

policies regarding attendance. The minimum number of days also does not apply to children with disabilities whose individualized education plan may require fewer planned days of service in the Head Start program.

(6) Head Start grantees operating migrant programs are not subject to the requirement for a minimum number of planned days, but must make every effort to provide as many days of service as possible to each migrant child and family.

(7) Staff must be employed for sufficient time to allow them to participate in pre-service training, to plan and set up the program at the start of the year, to close the program at the end of the year, to conduct home visits, to conduct health examinations, screening and immunization activities, to maintain records, and to keep service component plans and activities current and relevant. These activities should take place outside of the time scheduled for classes in center-based programs or home visits in home-based programs.

(8) Head Start grantees must develop and implement a system that actively encourages parents to participate in two home visits annually for each child enrolled in a center-based program option. These visits must be initiated and carried out by the child's teacher. The child may not be dropped from the program if the parents will not participate in the visits.

(9) Head Start grantees operating migrant programs are required to plan for a minimum of two parent-teacher conferences for each child during the time they serve that child. Should time and circumstance allow, migrant programs must make every effort to conduct home visits.

(c) *Double session variation.* (1) A center-based option with a double session variation employs a single teacher to work with one group of children in the morning and a different group of children in the afternoon. Because of the larger number of children and families to whom the teacher must provide services, double session program options must comply with the requirements regarding class size explained in paragraph (a) of this section and with all other center-based requirements in paragraph (b) of this section with the

exceptions and additions noted in paragraphs (c) (2) and (3) of this section.

(2) Each program must operate classes for four days per week.

(3) Each double session classroom staff member must be provided adequate break time during the course of the day. In addition, teachers, aides and volunteers must have appropriate time to prepare for each session together, to set up the classroom environment and to give individual attention to children entering and leaving the center.

(d) *Full day variation.* (1) A Head Start grantee implementing a center-based program option may operate a full day variation and provide more than six hours of class operations per day using Head Start funds. These programs must comply with all the requirements regarding the center-based program option found in paragraphs (a) and (b) of this section with the exception of paragraph (b)(2) regarding the hours of service per day.

(2) Programs are encouraged to meet the needs of Head Start families for full day services by securing funds from other agencies. Before implementing a full day variation of a center-based option, a Head Start grantee should demonstrate that alternative enrollment opportunities or funding from non-Head Start sources are not available for Head Start families needing full-day child care services.

(3) Head Start grantees may provide full day services only to those children and families with special needs that justify full day services or to those children whose parents are employed or in job training with no caregiver present in the home. The records of each child receiving services for more than six hours per day must show how each child meets the criteria stated above.

(e) Non-Head Start services. Grantees may charge for services which are provided outside the hours of the Head Start program.

§ 1306.33 Home-based program option.

(a) Grantees implementing a home-based program option must:

§ 1306.34

45 CFR Ch. XIII (10–1–05 Edition)

(1) Provide one home visit per week per family (a minimum of 32 home visits per year) lasting for a minimum of 1 and ½ hours each.

(2) Provide, at a minimum, two group socialization activities per month for each child (a minimum of 16 group socialization activities each year).

(3) Make up planned home visits or scheduled group socialization activities that were canceled by the grantee or by program staff when this is necessary to meet the minimums stated above. Medical or social service appointments may not replace home visits or scheduled group socialization activities.

(4) Allow staff sufficient employed time to participate in pre-service training, to plan and set up the program at the start of the year, to close the program at the end of the year, to maintain records, and to keep component and activities plans current and relevant. These activities should take place when no home visits or group socialization activities are planned.

(5) Maintain an average caseload of 10 to 12 families per home visitor with a maximum of 12 families for any individual home visitor.

(b) Home visits must be conducted by trained home visitors with the content of the visit jointly planned by the home visitor and the parents. Home visitors must conduct the home visit with the participation of parents. Home visits may not be conducted by the home visitor with only babysitters or other temporary caregivers in attendance.

(1) The purpose of the home visit is to help parents improve their parenting skills and to assist them in the use of the home as the child's primary learning environment. The home visitor must work with parents to help them provide learning opportunities that enhance their child's growth and development.

(2) Home visits must, over the course of a month, contain elements of all Head Start program components. The home visitor is the person responsible for introducing, arranging and/or providing Head Start services.

(c) Group socialization activities must be focused on both the children and parents. They may not be con-

ducted by the home visitor with babysitters or other temporary caregivers.

(1) The purpose of these socialization activities for the children is to emphasize peer group interaction through age appropriate activities in a Head Start classroom, community facility, home, or on a field trip. The children are to be supervised by the home visitor with parents observing at times and actively participating at other times.

(2) These activities must be designed so that parents are expected to accompany their children to the group socialization activities at least twice each month to observe, to participate as volunteers or to engage in activities designed specifically for the parents.

(3) Grantees must follow the nutrition requirements specified in 45 CFR 1304.23(b)(2) and provide appropriate snacks and meals to the children during group socialization activities.

§ 1306.34 Combination program option.

(a) *Combination program option requirements:* (1) Grantees implementing a combination program option must provide class sessions and home visits that result in an amount of contact with children and families that is, at a minimum, equivalent to the services provided through the center-based program option or the home-based program option.

(2) Acceptable combinations of minimum number of class sessions and corresponding number of home visits are shown below. Combination programs must provide these services over a period of 8 to 12 months.
