 101-28.2 do not apply to ocean terminals, Government storage activities financed under industrial funds, activities concerned with the storage and handling of bulk fuels (petroleum products), and storage functions performed by GSA for the Federal Preparedness Agency.

§ 101-28.202 GSA/DOD cross-servicing agreement.

An agreement between GSA and DOD has established procedures to be fol-

lowed in the cross-servicing of storage and warehousing services between Government agencies. Copies of the agreement, containing a listing of minimum services to be provided, responsibilities of agencies operating storage facilities, responsibilities of requesting agencies, and agency contact points to determine storage availability, may be obtained from the General Services Administration (FFN), Washington, DC 20406.

§ 101-28.202-2 Cancellation of cross-servicing arrangements.

(a) Accepted requests may be canceled by the requesting agency prior to delivery of supplies, material, and equipment to the storage activity when logistical developments make cancellation necessary or cancellation is in the best interest of the Government. The agency which accepted the request shall be informed of the cancellation in writing as soon as possible.

(b) Cancellation of arrangements in facilities to be inactivated or disposed of by an operating agency may be made as provided for in the GSA/DOD agreement. Also, after supplies, material, and equipment have been received at a storage activity, cancellation may be made when unforeseen emergencies arise which justify such cancellation. Advice of these necessary cancellations shall be in writing to the agency owning the material sufficiently in advance to allow the owning agency the maximum amount of time to make other arrangements for their property.

(c) When a facility in which cross-servicing is being accomplished is to be transferred from an operating agency to another agency, the operating agency shall inform the agency owning the

§ 101-28.202-3 Cross-servicing rates.

Normally, charges for services rendered will be based upon the standard rates established by the agency for internal use. However, special rates may be negotiated to cover actual or estimated costs for large, bulk lots of material when the applicable rates appear inequitable, subject to the approval of the appropriate program official for the civilian agency, and the Assistant Secretary of Defense (I and L) when DOD is involved.
