§51-4.4 Subcontracting.

(a) Nonprofit agencies shall seek broad competition in the purchase of materials and components used in the commodities and services furnished to the Government under the JWOD Act. Nonprofit agencies shall inform the Committee, through their central nonprofit agency, before entering into multiyear contracts for materials or components used in the commodities and services furnished to the Government under the JWOD Act.

(b) Each nonprofit agency shall accomplish the maximum amount of sub-

contracting with other nonprofit agencies and small business concerns that the nonprofit agency finds to be consistent both with efficient performance in furnishing commodities or services under the JWOD Act and maximizing employment for persons who are blind or have other severe disabilities.

(c) Nonprofit agencies may subcontract a portion of the process for producing a commodity or providing a service on the Procurement List provided that the portion of the process retained by the prime nonprofit agency generates employment for persons who are blind or have other severe disabilities. Subcontracting intended to be a routine part of the production of a commodity or provision of a service shall be identified to the Committee at the time the commodity or service is proposed for addition to the Procurement List and any significant changes in the extent of subcontracting must be approved in advance by the Committee.

(d) A nonprofit agency may not subcontract the entire production process for all or a portion of an order without the Committee's prior approval.

The central nonprofit agency shall report its findings to the Committee, together with its recommendation. In reviewing the case, the Committee may request the submission of additional evidence or may conduct its own investigation of the matter. Pending a decision by the Committee, the central nonprofit agency concerned may be directed by the Committee to temporarily suspend allocations to the nonprofit agency.

(b) If a nonprofit agency fails to correct its violations of these regulations, the Committee, after affording the nonprofit agency an opportunity to address the Committee on the matter, may terminate the nonprofit agency's

eligibility to participate in the JWOD Program.

§51-5.1 General.

(a) Contracting activities are encouraged to assist the Committee and the central nonprofit agencies in identifying suitable commodities and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities so that the Committee can attain its objective of increasing employment and training opportunities for individuals who are blind or have other severe disabilities. For items which appear to be suitable to be furnished by nonprofit agencies, the contracting activity should refer the candidate commodities and services to the Committee or a central nonprofit agency. If a contracting activity decides to procure one or more commodities which are similar to a commodity or commodities on the Procurement List, the contracting activity should refer the commodities it intends to procure to the Committee or a central nonprofit agency.

(b) Contracting activities shall provide the Committee and designated central nonprofit agencies with information needed to enable the Committee to determine whether a commodity or service is suitable to be furnished by a nonprofit agency. For commodities, information such as the latest solicitation and amendments, bid abstracts, procurement history, estimated annual usage quantities, and anticipated date of next solicitation

and opening may be needed. For services, similar information including the statement of work and applicable wage determination may be required. In order to assist in evaluating the suitability of an Office of Management and Budget Circular No. A-76 conversion, contracting activities should provide a copy of the draft statement of work and applicable wage determination to the central nonprofit agency upon its request.

§51-5.2 Mandatory source requirement.

(a) Nonprofit agencies designated by the Committee are mandatory sources of supply for all entities of the Government for commodities and services included on the Procurement List, as provided in §51-1.2 of this chapter.

(b) Purchases of commodities on the Procurement List by entities of the Government shall be made from sources authorized by the Committee. These sources may include nonprofit agencies, central nonprofit agencies, Government central supply agencies such as the Defense Logistics Agency and the General Services Administration, and certain commercial distributors. Identification of the authorized sources for a particular commodity may be obtained from the central nonprofit agencies at the addresses noted in §51-6.2 of this chapter.

(c) Contracting activities shall require other persons providing commodities which are on the Procurement List to entities of the Government by contract to order these commodities from the sources authorized by the Committee.

(d) Procedures for obtaining military resale commodities are contained in §51-6.4 of this chapter.

(e) Contracting activities procuring services which have included within them services on the Procurement List shall require their contractors for the larger service requirement to procure the included Procurement List services from nonprofit agencies designated by the Committee.
