

constitute a major disaster. The request must be submitted to the Regional Director and should address the relevant criteria listed in §204.21, with supporting documentation that contains factual data and professional estimates on the fire or fire complex. To ensure that we can process a State's request for a fire management assistance declaration as expeditiously as possible, the State should transmit the request by telephone, promptly followed by written documentation (FEMA Form 90-58).

§204.23 Processing a request for a fire management assistance declaration.

(a) In processing a State's request for a fire management assistance declaration, the Regional Director, in coordination with the Principal Advisor, will verify the information submitted in the State's request.

(b) The Regional Director will then forward the State's request to the Associate Director for determination along with the Principal Advisor's Assessment and the Regional Summary.

(1) *Principal Advisor's assessment.* The Principal Advisor, at the request of the Regional Director, is responsible for providing us with a technical assessment of the fire or fire complex for which the State is requesting a fire management assistance declaration. The Principal Advisor may consult with State agencies, usually emergency management or forestry, as well as the Incident Commander, in order to provide us with an accurate assessment.

(2) *Regional summary and recommendation.* Upon obtaining all necessary information on the fire or fire complex from the State and the Principal Advisor, the Regional Director will provide the Associate Director with a summary and recommendation to accompany the State's request. The summary and recommendation should include a discussion of the threat of a major disaster.

§204.24 Determination on request for a fire management assistance declaration.

The Associate Director will review all information submitted in the State's request along with the Principal Advisor's assessment and Re-

gional summary and render a determination. The determination will be based on the conditions of the fire or fire complex existing at the time of the State's request. When possible, the Associate Director will evaluate the request and make a determination within several hours. Once the Associate Director makes a determination, the Associate Director will promptly notify the Regional Director. The Regional Director will then inform the State of the determination.

§204.25 FEMA-State agreement for fire management assistance grant program.

(a) After a State's request for a fire management assistance declaration has been approved, the Governor and Regional Director will enter into a standing FEMA-State Agreement (the Agreement) for the declared fire and for future declared fires in that calendar year. The State must have a signed and up-to-date FEMA-State Agreement before receiving Federal funding for fire management assistance grants. FEMA will provide no funding absent a signed and up-to-date Agreement. An Indian tribal government serving as Grantee, must sign a FEMA-Tribal Agreement, modeled upon the FEMA-State Agreement.

(b) The Agreement states the understandings, commitments, and conditions under which we will provide Federal assistance, including the cost share provision and articles of agreement necessary for the administration of grants approved under fire management assistance declarations. The Agreement must also identify the State legislative authority for fire-fighting, as well as the State's compliance with the laws, regulations, and other provisions applicable to the Fire Management Assistance Grant Program.

(c) For each subsequently declared fire within the calendar year, the parties must add a properly executed amendment, which defines the incident period and contains the official declaration number. Other amendments modifying the standing Agreement may be added throughout the year to reflect changes in the program or signatory parties.
